MESSAGE

I happy to know that the ICFAI Foundation for Higher Education (IFHE), Hyderabad, a deemed to be University under the UGC Act, will be holding its 11th Convocation virtually on 8th October, 2021. The University has been able to attract students over the years, and offer them the best possible education using innovating intellectual methods and the faculty have contributed a lot with dedication to research in a significant way and undertaken various social outreach initiatives.

I convey my best wishes to the Management and Students and wish them all success in their future endeavours.

A handwritten signature in green ink, appearing to be "K. Taraka Rama Rao".

Sir/Madam,

TO WHOMSEVER IT MAY CONCERN

The ICFAI Foundation for Higher Education (Deemed-to-be-University) Hyderabad has submitted representation that their foundation is working in energy conservation, water harvesting, environmental/ecological friendly activities etc in Shankarpally campus of Ranga Reddy District. In this connection, the undersigned is appreciating the initiation taken up by the foundation for creating awareness among the people in educating environmental practices, water harvesting, Energy conservation etc.

Further I wish the foundation will continue the same tempo in the coming years as well.

Warm regards,

Green Audit Certificate

The External Quality Assurance Cell has conducted Green Audit of ICFAI Foundation for Higher Education, Hyderabad for the Academic Year 2020-21.

The purpose of the audit was to ensure that the practices followed in the campus are in accordance with the Academic policies adopted by the institution. With this in mind, the specific objectives of the audit were to evaluate the adequacy of the management control framework the Departments to ensure that they are in compliance with the applicable regulations, policies and standards.

During the initial planning of the audit, an analysis was conducted in order to identify, evaluate and prioritize the quality parameters in line with the global accreditation standards. The analysis was based upon an examination of the policies, manuals and standards that govern the green/environment quality and sustainability, on data analysis, and on the results of preliminary interviews with personnel considered key in the environmental management in the campus. The criteria and methods used in the audit were based on the identified risks.

The methodology used included physical inspection, review of the relevant documentation, and interviews. Reliance was placed on the third-party data provided by the institution.

Statement of Assurance

This audit has been conducted in accordance with the *International Standards for the Professional Practice of Internal Auditing*.

In our professional judgement, sufficient and appropriate audit procedures were completed, and evidence gathered to support the accuracy of the conclusions reached and contained in this report. The conclusions are based on a comparison of the situations as they existed at the time of the audit with the established Criteria.

Energy Audit Certificate

The External Quality Assurance Cell has conducted Energy Audit of ICFAI Foundation for Higher Education, Hyderabad for the Academic Year 2020-21.

The purpose of the audit was to ensure that the practices followed in the campus are in accordance with the Academic policies adopted by the institution. With this in mind, the specific objectives of the audit were to conduct a simple Walk-Through audit or observation of the energy consumption of electrical appliances; review and analyze energy usage history to create a baseline for which savings can be measured; determine what can be done to reduce energy consumption throughout the campus and what options are available for system improvements if funding is available & identify and evaluate measures that could improve the environmental performance of the campus and provide recommendations.

During the initial planning of the audit, an analysis was conducted in order to identify, evaluate and prioritize the quality parameters in line with the global accreditation standards. The analysis was based upon an examination of the policies, manuals and standards that govern the energy quality and sustainability, on data analysis, and on the results of preliminary interviews with personnel considered key in the energy management in the campus.
