Memorandum of Understanding

for

Academic Collaboration

Between

Faculty of Science and Technology,

The ICFAI Foundation for Higher Education

(Deemed-to-be-University)

Hyderabad, India

And

SOFTSPIN TECHNOLOGIES PRIVATE LIMITED

Hyderabad,India

Preamble

In the pursuit of excellence in scholarship and dissemination of knowledge to generate reciprocal benefit within a framework of openness, fairness, and equity, that will serve both the partners, **Faculty of Science and Technology,** The ICFAI Foundation for Higher Education, Hyderabad, India, and **Softspin Technologies Private Limited** hereby sign a Memorandum of Understanding ("MoU") for Academic Collaboration. **Faculty of Science and Technology, The ICFAI Foundation for Higher Education, Hyderabad, India** and the **Softspin Technologies Private Limited** are hereinafter referred to as the "Parties".

Aim of the MoU

The aim of this MoU is to provide an umbrella for academic activities that will strengthen mutual understanding, foster friendly co-operation, and to promote sustainable and productive academic collaboration and exchange between faculty, students, and researchers of both the parties.

Scope of the MoU

Areas of joint activity may include (but are not necessarily limited to) the following:

- Joint research and training programs;
- Faculty and student exchange;
- Joint proposals for external funding;
- Joint sponsorship of conferences;
- Joint publications;
- Exchange of materials, articles and other publications; and

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION

- Other such activities as may be mutually agreed upon.

Activities Envisaged

1. In pursuit of this aim, the Parties hereby agree to undertake to promote, within the framework of the regulations applying in each of the institutions, and subject to the availability of resources, the following activities:

1-1. Research collaboration, including joint research projects in areas of mutual interest. This may also lead to the formation of Interdisciplinary Research Centers which involve inter-institutional collaboration to build a critical mass, particularly in emerging research areas;

1-2. Bilateral exchanges of students for periods of one semester to twelve months duration involving joint supervision of visiting research scholars;

1-3. Exchange of faculty members and research personnel. However, the number, timing and duration of such exchanges may vary according to the needs of the particular program;

1-4. Exchange of academic materials like publications, databases, courseware, and sharing of library resources like research papers, indices to theses, books and magazines on relevant subjects where possible and appropriate, and other academic information;

1-5. Sponsoring and conducting joint conferences, seminars, training programs, workshops and other academic meetings on matters of mutual interest.

1-6. Extending invitations for attending scholarly and technical meetings and assisting in making arrangements for attending national and international conferences.

General considerations

2 The terms of, and the necessary resources for, such joint activities and exchange programs shall be discussed and mutually agreed upon in writing by both Parties through the liaison officers specified by the parties prior to the initiation of the particular activity or program. Each party should approve any funding for such activities internally. The parties may also go for external funding. The final approval of any project is subjected to the approval of both institutions and will be dependent, in part, upon the availability of guaranteed support funds.

3. It is the intention of the institutions that all research derived from the collaborative efforts of the two parties will be the joint property of both parties, proportionate to the parties' respective contributions, unless otherwise specified in an Addendum to the Memorandum of Agreement, or another writing signed by both institutions.

4. Each participant in the exchange will enjoy the same rights and privileges as the students of the host institution and will be expected to abide by the rules and regulations of the host university during the Exchange.

5. It is envisioned that the partner universities will operate, at least in designated areas, as a single entity with flexible, permeable boundaries supporting the particular

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION

research and educational activities. This kind of activity will redefine the institutional cultures in such a way that the community of the member institutions' will view internationalization as a necessary path to excellence.

6. The signatories of this MoU will review the relationship annually. An annual Addendum will define specific activities, schedules, deliverables, and milestones and funding levels required for that year.

7. The activities under the MoU will be undertaken by an Academic Collaboration Committee consisting of a senior representative of each university, with two co-chairs, one from **Faculty of Science and Technology, The ICFAI Foundation for Higher Education, Hyderabad, India** and the other from the **Softspin Technologies Private Limited.**

8. This Memorandum of Understanding will commence on the date of its signing by both Parties, and shall remain in force for an initial period of three years. Any amendment of and/or modification to the MoU will require the written approval from both Parties. The MoU shall renew itself automatically for successive periods of three years unless either of the Parties notifies the other party in writing of its desire to terminate it upon six months' notice to the other party. The termination of this MoU shall not affect the implementation of the projects or programmes established under it prior to such termination.

9. This MoU does not constitute a legal or contractual obligation on the part of either party. It reflects an arrangement that is currently satisfactory to the parties involved. The parties agree to negotiate amendments to this memorandum as needed to meet the evolving requirements.

As witness to their subscription to the above articles, the representatives of **Faculty of Science and Technology, The ICFAI Foundation for Higher Education, Hyderabad, India**, and the representatives of the **Softspin Technologies Private Limited** have hereunto provided their endorsement.

2.2 Industrial Training & Visits:

Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Program for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth

transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

2.3 Research and Development:

Both Parties agree to carry out the joint research activities in the latest technologies.

2.4 Skill Development Programs:

Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.

2.5 Guest Lectures:

Second Party to extend the necessary support to deliver guest lecturers to the students of the First Party on the technology trends and in house requirements.

2.6 Faculty Development Programs:

Second Party to train the Faculty members of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.

2.7 Placement of Trained Students:

Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs; The Second Party will itself absorb the students according to the requirement from the trained students.

2.8 Establishing Advanced Labs:

Second party in compliance with the First part shall help in establishing technologically advanced laboratories in each of its respective fields of studies.

CLAUSE -3

CO OPERATION

3.1 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry.

3.2 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT,1956)

shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE- 4

INTELLECTUAL PROPERTY

4.1 Nothing contained in this MOU shall, by express grant, implication, Estoppels or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE -5

VALIDITY

5.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **Ahex Technologies Private Limited**, the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **Training Partner** or **Ahex Technologies Private Limited**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU

5.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations

CLAUSE-6

RELATIONSHIP BETWEEN THE PARTIES

6.1 It is expressly agreed that **First Party** and Second **Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION

Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of **Name of City.**

Memorandum of Understanding
for
Academic Collaboration
Between
Faculty of Science and Technology,
The ICFAI Foundation for Higher Education
(Deemed-to-be-University)
Hyderabad, India
And
Society of Mechanical & Automotive Engineers(SMAE)

Preamble

In the pursuit of excellence in scholarship and dissemination of knowledge to generate reciprocal benefit within a framework of openness, fairness, and equity, that will serve both the partners, **Faculty of Science and Technology,** The ICFAI Foundation for Higher Education, Hyderabad, India, and **Society of Mechanical & Automotive Engineers(SMAE)** hereby sign a Memorandum of Understanding ("MoU") for Academic Collaboration. **Faculty of Science and Technology, The ICFAI Foundation for Higher Education, Hyderabad, India** and the **Society of Mechanical & Automotive Engineers(SMAE)** are hereinafter referred to as the "Parties".

Aim of the MoU

The aim of this MoU is to provide an umbrella for academic activities that will strengthen mutual understanding, foster friendly co-operation, and to promote sustainable and productive academic collaboration and exchange between faculty, students, and researchers of both the parties.

Scope of the MoU

Areas of joint activity may include (but are not necessarily limited to) the following:

- Joint research and training programs;
- Faculty and student exchange;

THE ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION

- Joint proposals for external funding;
- Joint sponsorship of conferences;
- Joint publications;
- Exchange of materials, articles and other publications; and
- Other such activities as may be mutually agreed upon.

Activities Envisaged

1. In pursuit of this aim, the Parties hereby agree to undertake to promote, within the framework of the regulations applying in each of the institutions, and subject to the availability of resources, the following activities:

1-1. Research collaboration, including joint research projects in areas of mutual interest. This may also lead to the formation of Interdisciplinary Research Centers which involve inter-institutional collaboration to build a critical mass, particularly in emerging research areas;

1-2. Bilateral exchanges of students for periods of one semester to twelve months duration involving joint supervision of visiting research scholars;

1-3. Exchange of faculty members and research personnel. However, the number, timing and duration of such exchanges may vary according to the needs of the particular program;

1-4. Exchange of academic materials like publications, databases, courseware, and sharing of library resources like research papers, indices to theses, books and magazines on relevant subjects where possible and appropriate, and other academic information;

1-5. Sponsoring and conducting joint conferences, seminars, training programs, workshops and other academic meetings on matters of mutual interest.

1-6. Extending invitations for attending scholarly and technical meetings and assisting in making arrangements for attending national and international conferences.

General considerations

2 The terms of, and the necessary resources for, such joint activities and exchange programs shall be discussed and mutually agreed upon in writing by both Parties through the liaison officers specified by the parties prior to the initiation of the particular activity or program. Each party should approve any funding for such activities internally. The parties may also go for external funding. The final approval of any project is subjected to the approval of both institutions and will be dependent, in part, upon the availability of guaranteed support funds.

3. It is the intention of the institutions that all research derived from the collaborative efforts of the two parties will be the joint property of both parties, proportionate to the parties' respective contributions, unless otherwise specified in an Addendum to the Memorandum of Agreement, or another writing signed by both institutions.

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

REGISTRAR

4. Each participant in the exchange will enjoy the same rights and privileges as the students of the host institution and will be expected to abide by the rules and regulations of the host university during the Exchange.

5. It is envisioned that the partner universities will operate, at least in targeted areas, as a single entity with flexible, permeable boundaries supporting the particular research and educational activities. This kind of activity will redefine the institutional cultures in such a way that the community of the member institutions' will view internationalization as a necessary path to excellence.

6. The signatories of this MoU will review the relationship annually. An annual Addendum will define specific activities, schedules, deliverables, and milestones and funding levels required for that year.

7. The activities under the MoU will be undertaken by an Academic Collaboration Committee consisting of a senior representative of each university, with two co-chairs, one from **Faculty of Science and Technology, The ICFAI Foundation for Higher Education, Hyderabad, India** and the other from the **Society of Mechanical & Automotive Engineers(SMAE)**.

8. This Memorandum of Understanding will commence on the date of its signing by both Parties, and shall remain in force for an initial period of five years. Any amendment of and/or modification to the MoU will require the written approval from both Parties. The MoU shall renew itself automatically for successive periods of three years unless either of the Parties notifies the other party in writing of its desire to terminate it upon six months' notice to the other party. The termination of this MoU shall not affect the implementation of the projects or programmes established under it prior to such termination.

9. This MoU does not constitute a legal or contractual obligation on the part of either party. It reflects an arrangement that is currently satisfactory to the parties involved. The parties agree to negotiate amendments to this memorandum as needed to meet the evolving requirements.

As witness to their subscription to the above articles, the representatives of **Faculty of Science and Technology, The ICFAI Foundation for Higher Education, Hyderabad, India**, and the representatives of the **Society of Mechanical & Automotive Engineers(SMAE)** have hereunto provided their endorsement.

Memorandum of Understanding

for

Academic Collaboration

Between

ICFAI Business School,

The ICFAI Foundation for Higher Education

(Deemed-to-be-University)

Hyderabad, India

And

Preamble

In the pursuit of excellence in scholarship and dissemination of knowledge to generate reciprocal benefit within a framework of openness, fairness, and equity, that will serve both the partners, ICFAI Business School, The ICFAI Foundation for Higher Education, Hyderabad, India, and DIRECTOR, CESS Hyd hereby sign a Memorandum of Understanding ("MoU") for Academic Collaboration. **ICFAI Business School, The ICFAI Foundation for Higher Education, Hyderabad, India** and the DIRECTOR, **CESS,** HYDERABAD are hereinafter referred to as the "Parties".

Aim of the MoU

The aim of this MoU is to provide an umbrella for academic activities that will strengthen mutual understanding, foster friendly co-operation, and to promote sustainable and productive academic collaboration and exchange between faculty, students, and researchers of both the parties.

Scope of the MoU

Areas of joint activity may include (but are not necessarily limited to) the following:

- Joint research and training programs;
- Faculty and student exchange;
- Joint proposals for external funding;
- Joint sponsorship of conferences;
- Joint publications;
- Exchange of materials, articles and other publications; and
- Other such activities as may be mutually agreed upon.

THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT,1956)

Activities Envisaged

1. In pursuit of this aim, the Parties hereby agree to undertake to promote, within the framework of the regulations applying in each of the institutions, and subject to the availability of resources, the following activities:

1-1. Research collaboration, including joint research projects in areas of mutual interest. This may also lead to the formation of Interdisciplinary Research Centers which involve inter-institutional collaboration to build a critical mass, particularly in emerging research areas;

1-2. Bilateral exchanges of students for periods of one semester to twelve months duration involving joint supervision of visiting research scholars;

1-3. Exchange of faculty members and research personnel. However, the number, timing and duration of such exchanges may vary according to the needs of the particular program;

1-4. Exchange of academic materials like publications, databases, courseware, and sharing of library resources like research papers, indices to theses, books and magazines on relevant subjects where possible and appropriate, and other academic information;

1-5. Sponsoring and conducting joint conferences, seminars, training programs, workshops,talks,webinars and other academic meetings on matters of mutual interest.

1-6. Extending invitations for attending scholarly and technical meetings and assisting in making arrangements for attending national and international conferences.

General considerations

2 The terms of, and the necessary resources for, such joint activities and exchange programs shall be discussed and mutually agreed upon in writing by both Parties through the liaison officers specified by the parties prior to the initiation of the particular activity or program. Each party should approve any funding for such activities internally. The parties may also go for external funding. The final approval of any project is subjected to the approval of both institutions and will be dependent, in part, upon the availability of guaranteed support funds.

3. It is the intention of the institutions that all research derived from the collaborative efforts of the two parties will be the joint property of both parties, proportionate to the parties' respective contributions, unless otherwise specified in an Addendum to the Memorandum of Agreement, or another writing signed by both institutions.

4. Each participant in the exchange will enjoy the same rights and privileges as the students of the host institution and will be expected to abide by the rules and regulations of the host university during the Exchange.

5. It is envisioned that the partner universities will operate, at least in targeted areas, as a single entity with flexible, permeable boundaries supporting the particular research and educational activities. This kind of activity will redefine the

institutional cultures in such a way that the community of the member institutions' will view internationalization as a necessary path to excellence.

6. The signatories of this MoU will review the relationship annually. An annual Addendum will define specific activities, schedules, deliverables, and milestones and funding levels required for that year.

7. The activities under the MoU will be undertaken by an Academic Collaboration Committee consisting of a senior representative of each university, with two co-chairs, one from **ICFAI Business School,** The **ICFAI Foundation for Higher Education, Hyderabad, India** and the other from the

8. This Memorandum of Understanding will commence on the date of its signing by both Parties, and shall remain in force for an initial period of three years. Any amendment of and/or modification to the MoU will require the written approval from both Parties. The MoU shall renew itself automatically for successive periods of three years unless either of the Parties notifies the other party in writing of its desire to terminate it upon six months' notice to the other party. The termination of this MoU shall not affect the implementation of the projects or programmes established under it prior to such termination.

9. This MoU does not constitute a legal or contractual obligation on the part of either party. It reflects an arrangement that is currently satisfactory to the parties involved. The parties agree to negotiate amendments to this memorandum as needed to meet the evolving requirements.

As witness to their subscription to the above articles, the representatives of **ICFAI Business School,** The **ICFAI Foundation for Higher Education, Hyderabad, India,** and the representatives of the CESS, Hyderabad 23rd November, 2021 have hereunto provided their endorsement.

transaction contemplated by the parties, is at the sole discretion of the party electing to do so, and will not create any actual or potential liability or obligation for the other party, even if that party is aware of, or has been informed of or has indicated approval of any such action, decision or election unless agreed to otherwise in an agreement signed by both parties. In the event of termination of this MOU, neither party will be restricted because of these discussions and in any event each party is free to pursue a similar business relationship with others at any time.

C. **Preliminary Nature of Discussions** During the parties' discussions, the parties will likely exchange written or oral proposals, term sheets (including without limitation the responsibilities' outline contained herein), draft agreements or other similar materials. Neither party may rely on, be bound by, or have any obligation under any such discussion, proposal, term sheet, draft agreement or other preliminary material, even if signed by one or both parties, except for a definitive written agreement signed by an authorized representative of each party that encompasses the subject matter of any such materials. In addition, the parties agree as follows:

1. The parties acknowledge and agree that the proposed business relationship between the parties and the execution of the definitive agreement by ICFAI Business School, ICFAI Foundation for Higher Education, Hyderabad, and IBM is subject to all applicable legal and regulatory requirements and all necessary corporate and other approvals of the parties and their respective shareholders, members and/or partners.

2. Neither ICFAI Business School, ICFAI Foundation for Higher Education, Hyderabad, nor IBM nor any of their respective shareholders, members, partners or affiliates will issue any release or other publicity concerning this MOU except with the prior written approval of the other party. The parties agree to cooperate with respect to any news release or other publicity regarding the foregoing.

3. This MOU shall be read and interpreted with all changes of gender or number required by the context according to the ordinary and usual meaning of words, but words with recognized technical or trade meanings shall be interpreted according to such recognized meanings.

4. The cost incurred by each party with respect to these discussions, and all subsequent negotiations of the proposed agreement, whether resulting in an agreement or not, and including without limitation legal and attorney, technical and research, financial and other advisory fees, will be borne solely by the party which incurred them.

D. **Export:** ICFAI Business School, ICFAI Foundation for Higher Education, Hyderabad, acknowledges that the U.S. Export Administration Act of 1979, as amended, (and its implementing regulations, as amended) prohibit the export of technology, software and/or commodities to certain specified countries. Each party agrees to comply and to reasonably assist the other in complying with applicable government export and import laws and regulations. Further, each party agrees that unless authorized by applicable government license or otherwise permitted by regulation, including but not limited to U.S. authorization, both parties will not directly or indirectly export or reexport, at any time, any technology, software and/or commodities furnished or developed under this or any other, Agreement between the parties, or its direct product, to any prohibited country (including release of technology, software and/or commodities to nationals, wherever they may be located, of any prohibited country) as specified in applicable export, embargo, and sanctions regulations. This section will survive after termination or expiration of this Agreement and will remain in effect until fulfilled.

This MOU supersedes all prior proposals and discussions and is the complete and exclusive statement of the understanding between IBM and ICFAI Business School, ICFAI Foundation for Higher Education, Hyderabad, as to the subject matter. This MOU cannot be modified except by a comprehensive writing signed by an authorized representative of each party that specifically amends this MOU. If this document adequately sets forth our understanding of our intentions, please indicate your agreement by signing below and returning via e-mail.

Memorandum of Understanding

Preamble

In the pursuit of excellence in scholarship and dissemination of knowledge to generate reciprocal benefit within a framework of openness, fairness, and equity, that will serve both the partners, **ICFAI Business School,** The ICFAI Foundation for Higher Education, Hyderabad, India, and **Indian Society for Training and Development, Hyderabad, India** hereby sign a Memorandum of Understanding ("MoU") for Collaboration. **ICFAI Business School (IBS),** The ICFAI Foundation for Higher Education, Hyderabad, India and **Indian Society for Training and Development (ISTD)** are hereinafter referred to as the "Parties".

Aim of the MoU

The aim of this MoU is to provide an umbrella for collaborative activities that will strengthen mutual understanding, foster co-operation, and promote sustainable and productive academic and industry collaboration and exchange between the parties.

Scope of the MoU

Areas of joint activity may include, but not necessarily limited to, the following:

- Training programs for students, faculty members and administrative staff;
- Consultancy programs for industry and academic institutions;
- Proposals for external funding;
- Organizing Conferences/Seminars/Webinars, etc.;
- Publication of research papers, reports, etc.;
- Industry practicums and internships;
- Mentoring the students;
- Participation in GD and PI;
- Production, review and/or exchange of materials, articles and other publications; and
- Other such activities as may be mutually agreed upon from time to time.

Activities Envisaged

1. In pursuit of this aim, the Parties hereby agree to undertake to promote, within the framework of the regulations applying in each of the organizations, and subject to the availability of resources, the following activities:

S.V. Gopalakrishna

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION

1.1. Collaboration for training of students, faculty members and administrative staff, in areas of mutual interest. This may involve inter-institutional collaboration to build a critical mass, particularly in emerging areas;

1.2. Mentoring and guiding students for internships and industry practicums;

1.3. Engagement of faculty members as resource persons in training programs;

1.4. Exchange of academic and training materials like publications, databases, courseware, and sharing of library resources like research papers, indices to theses, books and magazines on relevant subjects where possible and appropriate, and other academic information;

1.5. Sponsoring and organizing joint conferences, seminars, webinars, training programs, workshops, talks and other academic meetings on matters of mutual interest; and

1.6. Reviewing the syllabus, preparation of industry relevant course curriculum, etc.

1.7. Working together on industry consultancy projects.

General considerations

2. The terms of, and the necessary resources for, such joint activities and exchange programs shall be discussed and mutually agreed upon in writing by both Parties through the liaison officers specified by the parties prior to the initiation of the particular activity or program. Each party should approve any funding for such activities internally. The parties may also go for external funding. The final approval of any project is subjected to the approval of both organizations and will be dependent, in part, upon the availability of guaranteed support funds.

3. It is the intention of the organizations that all research derived from the collaborative efforts of the two parties will be the joint property of both parties, proportionate to the parties' respective contributions, unless otherwise specified in an Addendum to the Memorandum of Understanding, or another writing signed by both institutions.

4. It is envisioned that the partner organizations will operate, at least in targeted areas, as a single entity with flexible, permeable boundaries supporting the particular research, educational and training activities. This kind of activity will redefine the organizational cultures in such a way that the community of the member organizations will view collaboration as a necessary path to excellence.

6. The signatories of this MoU will review the relationship annually. An annual Addendum will delineate the activities, schedules, deliverables, and milestones and funding levels required for that year.

7. The activities under the MoU will be undertaken by a Committee consisting of a senior representative of each organization, with two co-chairs, one from **IBS** and the other from **ISTD.**

8. This Memorandum of Understanding will commence on the date of its signing by both Parties, and shall remain in force for an initial period of one year. Any amendment of and/or modification to the MoU will require the written approval from both the Parties. The MoU shall renew itself automatically for successive periods of one year unless either of the Parties notifies the other party in writing of its desire to terminate it upon three months' notice to the other party. The termination of this MoU shall not affect the implementation of the projects or programmes established under it prior to such termination.

9. This MoU does not constitute a legal or contractual obligation on the part of either party. It reflects an arrangement that is currently satisfactory to the parties involved. The parties agree to negotiate amendments to this memorandum as needed to meet the evolving requirements.

As witness to their subscription to the above articles, the representatives of **ICFAI Business School, The ICFAI Foundation for Higher Education, Hyderabad, India**, and the representatives of **The Indian Society for Training and Development** have hereunto provided their endorsement.

The rates given above are for one seater coworking space. The actual rate may vary based on the number of seats taken by the startup. The annual registration and mentor fee remains same irrespective of the seats taken by the startups.
In this arrangement, AIC-SKU shall not consider equity from the startup. IFHE can arrange appropriate equity from the startups as per their University policy.</td><td>Since AIC-SKU would take charge of all the matters related to the startups and IFHE does not extend its any of its services (may be certain administrative and faculty support), majority of the equity would go to AIC-SKU. We would consider 6% for AIC-SKU and 1% to IFHE amounting to a sum of 7% equity from the startup.</td><td>Since AIC-SKU and IFHE share the resources equally to support the startups, the equity can be shared accordingly, 50:50 to a maximum of 7% together.</td></tr>

platforms at least every week to monitor of the progress of the startup.

- In all the cases/scenarios, equity is exchangeable with convertible debentures in case of partnership firms.
- In all the cases/scenarios, the incubator does not have any rights on the IP assets created by the startup. IFHE can make appropriate arrangement with the inventors/startups as per their University policy.
- The startups/entrepreneurs arising out of this collaboration can be incubated at AIC-SKU/IFHE (co-incubation). The financial model for supporting such enterprises can be executed through a separate MoU with the mutual consent.

Add-ons: (to be offered by AIC-SKU to IFHE as a compliment on *pro bono* basis)

- AIC-SKU shall provide opportunity to IFHE students to pursue their summer training and final year internship with AIC-SKU. This shall be offered as incubation period for 18 months. IFHE can consider the incubation activity in place of summer training and final year internship.
- The problem statements that are brought to the notice of AIC-SKU by industry/community will be assigned to the students as the topic for their internship.
- AIC-SKU will support and prepare the students in attending the challenges, competitions and hackathons conducted by national and international agencies/bodies.
- AIC-SKU will conduct exclusive hackathons/deathons to IFHE to scout ideas/solutions that address the industry/market need.
- AIC-SKU will offer the Platinum partner membership to the IFHE (Find the attachment to know more about the types of Partnerships)

ABOUT HYDERABAD

Hyderabad, Capital of newly formed State of Telangana is hailed as City of Pearls, rich in its culture, heritage and tradition. Being famous for its secular prosperity, Hyderabad is universally known for its heterogeneous culture, ethnic structure and multitudinal mastery. The grandeur of Hyderabadi culture is unassailable and invincible. Charminar, Golconda Fort, Salarjung Museum and the grandiose of Buddha Statue, reflecting the iconic Hyderabadi ethos are most acclaimed mammoth monuments. It is place for higher learning with institutes like NALSAR, ISB, IBS, IIIT, University of Hyderabad, Osmania University etc. The Industrial image, Information Technology and Infrastructural inventions of Hyderabad are beyond comparison. It is a place for Medical Tourism from all over the world. At present, the climate at Hyderabad is moderate. This City is well connected with Roadways, Railways and Airways.

ABOUT IFHE CAMPUS

The ICFAI Foundation for Higher Education, Hyderabad, a Deemed University established under Section 3 of UGC Act, 1956 and accredited by the UGC NAAC with "A" Grade. The campus is lush green; equipped with the state of art facilities like amphitheaters, auditoriums, academic blocks, library, computer center, language lab, hostels, canteen, faculty accommodation, ATM center, sports and recreation facilities.

IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills and positive attitudes. IFHE offers Management, Engineering and Law Courses.

ABOUT THE FACULTY OF LAW

The Faculty of Law (FOL) is a significant segment of the IFHE and recognized by Bar Council of India. The FOL offers BBA.LLB (Hons) and BA.LLB (Hons) integrated five year courses, One Year LLM in Corporate and Commercial Laws and Tax Laws, Ph.D, PG Diplomas in IPR, Cyber Laws and Tax Laws and Five Certificate Courses in Cyber Law, Infrastructure Laws, Law of Financial Services, Immigration Laws and Solid Waste Management and Law.

THEME OF THE SEMINAR

The present age of globalization and liberalization in trade, rapid societal and technological changes in 21st century have led to new trends in consumer habits, tastes and preferences and also poses new challenges for consumer protection. The main objective of the traders is to earn maximum profits neglecting the interests of the consumers and indulging into various activities such as selling of poor quality and adulterated goods, under weighing and in some cases overcharging. They are also misleading the consumers with false advertisements and befool by unscrupulous trade practices by market forces. The need of the hour necessitated to bring awareness in the consumers towards their rights and obligations. The government of India's 'jago grahak jago' campaign through media is to empower consumers in resolving identified challenges regarding product, service and food safety, is not sufficient to overcome major issues and challenges associated with the digital revolution, sustainable consumption and social exclusion.

It is universally accepted that the extent of consumer protection is the true indicator of the level of progress of a Nation. To mark the significance of the consumer as 'consumer is king', World's Consumer Rights day is celebrated on 15th March and National Consumers Rights day on 24th December every year. To effectively protect a consumer buying goods or services through e-commerce would need a separate law, as other countries have, such as UK Consumers Rights Act, 2015. It is felt that the Consumer Protection Act, 1986 in India is not sufficient to meet new challenges and issues in digital era and there is a need to bring changes to protect online consumers. In E-commerce, numerous problems arise due to the buyer and seller being at a distance. The various issues regarding defective goods as buyer does not have an opportunity to inspect or sample the goods or services, problems of fraudulence in card payments, lack of trust in regard to the safety of personal data discourage consumers from taking part in e-commerce and accepting new online services.

Consumer is the focal point and real deciding factor for all economic activities. The Consumer Affairs ministry has proposed many changes to the Consumer Protection Act, 1986 to protect consumer rights and simplify the judicial process to ensure swift and inexpensive justice by a new bill called Consumer Protection Bill 2015 keeping in view e-commerce boom and misleading advertisements posing new challenges. The Bill proposed to create separate adjudicatory authorities to decide consumer disputes which results in parallel jurisdiction to the authorities already in existence under the Act of 1986.The Bill also has not addressed the dichotomy with reference to VAT between online and physical purchase and it's impact on the consumer. The question of the non-alignment of VAT rates for similar goods and services when supplied online or offline and the subsequent question of the visible price differences to the consumers has therefore not addressed. The consumers need minimum skills and literacy to face new complex products and services, especially in the financial, medical and insurance sectors. Consumers have new requirements, e.g. demand for green products, which imply a need for special information.

In addition to this, complex and not comparable pre-contractual information prevents consumers to act as empowered consumers. The seminar will focus on the issue whether the existing legal framework is adequate to protect the interests of the consumer in contemporary India and what changes are required to the existing laws to accord protection to the online and offline consumers.

OBJECTIVES OF THE SEMINAR

As the empowered and aware consumer is an asset to the country, it is necessary to look at the specific issues with regard to consumer welfare and protection.

- To cover complexities in interpreting and implementing the consumer law both from business and legal perspective
- To study the latest developments on consumer protection front and discussions on decisions of various consumer foras
- To illuminate and empowering consumer by education and knowledge sharing
- To provide a platform to interact various stakeholders on issues of consumer protection
- To research and evaluate studies in the field of consumer welfare
- To evaluate the interface between consumer laws and competition laws
- To suggest effective measures to protect consumers from new challenges in technology and competitive markets

ABOUT THE CONFERENCE

As part of the high profile reforms in the economy in general and law relating to financial sector, enactment of the 'Insolvency and Bankruptcy Code 2016' is a milestone achievement. With the widening of horizons of business and growing competition, new challenges are surged leading to failures of business having significant impact upon the national GDP and goodwill.

The Government of India has taken many initiatives to protect the interests of the investors, stakeholders and promote the entrepreneurship by assuring the strong support from the legal arena. As a gesture of such commitment is the enactment of the Insolvency and Bankruptcy Code 2016 by adapting the best practices prevailing across the globe. The Code is enacted to consolidate and amend the laws relating to reorganization and insolvency resolution of corporate persons, partnership firms and individuals in a time bound manner for maximization of value of assets of such persons, to promote entrepreneurship, availability of credit and balance the interests of all the stakeholders including alteration in the order of priority of payment of Government dues and to establish an Insolvency and Bankruptcy Board of India, and for matters connected therewith or incidental thereto.

The Code has huge impact on the debtor-creditor relationship that also contributes to improve the credit culture of the country. Apart from the uniform comprehensive insolvency legislation and a separate framework for bankruptcy resolution in failing banks and financial sector entities, the Code primarily allows the creditors to assess the viability of debtors to mitigate the early identification of the impending financial failures. The Code also concentrates in adjudicating the dispute of the cross border insolvency.

The Insolvency and Bankruptcy Code, 2016 is a one stop solution for resolving insolvencies which at present is a long process and does not offer an economically viable arrangement. It is a strong insolvency framework that minimizes the cost and the time incurred in attaining liquidation has been long overdue in India. The code will be able to protect the interests of small investors and make the process of doing business a less cumbersome process. Although the Code is very much effective in its recent enforceability, yet facing the relentless process and research works are going to be initiated to strong bind its tentacles around the Indian Credit System.

With this background, the ICFAI Law School Hyderabad, a constituent of ICFAI Foundation For Higher Education (deemed-to-be University established under Section 3 of the UGC Act 1956) Hyderabad, Telangana India is organizing the three day International Conference on 'The Insolvency and Bankruptcy Law and Global Response' on March 1, 2 and 3, 2019, in association with Delaware School of Law, Widener University, Wilmington, USA and the Insolvency and Bankruptcy Board of India (IBBI). The International Conference aims to bring the stakeholders to the one platform to discuss issues and challenges faced, opportunities and prospective on the introduction of new code.

CALL FOR PAPERS

Report on

3-Day International Conference on 'Insolvency and Bankruptcy Laws: Global Response

The ICFAI Law School, Icfai Foundation for Higher Education (IFHE), Hyderabad organized 3 DAY INTERNATIONAL CONFERENCE ON 'INSOLVENCY AND BANKRUPTCY LAWS: GLOBAL RESPONSE', during March 1-3, 2019 in association with, Delaware Law School, Widener University, Wilmington, USA and Insolvency and Bankruptcy Board of India (IBBI).

The Insolvency and Bankruptcy Code 2016 (Code) is a milestone achievement in relation to financial sector reforms and to protect the interest of investors, stakeholders and promote entrepreneurship. The Code consolidates and amends the laws relating to insolvency, resolution of corporate persons, partnership firms, and individuals in a time bound manner to maximize the value of assets of such persons. The Code has a greater impact on creditor-debtor relationship, concentrates on adjudicating cross border insolvency disputes, and able to protect small investors. It also established a regulatory body, IBBI. The Code was enacted by adopting best practices across the globe. As it was facing relentless process to make effective in enforceability, the ICFAI Law School has taken an initiative to bring the insolvency and legal professionals, academicians, students, officials dealing in insolvency process and the business houses to a single platform. The 3 day international conference on "Insolvency and Bankruptcy Laws: Global Response" was organized with an aim to bring the stakeholders to one platform to discuss issues and challenges, opportunities and prospective on the introduction of new code, Insolvency and Bankruptcy Code 2016.

The organizing team of the conference consist Chairman, Prof. AV Narsimha Rao, Director, ICFAI Law School, Hyderabad, Coordinator Dr. Veena, Associate Professor, Dr. K Ravi Kumar and Dr. Kannan, Assistant Professors as co-coordinators.

e) Joint publications and exchange of materials like publications, databases, courseware, and sharing of library resources like research papers, indices to theses, books and magazines on relevant subjects where possible and appropriate, and other academic information;

f) Sponsoring and conducting joint conferences, seminars, training programs, workshops and other academic meetings on matters of mutual interest.

g) Research collaboration, including joint research projects in areas of mutual interest. This may also lead to the formation of Interdisciplinary Research Centers which involve inter-institutional collaboration to build a critical mass, particularly in emerging research areas;

h) Collaborate in the capacity building of both parties faculty members/academics and staff in priority training areas;

i) Joint proposals for external funding;

j) Other such activities as may be mutually agreed upon.

4. Objectives of the MOU:

a) The Parties agree to work together to achieve the objectives by performing their respective responsibilities set under the Key responsibilities of each party herein below.

b) The parties will be open, honest, cooperative and responsive to each other, respecting each other's functions and roles, and assisting and supporting each other whenever reasonably possible.

5. Duration / Term of MOU:

The MOU shall be effective for a period of five (5) years and may be extended for further period by mutual consent of the parties.

6. Key responsibilities of the UNIVERSITY:

The University will liaise with IBS to discuss opportunities for formalizing arrangements between the University and IBS in relation to:

a) Research and exchange of academic papers;

b) Student, academic and administrative exchanges;

c) Exchange of academic publication materials;

d) Other activities agreed upon in writing by both parties.

7. Key responsibilities of IBS:

The IBS will be responsible for Nominating a person who will liaise with the University in moving forward the discussions on formalizing arrangements in relation to:

a) Research and exchange of academic papers;

b) Student, academic and administrative exchange;

c) Exchange of academic publications;

d) Other activities agreed upon in writing by both parties;

e) Providing the University with any documentation and /or information that may be requested by the University to progress the formalizing of the above arrangements.

8. Expenses:

a) Parties agree to bear their own costs in performing their part of obligations agreed herein;

b) A party may not commit the other to any cost, expense or obligation without the written consent of that party;

c) Each party will be responsible for any cost, expense or obligation necessary to their achievement of the objectives.

9. Intellectual Property:

a) Each party agrees that it can only use the Materials of the other party for purposes directly relating to this MOU;

otherwise specified in an Addendum to the Memorandum of Agreement, or another writing signed by both institutions.

h) Each participant in the exchange will enjoy the same rights and privileges as the students/ faculty/ staff of the host institution and will be expected to abide by the rules and regulations of the host institution during the Exchange.

i) It is envisioned that the partner universities will operate, at least in targeted areas, as a single entity with flexible, permeable boundaries supporting the particular research and educational activities. This kind of activity will redefine the institutional cultures in such a way that the community of the member institutions' will view internationalization as a necessary path to excellence.

j) The Parties to this MOU will review the relationship annually. An annual Addendum will define specific activities, schedules, deliverables, and milestones and funding levels required for that year.

k) The activities under the MOU will be undertaken by an Academic Collaboration Committee consisting of a senior representative of each party, with two co-chairs, one from each party. Neither of the Parties shall use the name of the other party in any advertisement nor make any public announcement without the prior written approval of the other party.

l) The Parties shall designate their respective representatives who shall be the primary point of contact on behalf of that party.

m) No party shall claim itself as an agent or representative of the other party or create any liability for the other party. Under no circumstances, IBS shall be treated as the vendor, contractor and agent of the University.

n) The Parties represent that they have the full power and authority to enter into this MOU in general and none of the objects stipulated herein are against to public policy.

11. Legal obligation:

This MOU does not constitute a legal or contractual obligation on the part of either party. It reflects an arrangement that is currently satisfactory to the parties

involved. The parties agree to negotiate amendments to this memorandum as needed to meet the evolving requirements.

12. Consideration:

The Parties shall take adequate steps to ensure the successful performance of the deeds agreed and co-operate with each other in duly performing the obligation agreed upon. The Parties herein have agreed to perform various obligations with service motive and there is no monitory obligation/consideration involved herein between the Parties.

13. Termination:

The Parties shall be at full liberty to terminate the MOU by issuing prior notice of three months.

The termination of this MOU shall not affect the validity and duration of any arrangements, programs, activities, or projects made under this MOU until the completion of such arrangements, programs, activities, or projects, unless otherwise agreed upon by the Parties.

14. Confidentiality:

The Parties shall maintain confidentiality about any information, course material, plans, discussions, strategies or any material which shall be deemed to be confidential and marked accordingly by the disclosing party. Notwithstanding anything to the contrary contained herein, the Parties shall indemnify each other for breach of this clause. This clause shall survive this MOU for one year after its termination. Any information, course material or the like in the public domain shall not be part of this commitment.

15. Resolving Conflicts:

Any dispute arising from the implementation of the provisions of this MOU shall be settled amicably by consultations, negotiations or mediation before seeking to terminate in accordance with Clause No.13 (Termination).

THE INTERNATIONAL INSURANCE CONFERENCE

The insurance business plays a critical and sustainable role in the economic development of a country. The economic reforms in India and globally have furthered healthy competition among the national and multinational companies to capture untapped markets and resulted in rapid surge of economic activities including the capital formation, risk distribution, social security, protection against uncertainties and catastrophes. The Indian insurance sector has shown its clout during the turbulences in US and other countries because of the economic crisis resulting from subprime lending, natural calamities and terrorist activities.

The insurance industry in India has remained unshaken even during turbulences in the global economy because of strong fundamental practices followed under the aegis of the Insurance Regulatory and Development Authority of India (IRDAI). The effective and efficient monitoring of the insurance business by IRDAI has provided a healthy platform for the growth of the insurance industry vis-à-vis the total economy of the country.

The insurance business is governed by legislations, allied enactments, regulations and notifications issued by IRDAI from time to time. The proactive role of IRDAI motivated by the guidelines of International Association of Insurance Supervisors is contributing for the positive growth of insurance business and ultimately the nation's economy. However, with the changing time and the challenges posed by the global economy, there is every need to re-visit, rectify and mitigate the gaps in the regulatory legal regime and economy governing the insurance business.

CALL FOR PAPERS

The International Conference on Insurance Law and Regulation: Global Practices, will be held from 1st to 3rd February 2019 at ICFAI Law School, IFHE, Hyderabad, India. The conference invites full length scholarly papers in the emerging areas of Insurance law, regulation and practices. Contributions are invited on theoretical, methodological, and empirical investigations with emphasis on insurance law, regulation and practices, including but not limited to the themes of the conference. The themes of the conference are only indicative. We invite and encourage papers from other allied areas of Insurance law, regulation and practices.

Webinar Report on Arbitration: The United States and India

The ICFAI Law School, Hyderabad in collaboration with Centre for International Legal Education (CILE), University of Pittsburgh School of Law organized a webinar on "Arbitration: The United States and India" on July 17, 2020 during 7 PM to 9 PM (IST). The esteemed speakers were Professor Ronald A Brand, Chancellor Mark A Nordenberg Professor of Law and Academic Director for the Centre for International Legal Education, University of Pittsburgh School of Law and Mr. Raj Panchamatia, Partner, Dispute Resolution Team, Khaitan & Co. Mumbai. The webinar was moderated by Mr. Rishav Soni, Faculty Associate, ICFAI Law School, Hyderabad. The webinar received a overwhelming response as more than 150 participants attended. The participants were from varied sections of life including professionals, academicians, advocates, chartered accountants, students and others.

The webinar commenced with introductory remarks by our esteemed Prof. A V Narsimha Rao, Director, ICFAI Law School, IFHE, Hyderabad. He explained about the importance of Alternative Dispute Resolution in general and Arbitration in specific pertaining to international Commercial disputes in the current scenario of ease of doing business and how it allows to avoid litigation in the courts which of time consuming due to docket explosion and costly affair. The Arbitration and Conciliation Act of 1996 in India amended several times, lastly in 2019 to settle disputes on time bound manner in the current scenario of ease of doing business. Then touched upon the advantages of Arbitration so as to have an amicable settlement and maintain good business relationship between the conflicting parties. Highlighted few issues and challenges regarding enforcement of arbitration awards and left the floor to eminent speakers to share their views on national and international disputes resolution mechanism with special reference to arbitration for the benefit of the participants.

Professor Ronal A Brand expressed happiness for jointly organizing the first webinar after executing Memorandum of Understanding (MoU) between ICFAI Law School, Hyderabad and University of Pittsburgh School of Law and expressed to work together to reach many mile stones in achieving academic excellence. In his lecture, he stated that more than 90% of international

contracts has now governed by arbitration clause. In the emerging markets of rapid globalization, America, Europe, Asia has high growth of economy and the traditional centre's of international arbitration are busy facing competition. The number of countries modernized the arbitration laws in tune with UNCITRAL Model Law on International commercial Arbitration to harmonize and bring the international standard approach in resolving the disputes amicably he highlighted about the advantages of arbitration especially in international trade disputes such as Neutrality, confidentiality and privacy, expertise, coordinated dispute resolution, cost, speed finality of decision which attract the number of countries. As standard approaches followed, less scope for amendments at national laws and easy process to enforce the foreign awards. He further advised the legal professionals to mitigate the problems and encourage the clients for resolving commercial disputes by arbitration mechanism which will be a win-win situation for both the parties. He encourages the students to pursue their education and career in the specialized area of alternative dispute resolution which has gained a momentum and have greater job avenues including foreign students and expressed that the colleges and universities imparting law should regularly update the curriculum and impart education to suit the requirements of industry.

Mr. Raj Panchamatia shared his experiences of practice in the area of arbitration. He elaborately discussed about the landmark cases and dealt various issues and challenges regarding recognition and enforcement of foreign awards, viz., Renusagar power co ltd vs General Electric co., Bhatia International vs Bulk trading SA, Oil and Natural Gas Corporation vs Saw Pipes ltd, Venture Global Engineering vs Satyam computer Service Ltd., etc. He further shared his experiences while dealing the cases he represented of French client and Japanese client in huge claims decided by arbitration. He defended the claim of approximately EUR 1, 597, 000 dispute regarding a alleged breach of shareholder agreement. In another matter recovery of dues of USD 2 million in a dispute arising of EPC contract in the energy and infrastructure sector. He emphasized on the disputes of huge claims, the parties always go with arbitration clause in the inception of the contracts and try to resolve by arbitration so as to avoid litigation cost and strain business relationship. He expressed that even during arbitration some parties even prefer to go for mediation during the arbitration, which may also result in fruitful outcome, as it will be an amicable settlement agreement and leave no scope for any further legal process. He dealt latest cases, amendments in arbitration law at national and international level regarding expertise of arbitrators, role of institutional arbitration,

time bound process of resolution which help in resolving the disputes at the earliest. He shared his views on various opportunities available for law graduates in the field of alternative dispute resolution across the globe and wished all success in their future endeavors.

Report on Webinar

"India's Internal Security Challenges – Policing in Pandemic Times" held on 16-08-2020

The Centre for Excellence in Criminal Law, ICFAI Law School, Hyderabad had successfully conducted its webinar in the series of webinars on 16th August 2020 at 07:00 pm. The title of the webinar was "India's Internal Security Challenges – Policing in Pandemic Times" and the webinar was conducted on the Zoom Platform. The link used for the webinar can be found below:

Topic: India's Internal security challenges --Policing in Pandemic times organized by CHSS & ICFAI Law School Zoom Meeting

Time: Sunday Aug 16, 2020 07:00 PM India

Join Zoom Meeting

https://us02web.zoom.us/j/8214986815?pwd=WUxsd2JMTm0yOGZIb0FicFMwY3FsQT09

Meeting ID: 821 498 6815

Passcode: Chss@123

In the webinar, the Centre had invited two eminent personalities to share their thoughts on the subject: Mr. N. Sanjay, IPS, IGP – Training, AP Police; Dr. Gajarao Bhoopal IPS, DCP – Hyderabad City Police. They discussed the lesser-explored world of policing and the changes it has undergone and the challenges it has faced during the pandemic times.

The event was conducted in collaboration with the Centre for Human Security Studies, A Think-Tank on Internal Security & External Affairs of India. The event was moderated by Mr. Ramesh Kanneganti, Founder and Executive Director of CHSS.

At the beginning of the webinar, the introductory remarks were given by Prof. (Dr.) A V Narsimha Rao, Director, ICFAI Law School, Hyderabad. The webinar saw a total participation of around 80 persons from all over the country. In the mix of attendees were criminal justice stakeholders like members of police, judiciary, prison officials, research scholars, academicians, students among others.

The speakers, Mr. N Sanjay IPS and Mr. Dr. Gajarao Bhoopal IPS gave their insights on internal security issues in India that had cropped up in the wake of the pandemic and how the police have been able to deal with the same. Dr. Bhoopal had a lot of interesting opinions on the origin of the virus and issues that India has been facing with its neighbouring nations. They discussed the challenges faced by the police system policing the pandemic and policing in the pandemic times. There is a lot of pressure on the police and the police organisation because of internal security issues. He emphasised on the fact that being frontline workers during the pandemic, the police at every level risk their and their family members' lives. They are pressurised by their higher officials and by the state government and at the same time face condemnations from the general public at large for trying to create awareness to stop the spread of the pandemic.

This was followed by an interactive session. Some of the questions asked by the participants can be put down as follows:

Q) How can we as citizens contribute to reduce the woes of the police?

A) We can be self-aware and create awareness among the public so that the police is burdened a little less.

Q) How can police-public relationship be bettered in these times?

A) The police are trying at their end to be as friendly and helpful to the community as possible. In the pandemic times, although there are allegations against increasing violence by police, as an institution they are trying to contribute as much as public servants. It is needed now for the people to support them and encourage them.

At the end of the webinar, the concluding remarks were given by Dr. A. V. N. Rao, Director, ICFAI Law School, Hyderabad and a vote of thanks was given by Ms. Anwesha Panigrahi.

Cybersecurity vulnerabilities in information technology (IT) systems and the resulting attacks that often occur in the form of hacking, cracking, including denial-of-service and distributed denial-of-service attacks, insider attacks, data theft (exfiltration), sabotage and extortion attacks.

The reasons for increase in data breaches are inadequacy of laws, lack of awareness about data thefts, weak security measures by organization which possess process or transfer sensitive data.

Malware is malicious software which includes viruses, worms, trojans, ransomware, spyware that infiltrates a computer and confidential personal information without the knowledge of owner of such information.

Technology and Legislations go hand in hand. Regulatory, compensatory and punitive mechanisms have been incorporated in legislations like IT Act 2000 and Amended Act, 2008, Privacy Rules, 2011 and the Personal Data Protection Bills of 2018 and 2019 respectively that are yet to sublimate and culminate in to an Act.

Report on World IP Day 2021

Theme: IP & SMEs: Taking Big Ideas to the Market

1. **Speaker: Prof. Dr. AV Narsimha Rao**

Topic: Importance of the theme for World IP Day 2021

It was important to understand the very topic and it is a crucial moment to develop and reorganize our small and medium enterprises. This is more important for country like India which has a very large population dependency on requiring employment and livelihood. It can be noted that leveraging IPR can provide these SMEs with a wherewithal to build resilient business and become more competitive. A suitable IPR would be able to help the SME to protect their innovation in technology or otherwise (patents), build their brand (trademarks), secure their designs and creative works and not only this the local producers may also get geographical indications (GI) and agricultural producers may benefit from plant variety protection. Cultural and Traditional Knowledge of indigenous SMEs may also be protected and prospered.

2. **Speaker: Prof. Dr. G.B. Reddy**

Topic: SMEs contribution to Global Economy

SMEs play a major role in contribution to the Global GDP and this has been further encouraged by the World Bank Organisation. It has been observed that SMEs play a very critical role in the world economy by contributing to the employment. As per a report published in 2015, approximately 600 million jobs would be required over the next 15 years and predominantly most of the formal jobs that are available in developing markets are created by SMEs which is almost 4 out of 5 jobs available in the market. Despite playing a vital role in the development of the economy, it has been observed that around 50% of the SMEs lack access to finance or capital investment. At any given point of time, the formal SMEs create around 33% of the national income and 45% of the total employment in developing countries. When we include the informal SMEs in the list, the numbers rise even higher.

3. **Speaker: Prof. Dr. P. Sree Sudha**

Topic: Role of MSMEs & IPR in promotion of Bioprospecting and Benefit Sharing.

Biodiversity and its relation with IPR are very booming topic in the current discussion of IPR. Studies are underway about its relation yet biodiversity conservation, accesses and benefit sharing (ABS) in the use of genetic resources and the protection of IPR to stimulate innovation is an internationally agreed objective now and the ABS legal regime for South Africa which governs biodiversity and the use of indigenous biological resources and it involves the use of indigenous genetic and biological resources and their exportation for the purpose of bioprospecting or any other research purpose and various interests groups does see

the value of potential grow in both ABS and IPR yet IPR assets in MSME can be beneficiary in making the legal monopolies investments in which it will allow them to be ahead of their competition as IPRs being negative rights, outrightly stop others from practising, using or selling any product or service that infringes on any of their IPRs.

4. **Speaker: Mrs. V. Swapna**

Topic: MSME Schemes for innovation support

MSME provides economical benefits and hence there has been schemes and steps taken in order to grow this specific field. Many a times our Hon'ble Prime Minister Mr. Narendra Modi had given emphasis on the growth of skill India through MSME support. The Scheme of PRISM (Promoting Innovations in individuals, Start-ups and MSME) is one such where aims at to support individual innovators which will enable to achieve the agenda of inclusive development - one of the thrust areas of 12th five-year plan (2012-2017) and also programs for India which has been commissioned by BMZ whose objective has been that with the support of the programme, selected MSMEs have enhanced their capacities for developing inclusive and sustainable developments.

5. **Speaker: Adv. Ashok Ram Kumar**

Topic: Indigenous Inventions and SMEs.

SMEs run by indigenous people's do have a chance that they may face additional challenges and concerns as they begin to navigate the IP Systems and while that may seem daunting at first glance, there are some key approaches that can be taken and indigenous SMEs can take the benefit of the IP. These are can be done by these 8 approaches. 1. Protect your contemporary traditional culture expressions with copyright. 2. Use industrial design rights to protect the way your products look and feel. 3. Register distinctive indigenous words, names and symbols as trademark. 4. Distinguish your goods/services with certification/collective marks. 5. Link your goods and services to a place with geographical indication. 6. Protect your innovations based on traditional knowledge. 7. Keep your traditional knowledge confidential with trade secrets. 8. Use unfair competition laws as a Défense mechanism.

INTERNATIONAL CONFERENCE ON "NUANCES OF CRIMINAL INVESTIGATION AND DYNAMICS OF FORENSIC EVIDENCE"

The Centre for Excellence in Criminal Law proposes to organise an international conference on "Nuances of Criminal Investigation and Dynamics of Forensic Evidence". The entire foundation of justice delivery in criminal cases depends in most jurisdictions on the evidence available to the court. From mere witness examination to high level forensic investigation, evidence has travelled multidimensionally in the past few decades. Forensic evidence enters the criminal justice system through a crime scene and continues to remain even past a judgment of acquittal or conviction. The interaction of the criminal justice processes with forensic evidence is nuanced and its intricacies are difficult to decipher sometimes. Beginning with maintaining a chain of custody to appreciation of the forensic expert's testimony by the judge, the evidence itself travels through many stakeholders and the decision based on it ultimately impacts the perpetrator and the victims.

This conference is an attempt to provide a platform for discussion of the current issues involving forensic evidence and criminal investigation. We aspire to make it a holistic event by bringing in interaction in various aspects of the subject. The conference aims to amalgamate theory and practice in the field by gathering stakeholders including forensic experts, police personnel, academicians and criminal justice professionals.

In this regard, it is proposed that the conference be hosted by ICFAI Law School, Hyderabad in collaboration with the National Forensic Science University, Gujarat. The said international conference will be hosted on a virtual platform.

Proposed dates of the conference: 20th August 2021 – 22nd August 2021.

The event will be subdivided into individual sessions in addition to the inaugural and valedictory ceremonies. All other details of the said conference are to be decided by mutual deliberations between the two institutions.

ICFAI Law School Hyderabad and NFSU, Gandhinagar are organizing a conference on Nuances of Criminal Investigation and Dynamics of Forensic Evidence, on August 20th-22nd, 2021.

About the Organizer

The ICFAI Law School, IFHE, Hyderabad is a promising destination for the students desirous of making law as their Dream "Career". The ICFAI Law School (ILS) is a significant segment of the IFHE and is recognized by the Bar Council of India. The ILS Hyderabad offers B.B.A.LL.B (Hons) and B.A.LL.B (Hons) integrated five-year courses, 1-Year LLM in Corporate and Commercial Laws and Tax Laws, PhD full-time and part-time programs, PG Diplomas in IPR, Cyber Laws and Tax Laws and Eight Certificate Courses in Cyber Law, Infrastructure Laws, Law of Financial Services, Immigration Laws, Solid Waste Management and Law, Goods and Services Tax Laws, International Trade Law and Forensic Science and Law.

The law school envisions to develop a new cadre of professionals who will not only command a high level of domain proficiency but also have the ability to integrate activities for developing scientific and technological solutions and work standards.

The National Forensic Sciences University (NFSU) with the status of an Institution of National Importance under the Ministry of Home Affairs, Government of India is the World's First and Only University dedicated to forensic and investigative sciences. It was established by the Government of India through Act, 2020 (32 of 2020) with the objective of fulfilling the acute shortage against the increasing demand for forensic experts in the country and around the world. National Forensic Sciences University erstwhile, known as 'Gujarat Forensic Science University is the brainchild of Hon'ble Prime Minister of India Shri Narendra Modiji, then Chief Minister of Gujarat in 2009 established in the state of Gujarat to facilitate and promote studies and research and to achieve excellence in the field of forensic science in conjunction with applied behavioural science studies, law, criminology and other allied areas and technology and other related fields.

SOFTWARE PATENT PROTECTION: GLOBAL SCENARIO
BY: MARKPATENT.ORG

Today, many technological innovations rely on software advances. Take the software-related innovations that have revolutionalized the smartphone. Between 2009 and 2013, the total aggregate lines of code in the chips – the brains of the smartphone – shipped by Qualcomm increased from 330 million to 3.3 billion. These phenomenal and unprecedented developments were the result of years of high-risk R&D investment.

Software-implemented functionality is making an expanding range of everyday products safer and more efficient with higher performance. It is creating entirely new offerings and capabilities, such as intelligent power grids, digital manufacturing, real-time farm management systems, smart cities powered by interconnected (Internet of Things) platforms, and digital healthcare.

Estimates suggest that the digital economy – which relies heavily on software-related innovations – already represents 22.5 percent of the global economy.

Global R&D spending on software offerings has also grown rapidly, rising from USD 86 billion in 2010 to USD 142 billion in 2015, an increase of 65 percent.

The United States has one of the most software-intensive industries in the world (see Robert J. Shapiro, *The U.S. Software Industry: An Engine for Growth and Employment,* SIIA, 2014). In 2014 alone, the industry directly added an estimated USD 475.3 billion – and USD 1.07 trillion indirectly – to the country's GDP, directly employing 2.5 million people and indirectly supporting some 9.8 million jobs.

The benefits of patent protection

As a general rule, new inventions in any field of technology qualify for patent protection if they are novel, non-obvious, and useful (criteria of patentability are set out in national patent laws). Patent protection offers significant benefits to innovators:

- ensuring inventors get a reasonable return on their commercially successful innovations;

- making it easier for innovation-based startups and small businesses to establish fruitful business collaborations;
- promoting the systematic sharing of knowledge through patent disclosure, itself an important driver of innovation; and
- helping attract investment partners and support business expansion.

Yet patent laws generally do not treat software-related inventions in the same way as other novel technological advances. This may be due to a lack of understanding of either the nature of software innovation or of the protection afforded by different IP rights.

Which IP rights are relevant to software protection?

Historically, IP laws have influenced the success of the software industry by providing software developers with a legal mechanism through which to capture at least some of their innovation's market value. Since at least the 1960s, the software industry has relied on three distinct IP protection regimes: trade secrets, copyright, and patent law. The scope of protection offered by each has varied significantly over time, as has the software industry's reliance on them.

History shows that patent law offers the most effective framework for protecting an invention's functionality. In many countries, however, a distinction is drawn between inventions implemented in hardware, which are patentable, and inventions implemented in software (i.e. computer programs), which are protected by copyright law. But in a world in which the Internet – and not hardware such as CDs – is the prime channel for software distribution, this legal distinction makes it difficult for inventors of software-related inventions to effectively protect and leverage the commercial value of their inventions through IP systems.

These innovative contributions are no less significant than hardware-based innovations. Computer programs, including software-related inventions, are products in their own right regardless of how they are distributed.

Narasimha Rao, Director – ICFAI Law School in his speech highlighted the importance of students planning their career path and taking the right decisions leading to Higher Education or Litigation or Employment. He spoke in depth on the various aspects of career guidance programs which will enlighten the students and that domain experts will help them to deep dive into Professional Avenues, Competencies, soft skills, CV building & Interview process. He also advised students to pursue their goals and stay committed, unmindful of adversities.

Ravikumar opened up with how the Legal Profession is transforming with the advent of technology. He showcased data of various aspects of pending cases in the courts. The speaker threw light on Law Commission Reports on Reforms in Judiciary and changing canvas in the legal arena. He also added how Legal Tech companies add value to the process and highlighted the importance of Skill sets -Communication, Analytical, Negotiation and Out of the box thinking plays a vital role.

A brief Q&A window was open for students to interact.

The meeting ended with a formal vote of thanks.

Whereas, the ezLAW TECHNOLOGIES PRIVATE LIMITED, HYDERABAD, is a new-age Legal-Tech Company based in Hyderabad that provides various services with the aim of revolutionizing conventional legal practice in the Country. ezLAW provides services that allow lawyers to focus on their work and perform to their best abilities while ensuring that clients have easy access to legal services. Building a network and gaining experience are two key factors that determine the success of legal professionals across the world.

In the pursuit of the excellence in scholarship and dissemination of knowledge to generate mutual and reciprocal benefits within the framework of openness, fairness, and equity, both the parties to the Memorandum of Understanding hereby indicate their willingness in principle and agree to collaborate, cooperate in the promotion of teaching, training and research activities and promote substantial and productive academic collaborations as below:

a. Exchange and sharing of knowledge resources of both the institutes for conducting or organizing training programs requiring expertise and specific knowledge in the areas useful for the parties including taxation, law, intellectual property, entrepreneurship and skill development, dispute resolution, contract drafting, and other law-related matters.

b. Providing internships to the students of the ICFAI Law School, and other constituent schools of the IFHE depending upon their legal knowledge, skill, expertise, and dedication. During the course of the internship, the intern shall be expected to perform to the best of his capabilities, be punctual and follow high professional standards. The internship provided shall be legal in nature relating to legal research, case brief, legal documentation, client consultation, management of the relationship between the lawyers and the clients, etc. along with facilitating the members of ezLAW to undertake research programs with the IFHE,

c. As a part of campus outreach program to establish a stable relationship with the college, ezLAW shall also initiate a Campus Ambassador Programme, where a student from the college shall be appointed by ezLAW, after an interview process organized by the college to recognize and pose the legal issues in and around the campus area so that ezLAW through its extensive reach of advocate and lawyers can provide legal aid and help to these people in need. ezLAW shall also conduct and organize legal awareness

and literary sessions, capacity building, empowerment sessions for the poor and underprivileged, as a part of this program.

d. Aiming to establish a cell/centre in the campus itself for the law students known as the "Forum for Industrial Legal Development", where ezLAW shall from time to time send industrial specific legal issues to this cell/centre for its members to solve as a part of their student awareness and reach program in order to provide the students with understanding, awareness, and knowledge of the legal issues faced in the legal sphere.

e. Exchange of knowledge resources for extension, guest lectures, and any activities relating to the knowledge sharing,

f. Organizing joint conferences, seminars, workshops, discussion forums, legal-aid programs, policy brainstorming, and training programs to the entrepreneurs and business people, publications and other classes of people,

g. Providing Virtual Office services to all the interested alumni of the institutions. ezLAW believes that every law graduate passing out of law colleges in India must have an opportunity to get discovered and to take off his professional journey. Therefore, it shall set up Virtual Offices for all the graduates of the esteemed Law School. Virtual Office is a unique platform for the alumni to get discovered alongside the most reputed advocates of India. Virtual Office shall provide the alumni with an opportunity to establish their credibility and develop their own practice minus the very high costs of running a law chamber.

h. In furtherance and advancement of the symbiotic relationship between the aforementioned two parties, ezLAW shall place, put down and promote the logo/emblem of the legal institutions under IFHE on their website and media platforms.

i. Creating the facilities jointly for dispute resolution of the business groups and centres of excellence for the benefit of professionals and ezLAW.

j. Any other matter for the mutual benefit with the mutual consent.

Whereas, the parties to the MoU hereby agree to collaborate and work together subjected to the following terms and conditions:

International Webinar on "Intellectual Property Prosecution, Filing & Enforcement during Covid-19 Pandemic

(10^{th}& 20^{th} July 2020)

Session 1 : 10^{th} July 2020

Speakers: Mr. Ramakrishna Damodharan, Managing Director, Adipven, Malaysia, Mr. Ashok Ram Kumar, Founder, Wordict-IP, Hyderabad

In this webinar the speakers highlighted on the various procedures and practices adopted in prosecuting, filing and enforcement of Intellectual Property Rights during the COVID-19 Pandemic period in Malaysia and in India along with the Court decisions.

He highlighted the importance of Intellectual Property Prosecution and stated that The Government Authorities including Police are bound to execute and enforce the orders of Court, and as such the Courts are empowered to direct any government authority to do or not to do or prevent / compel any person to comply with the orders of the Court. There are effective methods for the enforcement of the orders of the Court, including Contempt of Court proceedings, which provides for a fine as well as imprisonment, in case of non-compliance of the order of the Court. Execution/ compliance of the orders of the court are also done by way of appointment of the Local Commissioner/Receivers by the Court. In India, certain State Governments have formed Special Intellectual Property Cells, which deal with offences relating to infringement of IPR.

In any civil action for enforcement of Intellectual Property Rights, the following reliefs may be claimed in such suit i.e. Permanent Injunction; Interim Injunction; Damages; Accounts and handing over of profits, Anton Pillar Order (Appointment of Local Commissioner by the Court for custody/ sealing of infringing material/accounts), Delivery up of goods/packing material/dies/plates for destruction.

Additionally, in case of infringement of Trademark, infringement of Copyright, Geographical Indication, Plant Variety and Semiconductor Integrated Circuits Layout Design following Criminal action can also be initiated, Registration of First Information Report (FIR); or Filing of a Criminal Complaint before a Competent Magisterial Court with application for issue of search and seizure warrants directing the police to raid of the premises of the accused for seizure of the infringing material and arrest of the infringers.

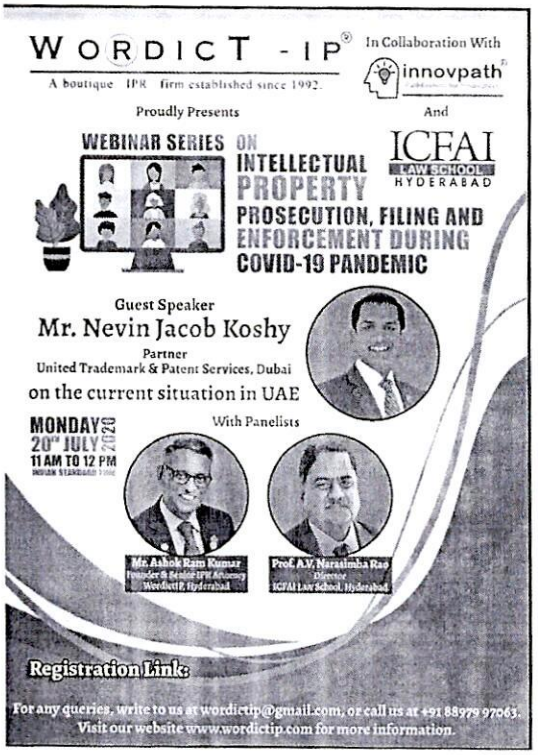

To enjoy most types of intellectual property (IP) rights in India, you should register them. For patents, individual registrations must be made in India, but for rights other than industrial designs you can apply under the terms of the Patent Cooperation Treaty, which is usually easier and quicker. For trade-marks, you should register them within India, either through the domestic trade mark system or under the Madrid system. For copyright, no registration is required but registering copyrights with the copyright authorities is advisable. 'Priority rights' under the Paris Convention can help in the local registration of trade marks, designs and patents by allowing rights previously registered elsewhere to become effective in India, if filed within a time limit. Intellectual Property Rights in India Enforcing IP rights in India IP rights can be enforced by bringing actions to the civil courts or through criminal prosecution. India's IP laws set out procedures for both civil and criminal proceedings, as does the Competition Act. Criminal proceedings do not apply to patent and design infringements.

He stated that the disadvantage of civil litigation is that you are unlikely to recover large damages, and punitive damages against an infringer are rare. However, if you have an identified infringer, it may be advisable to launch civil litigation, because if an interim injunction is granted the infringement can be halted pending the outcome of the case. Damages are routinely awarded in cases of copyright piracy and trade mark infringement (which come under criminal litigation); less so in patent cases. Over the years, however, decisions in favour of foreign companies against local infringers have demonstrated the judiciary's impartial approach. As in other countries, the Indian Government brings actions in criminal cases, although in most cases actions follow complaints to magistrates or police authorities by rights owners. Criminal proceedings against infringers carry the prospect of much harsher remedies, including fines and imprisonment. Mediation or negotiation with an infringer can also be effective as an alternative form of dispute resolution. The Civil Procedure Code provides for a formal mediation process.

Session 2 : 20th July 2020

Speaker : Mr. Nevin Jacob Koshy, Partner, United Trademark and Patent Services, Dubai

The speaker spoke on the protection of Intellectual Property Rights in the UAE Countries in general and Dubai in particular. The presentation includes on the methods and practices which are adopted in the filing, enforcement and prosecution of the issues of Intellectual Property Rights during COVID-19 Pandemic in Dubai.

5. The faculty members/ invigilators were instructed to carry employee Id card and wear it around their neck on the IFHE Hyderabad campus during invigilation duty and otherwise throughout the duration of the AIBE without fail.

6. The faculty members/invigilators were requested to reach the campus by 8-30AM sharp and a transport facility was arranged from Panjagutta to the IFHE Campus.

7. The bus started at 7-30 AM from Panjagutta and reached the IFHE campus at the scheduled time.

8. The elaborate security arrangement was made to ensure that only candidates and invigilators enter the premises after verification of their Identity cards and no outsider was allowed at the IFHE campus.

9. Multiple Entry/Exit Points and social distancing was strictly followed at entry/exit of IFHE campus.

10. Arrangement of Thermal Scanner, Sanitisers, disposable masks and hand wash facility at entry points were ensured.

11. Proper signages, symbols, posters etc. were displayed at appropriate place to guide the candidates to their respective exam rooms/ halls

12. The sanitation facility at the IFHE exam Centre is worth appreciating as it has got a very good number of separate washrooms for Ladies & Gents

13. Apart from the RO facility for drinking water, the bottled mineral water was provided to the invigilators and the candidates individually.

14. Sanitizer bottles were arranged at the entry gate, examination rooms, staff/observer room etc. and were replenished regularly

15. Liquid hand wash bottles were kept in rest room, entry gate and whenever and wherever required and were replenished.

16. Separate Room was arranged for candidates having symptoms of fever, cough and cold.

17. The faculty members/invigilators were requested to reach the campus by 8-30AM sharp and assemble at the big conference room at IBS by 8:45 am.

18. The faculty members/invigilators were once again briefed in person regarding the instructions for AIBE invigilation in the conference room and were handed over question papers along with the student's attendance sheets and copy of seating arrangement with the A, B, C & D coding after taking their signature.

19.The faculty members/ invigilators were instructed to collect the question paper packets from the mini conference room near the VC Sir's chamber at IBS and reach the allotted rooms for invigilation by 9-15AM.

20. The faculty members/invigilators moved to their respective assigned examination rooms/halls 45 minutes before the scheduled time.

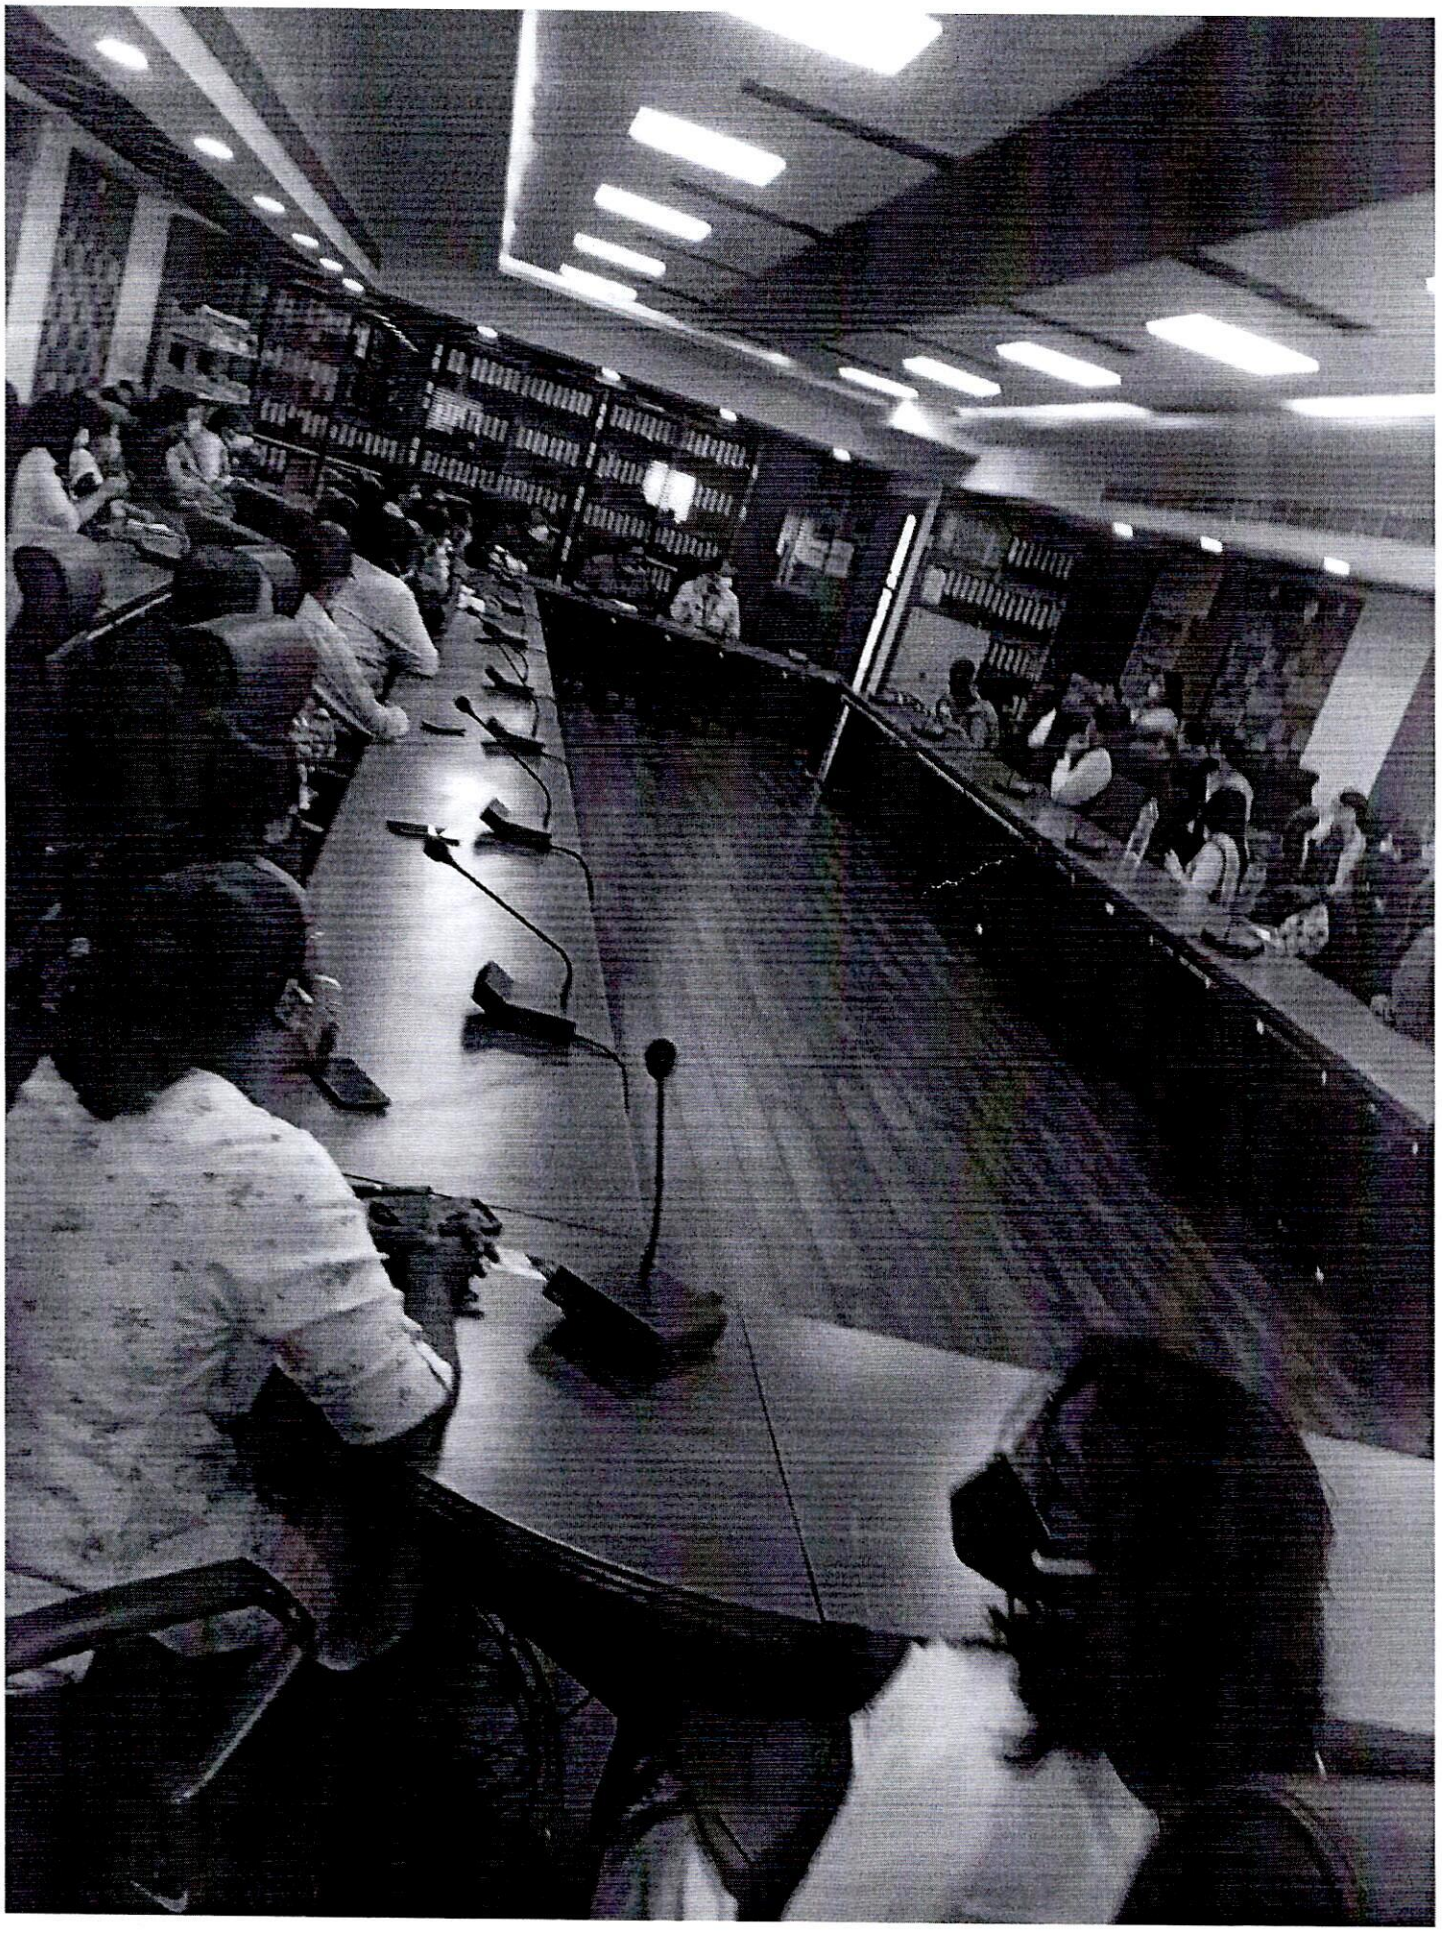

21. The invigilators delivered Proper instructions to the candidates before the commencement of the examination

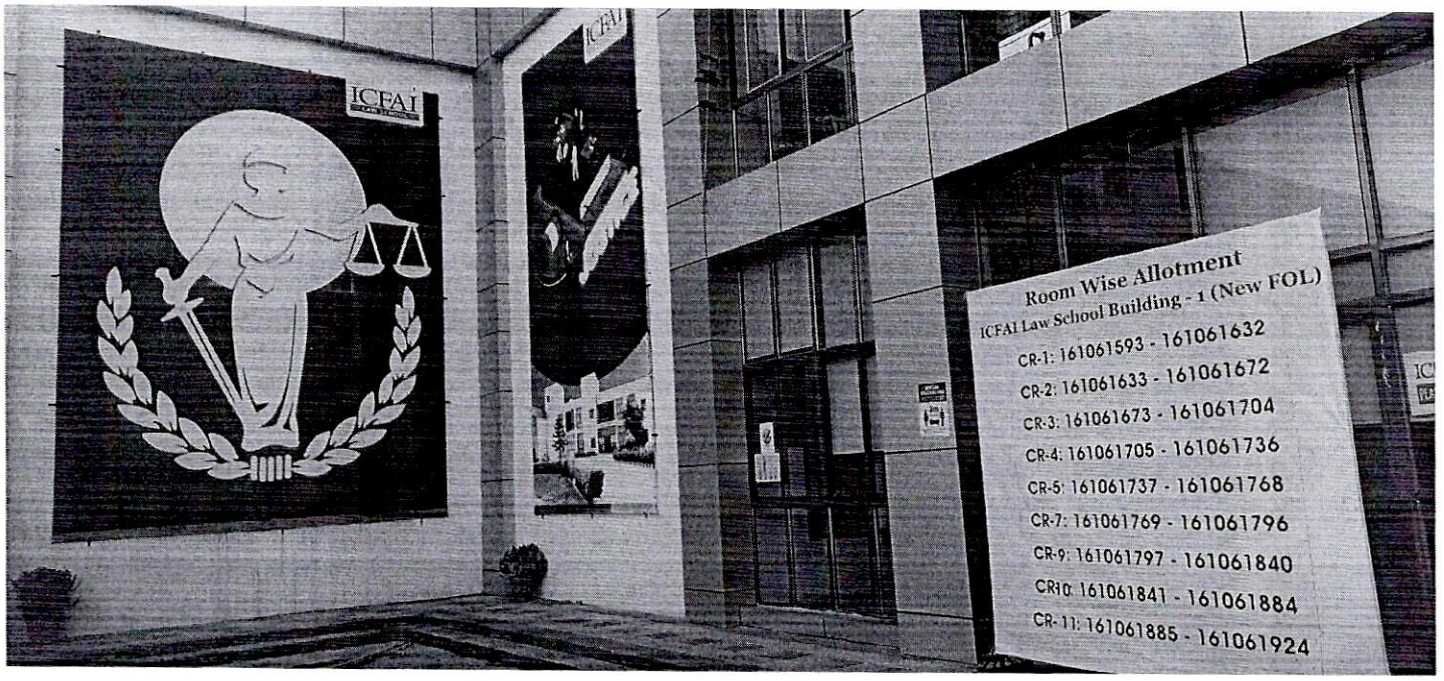

22.The Centre superintendent and the supervisors were on the move, continuously monitoring and overseeing the conduct of examination throughout the duration.

23. The answer scripts, attendance sheets and covid-19 declaration forms were collected from each of the invigilators after counting and cross checking the number of absentees.

24. The faculty members/invigilators were provided lunch during the lunch hour on the said date. The bus left the IFHE campus at 3PM after the exam to take back the faculty members / invigilators to their respective destination.

25. The observer Mr. Shakti Kumar was handed over all the answer scripts, attendance sheets and covid 19 declaration forms (room wise) neatly packed, numbered and sealed after thorough counting and cross verification. The observer was totally satisfied with the overall arrangements made on the IFHE campus and the way the exam was conducted smoothly without any untoward event whatsoever.

On behalf of Icfai Law School, ICFAI Foundation for Higher Education, Hyderabad, and under the auspices of Center for Excellence in Cyber Law and Data Protection Law in joint collaboration with Indian Cyber Security Solutions an online National Webinar on "Building Cyber Immunity" was organised on 11th September, 2021.

Director, Prof A.V. Narsimha Rao Sir, delivered the opening remarks discussing various issues pertaining to the Cyber law and Cybercrimes and suggesting various measures for the precautions to be taken to remain safe than sorry.

Dr. Md Akbar Khan, Associate Professor, the coordinator of the Excellence Centre gave the welcome note and vote of thanks was rendered by Mr.Rakesh Suryadevara, Assistant Professor, co-coordinator.

Mr. Abhinandan guest speaker spoke on the various issues relating to Ransomware, Data Privacy, OTP Bypassing and Dark Web.

Professionals from legal and technical organizations, academics, colleagues and students attended the webinar on virtual platform.

Few expressions and impressions

It has been observed that people are now being discriminated in the context of digital divide. The computer literate and the computer illiterate. The inevitability and incontrovertibility of Information Technology cannot be refuted or denied. It has impacted all walks of life.

The inevitability test can well be illustrated and vetted in our own academics and administrative context, right from online admissions, online uploading of question papers, online conduct of examinations, online evaluation to online declaration of results.

It has become an integral part of academics and administration that cannot be done away with. In order to pre-empt and ward off the associated harms we need to know the nitty gritty of technology and prophylactic measures to be adopted in the fields of Ransomware, Data Privacy, OTP Bypassing and Dark Web.

A recent global study by security firm Sophos Labs put India at the top of the charts, with a whopping 68% of respondents reporting being hit by ransomware last year. Around 67% of Indian organisations admitted to paying a ransom to get their data back, double the global average of 32%.

UHBVN Ransomware Attack

Uttar Haryana Bijli Vitran Nigam was hit by a ransomware attack where the hackers gained access to the computer systems of the power company and stole the billing data of customers. The attackers demanded Rs.1 crore or $10 million in return for giving back the data.

WannaCry

India was the third worst-hit nation by WannaCry ransomware, affecting more than 2 lakh computer systems. During the first wave of attacks, this ransomware attack had hit banks in India including few enterprises in Tamil Nadu and Gujarat. The ransomware majorly affected the US healthcare system and a well-known French car manufacturing firm.

Mirai Botnet Malware Attack

This botnet malware took over the internet, targeting home routers and IoT devices. This malware affected 2.5 million IoT devices including a large number of computer systems in India. This self-propagating malware was capable of using exploitable unpatched vulnerabilities to access networks and systems.

Petya

India was one of the top 10 countries to be hit by Petya ransomware. This ransomware attack halted work at one of the terminals of India's largest seaport causing computer lockdown and serious consequences for the country's exports.

Data Protection

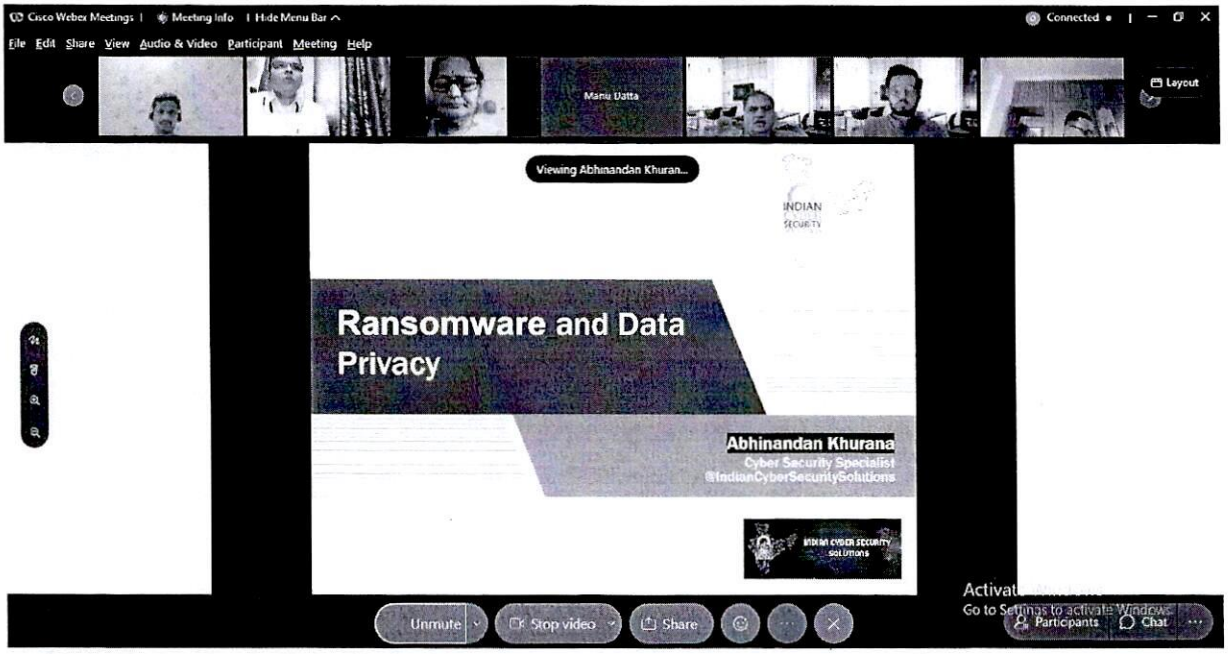

The action taken by different countries suggest that there is a need to activate a strong Data Privacy Act in India to safeguard the information of their citizens and protect their data privacy.

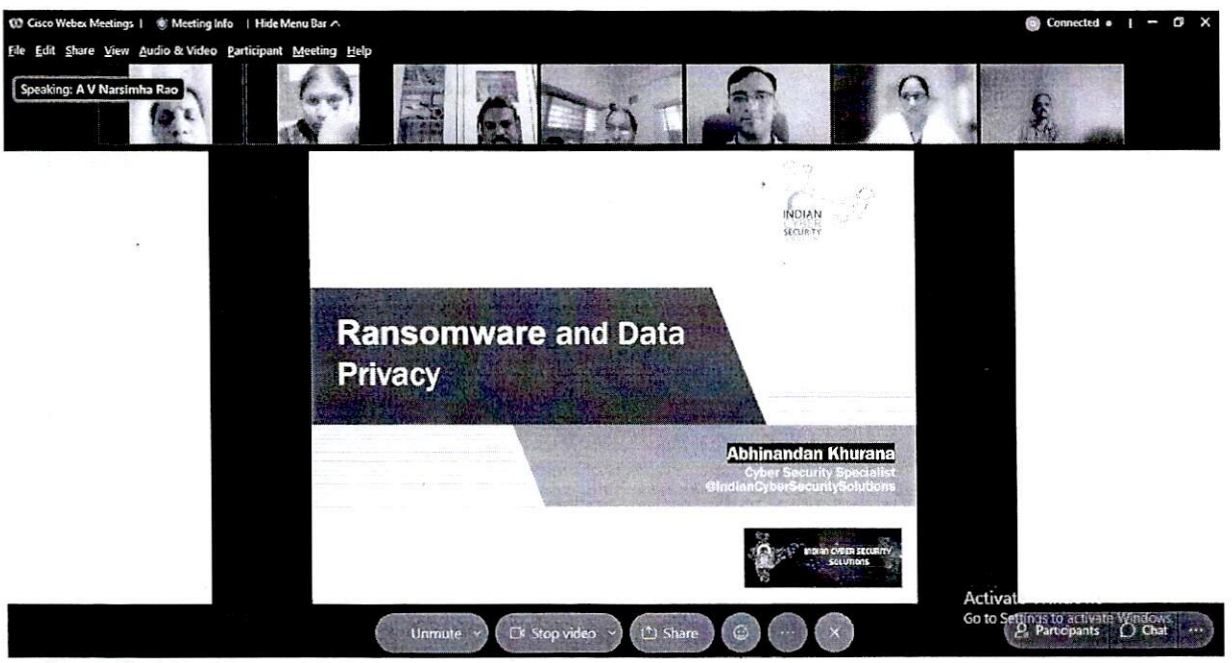

The Personal Data Protection Bill, 2019 ("PDPB") was introduced in Lok Sabha by the Minister of Electronics and Information Technology – to provide protection of privacy of individuals relating to their Personal Data, and to establish a Data Protection Authority of India for the said purposes and the matters concerning the personal data of an individual. The bill was clearly a step in the right direction. However due to insufficient information, the bill is still pending.

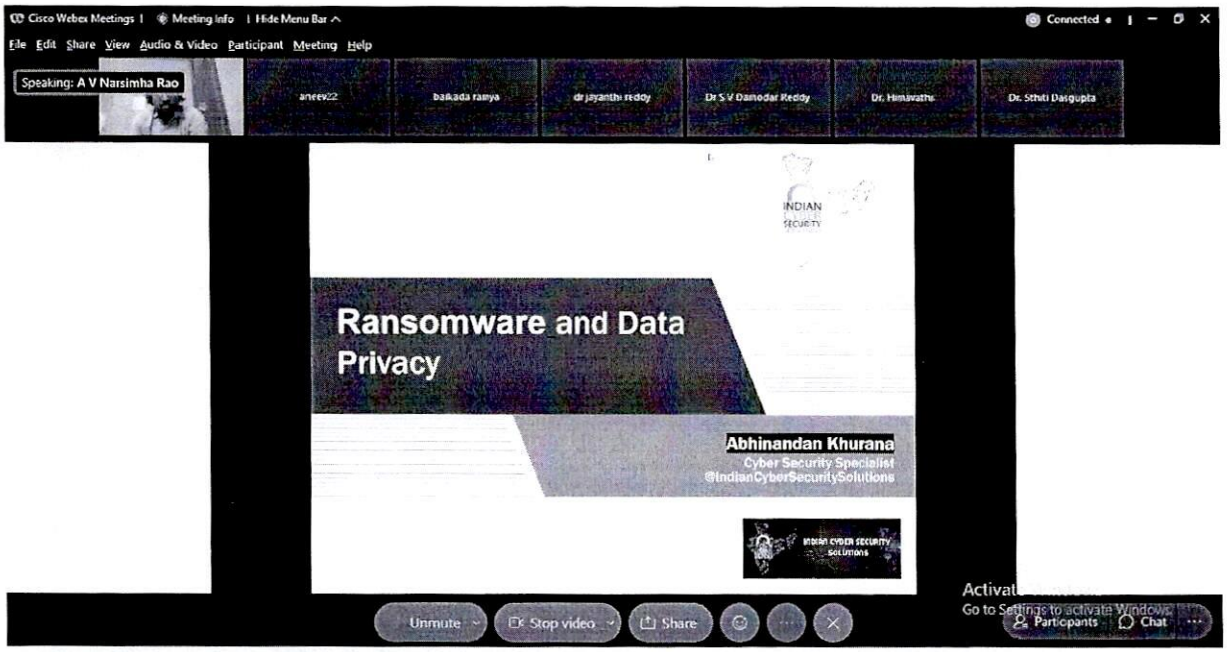

Dark Web

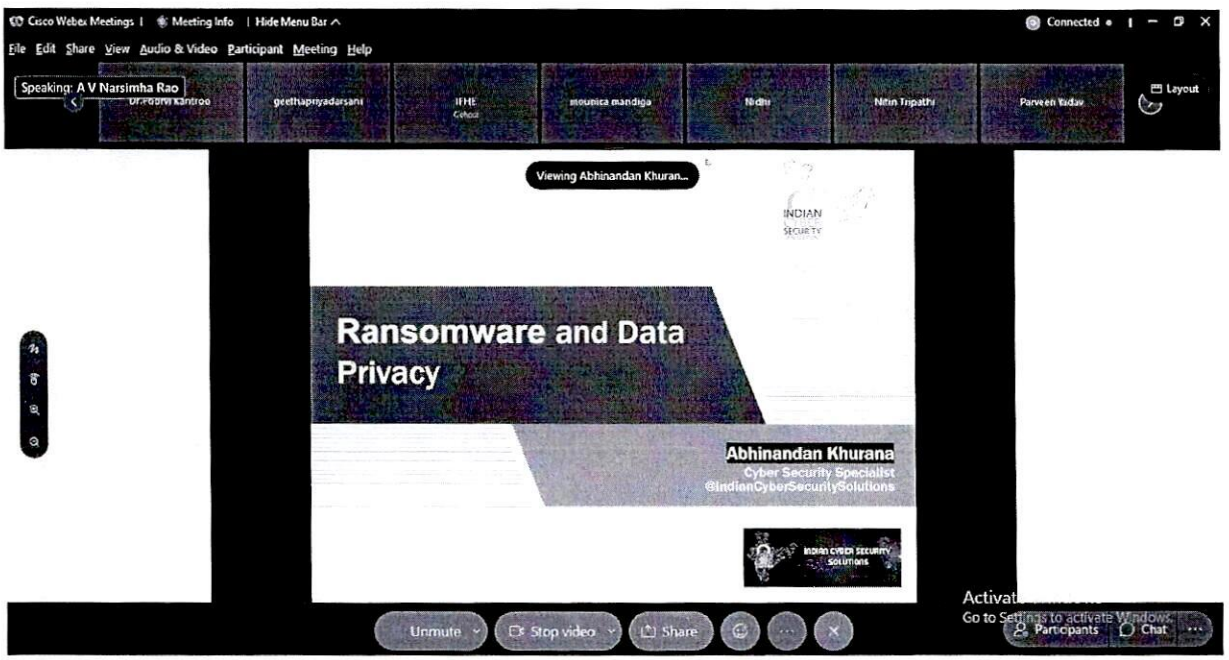

The dark web is the hidden collective of internet sites only accessible by a specialized web browser. It is used for keeping internet activity anonymous and private, which can be helpful in both legal and illegal applications. While some use it to evade government censorship, it has also been known to be utilized for highly illegal activity.

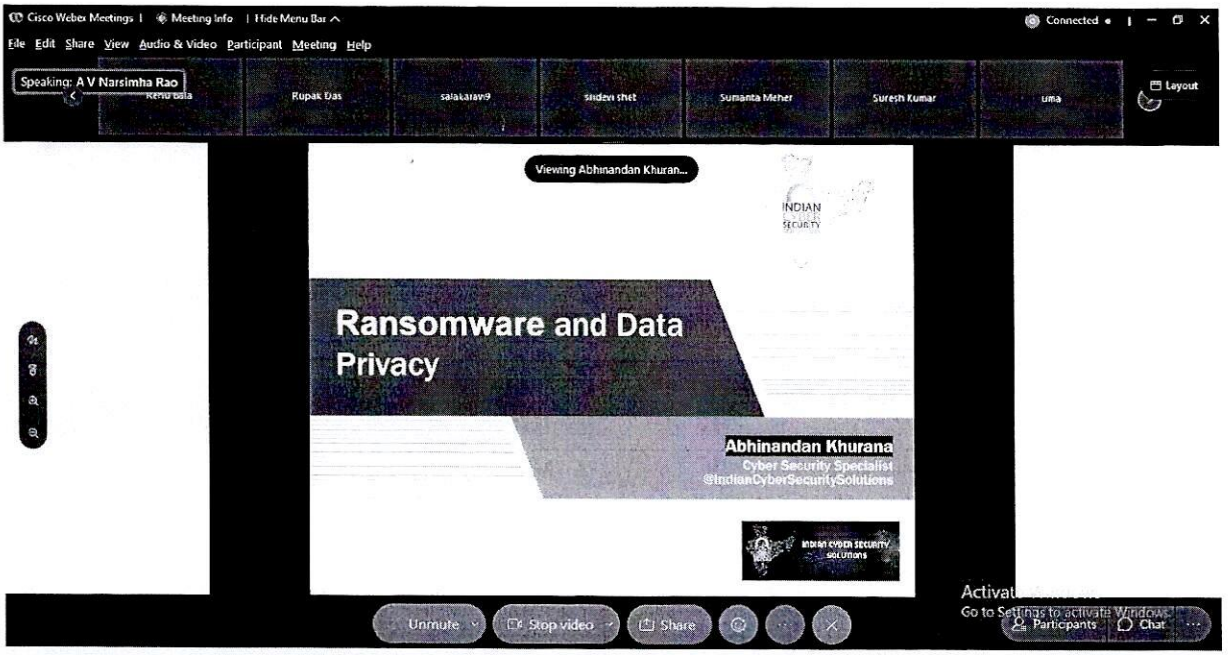

The OTP bypassing was practically shown by the speaker Mr. Abhinandan Khurana and also various measures and precautions to be taken to pre empt such efforts from the hackers.

The professionals from legal and technical organizations, academics, colleagues and students attended the webinar on virtual platform.

Few expressions and impressions from Coordinator of the Center for Excellence in Cyber Law and Data Protection Law, Dr. Md Akbar Khan.

Cyber security is the practice of defending computers, servers, mobile devices, electronic systems, networks, and data from malicious attacks. It's also known as information technology security or electronic information security. The term applies in a variety of contexts, from business to mobile computing, and can be divided into a few common categories.

The global cyber threat continues to evolve at a rapid pace, with a rising number of data breaches each year. A report by RiskBased Security revealed that a shocking 7.9 billion records have been exposed by data breaches in the first nine months of 2019 alone. This figure is more than double (112%) the number of records exposed in the same period in 2018.

Medical services, retailers and public entities experienced the most breaches, with malicious criminals responsible for most incidents. Some of these sectors are more appealing to cybercriminals because they collect financial and medical data, but all businesses that use networks can be targeted for customer data, corporate espionage, or customer attacks.

With the scale of the cyber threat set to continue to rise, the International Data Corporation predicts that worldwide spending on cyber-security solutions will reach a massive $133.7 billion by 2022. Governments across the globe have responded to the rising cyber threat with guidance to help organizations implement effective cyber-security practices.

In the U.S., the National Institute of Standards and Technology (NIST) has created a cyber-security framework. To combat the proliferation of malicious code and aid in early detection, the framework recommends continuous, real-time monitoring of all electronic resources.

The sensitive issues concerning data privacy that involves the right to privacy as a fundamental right recognised by the Hon'ble Supreme Court in Justice K. S. Puttaswamy (Retd.) vs Union of India,2017 is a landmark decision of the Supreme Court of India, which holds that the right to privacy is protected as a fundamental right under Articles 14, 19 and 21 of the Constitution of India.

Both data protection and cybersecurity deal with protecting sensitive data from various digital threats. That's why they have become interconnected. Rather than having them respond to a breach of data separately, it makes sense to have one integrated approach.

The endeavour of the centre is to keep abreast with the practical knowhow and growth in technology to cope with the challenges, to combat unknown and unforeseen cyber-attacks for the protection of our own privacy. The purpose is to synchronise legal framework with technological advancements, as law always trails behind technology.

Mr. Shouvik Dutta explained the methods in detail to be adopted for protection of one's data with many live examples so as to bring about awareness among people of different strata of society with regard to the vulnerability and breach of data resulting in violation of right to privacy.

He practically demonstrated how email accounts and mobile phones are hacked into by unethical hackers and the good role or pivotal role played by the good hackers or pen tester in safeguarding the interest of the organisations in order to protect the sensitive personal data of customers.

He also cited the example of Indian Prime Minister Narendra Modi's personal Twitter account being very briefly compromised, as was conveyed by the prime minister's office on 12th of December,2021, he said.

A swiftly deleted tweet from his main @narendramodi handle declared India had adopted Bitcoin as legal tender and was distributing the cryptocurrency to citizens. The matter was escalated to Twitter and the account has been immediately secured.

Later on question answer session continued for another few minutes followed by formal vote of thanks extended by Mr. Rakesh Suryadevara, co-coordinator, Center for Excellence in Cyber Law and Data Protection Law.

Whereas, the VAKEELSPOT TECHNOLOGIES PRIVATE LIMITED, BENGALURU, is a new-age Legal-Tech Company based out of Bangalore with operations in Hyderabad that provides various services with the aim of revolutionizing conventional legal practice in the Country. VAKEELSPOT provides services that allow lawyers to focus on their work and perform to their best abilities while ensuring that clients have easy access to legal services. Building a network and gaining experience are two key factors that determine the success of legal professionals across the world.

In the pursuit of the excellence in scholarship and dissemination of knowledge to generate mutual and reciprocal benefits within the framework of openness, fairness, and equity, both the parties to the Memorandum of Understanding hereby indicate their willingness in principle and agree to collaborate, cooperate in the promotion of teaching, training and research activities and promote substantial and productive academic collaborations as below:

a. Exchange and sharing of knowledge resources of both the institutes for conducting or organizing training programs requiring expertise and specific knowledge in the areas useful for the parties including taxation, law, intellectual property, entrepreneurship and skill development, dispute resolution, contract drafting, and other law-related matters.

b. Providing internships to the students of the ICFAI Law School, and other constituent schools of the IFHE depending upon their legal knowledge, skill, expertise, and dedication. During the course of the internship, the intern shall be expected to perform to the best of his capabilities, be punctual and follow high professional standards. The internship provided shall be legal in nature relating to legal research, case brief, legal documentation, client consultation, management of the relationship between the lawyers and the clients, etc. along with facilitating the members of VAKEELSPOT to undertake research programs with the IFHE.

c. As a part of campus outreach program to establish a stable relationship with the college, VAKEELSPOT shall also initiate a Campus Ambassador Programme, where a student from the college shall be appointed by VAKEELSPOT, after an interview process organized by the college to recognize and pose the legal issues in and around the campus area so that VAKEELSPOT through its extensive reach of advocate and lawyers can provide legal aid and help to these people in need. and organize legal awareness and literacy sessions, capacity building, empowerment sessions for the poor and underprivileged, as a part of this program.

d. Aiming to establish a cell/centre on the campus itself for the law students known as the "Forum for Industrial Legal Development", where VAKEELSPOT shall from time to time send industrial specific legal issues to this cell/centre for its members to solve as a part of their student awareness and reach program in order to provide the students with understanding, awareness, and knowledge of the legal issues faced in the legal sphere.

e. Exchange of knowledge resources for extension, guest lectures, and any activities relating to the knowledge sharing.

f. Organizing joint conferences, seminars, workshops, discussion forums, legal-aid programs, policy brainstorming, and training programs to the entrepreneurs and business people, publications and other classes of people,

g. Providing Virtual Office services to all the interested alumni of the institutions. VAKEELSPOT believes that every law graduate passing out of Law colleges in India must have an opportunity to get discovered and to take off his professional journey. Therefore, it shall set up Virtual Offices for all the graduates of the esteemed Law School. Virtual Office is a unique platform for the alumni to get discovered alongside the most reputed advocates of India. Virtual Office shall provide the alumni with an opportunity to establish their credibility and develop their own practice minus the very high costs of running a law chamber.

h. In furtherance and advancement of the symbiotic relationship between the aforementioned two parties, VAKEELSPOT shall place, display and promote the logo/emblem of the legal institutions under IFHE on their website and media platforms.

i. Creating the facilities jointly for dispute resolution of the business groups and centres of excellence for the benefit of professionals and VAKEELSPOT.

The final approval of any project is subjected to the approval of both institutions and will be dependent, in part, upon the availability of guaranteed support funds.

3. It is the intention of the institutions that all research derived from the collaborative efforts of the two parties will be the joint property of both parties and any data collected from traders must be secure. Any sale of data must be approved by both parties and the revenue generated by selling the data must be shared equally.

4. Each participant in the exchange will enjoy the same rights and privileges as the students of the host institution and will be expected to abide by the rules and regulations of the host university during the Exchange.

5. It is envisioned that the partner universities will operate, at least in targeted areas, as a single entity with flexible, permeable boundaries supporting the particular research and educational activities. This kind of activity will redefine the institutional cultures in such a way that the community of the member institutions' will view internationalization as a necessary path to excellence.
6. The signatories of this MoU will review the relationship annually. An annual Addendum will define specific activities, schedules, deliverables, and milestones and funding levels required for that year.
7. The activities under the MoU will be undertaken by an Academic Collaboration Committee consisting of a senior representative of each university\organization, with two co-chairs, one from ICFAI Business School, The ICFAI Foundation for Higher Education, Hyderabad, India and the other from the FPTA.

8. This Memorandum of Understanding will commence on the date of its signing by both Parties, and shall remain in force for an initial period of three years. Any amendment of and/or modification to the MoU will require the written approval from both Parties. The MoU shall renew itself automatically for successive periods of three years unless either of the Parties notifies the other party in writing of its desire to terminate it upon six months' notice to the other party. The termination of this MoU shall not affect the implementation of the projects or programmes established under it prior to such termination.
9. This MoU does not constitute a legal or contractual obligation on the part of either party. It reflects an arrangement that is currently satisfactory to the parties involved. The parties agree to negotiate amendments to this memorandum as needed to meet the evolving requirements.
10. There will no cost burden whatsoever on FPTA out of the various activities envisaged until and unless a clear acceptance from FPTA is given in writing.

MEMORANDUM OF UNDERSTANDING

Oklahoma State University's proud legacy of extensive international activity had its beginning more than fifty years ago with United States President Harry S. Truman's appointment of OSU President Henry G. Bennett as the founding director of the Point Four Program. OSU's initial contribution to the Point Four Program was the establishment of an agricultural college in Ethiopia and played a significant role in the Program's evolution into the present-day United States Agency for International Development. Over the past fifty years, OSU has worked cooperatively with major international organizations and educational institutions, this work having benefited more than one hundred nations. On April 1, 1999, OSU entered a new era of international involvement with the dedication of the School of International Studies, which now serves as the center of all international endeavors undertaken by the University.

In an effort to continue and expand its long legacy and to promote increased understanding between the United States and the Republic of India, Oklahoma State University enters into this general agreement with ICFAI Foundation for Higher Education. The two institutions hereby agree to pursue cooperative activities to be conducted on the basis of equity and mutual benefit of both parties. Such activities may involve the areas of instruction, research, and extension and may include various forms of exchange among professionals and scholars within the two institutions.

Any specific initiatives developed under this Memorandum of Understanding shall be negotiated by the two institutions. Details of program content and attendant financial arrangements shall be clearly outlined in a separate document, which document will be entitled Activity Agreement and will be signed by appropriate authorized institutional officials.

The terms of this Memorandum shall begin on the date of signature by both parties and shall continue in effect until either of the parties expresses in writing to the other a desire to terminate. Such termination shall have no effect on any outstanding obligations contractually agreed upon between the parties in an Activity Agreement. In the event that discrepancies arise between this document and any translation of it to a language other than English, this English version shall prevail.

Memorandum of Understanding (MoU) for Shodhganga/Shodhgangotri

(A Repository of Theses and Dissertations submitted to the Universities in India)

This Memorandum of Understanding (MoU) is made and entered into on 04 (Day) 08 (Month) 2021 (Year) between the INFLIBNET Centre, an IUC of University Grants Commission located at /Gandhinagar, hereinafter referred to as "INFLIBNET" and ICFAI Foundation for Higher Education (University / Deemed University / Inter-University Centre), here in after referred to as the '**University**'.

WHEREAS, INFLIBNET Centre, an Inter-university Centre of the University Grants Commission, as its mandate, promotes open access to scholarly content generated in universities. The Centre has computers, network, software infrastructure and technical know-how required for hosting electronic versions of theses and dissertations in open access with interface to search, retrieve and access these content.

ICFAI foundation for Higher Education

WHEREAS _____(University / Deemed University / Inter University Centre) has agreed to take part in the process of digitisation of old theses and dissertations (not available in computerized machine-readable format) and building-up of digital repository and to promote, share and host its ETD in 'Shodhganga: A reservoir of Indian theses submitted to the Universities in India' and other universities in open access. 'Shodhganga' is a name coined by INFLIBNET Centre for refering to the respository of Indian Electronic Theses and Dissertations. The word "Shodh" originates from Sanskrit and stands for research and discovery. The 'Ganga' is the holiest, longest and largest river in Indian subcontinent which has held heart of its people captive and drawn millions of people to its banks since the dawn of history. The Ganga is the symbol of India's age-long culture and civilization, ever changing, ever flowing, ever loved and revered by its people. "Shodhganga", a repository of theses and dissertations submitted to Indian universities, is expected to keep growing to a formidable size as more and more researchers from India submit their research works to this ever growing reservoir. Under the initiative called "ShodhGangotri", research scholars / research supervisors in universities are requested to deposit electronic version of approved synopsis submitted by research scholars to the universities for registering themselves for the Ph.D programme.

This Memorandum of Understanding (MoU) defines responsibilities, liabilities and commitments of the institutions involved to ensure proper system implementation, to meet the objectives pertaining to submission and access to Electronic Theses and Dissertations as envisaged by the UGC vide its Notification (Minimum Standards & Procedure for Award of M.Phil/Ph.D Degree), Regulation, 2009 dated 1st June, 2009 / amendment made on 5th May 2016.

NOW, THEREFORE, in consideration of the mutual agreements herein contained, INFLIBNET and the University agree to the following terms and conditions:

I. **INFLIBNET Centre**

1. Provide access to ETD hosting server(s) at the INFLIBNET Centre 'Shodhganga'/'Shodhgangotri' to the University with accompanied software interface enabling University / its student to create metadata and upload their theses and dissertations in ETD repositories designed for this purpose. The INFLIBNET will take the responsibility of keeping the data intact and usable, keep back-up of the data so as to avoid its loss. The INFLIBNET will deploy

tools and techniques of digital preservation to ensure continuing access to scholarly content in digital formats and to protect them from media failure, physical loss and obsolescence.

2. Recommend to the UGC to extend financial assistance to the Universities under Sections 12(B) and 2(f) of UGC Act for digitization of theses and dissertations not available in computerized machine-readable format and / or for procurement and installation of a suitable computer system / infrastructure for creation of ETDs.

3. Provide configuration of system, specifications and technical guidance to the University for procurement of computer hardware and related systems for setting-up of ETDs.

4. Provide guidelines, technical standards and specifications for digitization of Ph.D. theses submitted to the university in past and for theses not available in computerized machine-readable format.

5. Impart training to at least one person from the university (from library field and / or from computer field) in creation, updation and computerized operation of digital repositories of ETDs especially on 'Shodhganga'.

6. Extend access to an anti-plagiarism software or provide services to evaluate theses for possible plagiarism and submit a report to the concerned university.

7. The INFLIBNET may refuse to host any material deemed by the INFLIBNET to be controversial in nature or is in violation of copyright act.

8. This right of refusal will not relieve the University / Ph.D. scholar of liability, both to INFLIBNET and to the public, for matter contained in the theses that may be libelous or actionable and to both INFLIBNET and copyright owners for copyright infringement by the Ph.D. Scholar.

9. The INFLIBNET Centre will not be responsible for i) errors, omissions, inaccuracies and quality of content or misinformation or for any damages caused to the user or any third party from the use of content provided in the theses; ii) safety and archiving of loaded content in cases of "force majeure" including natural calamities; and iii) printed version of theses.

10. INFLIBNET Centre will recommend or provide access to plagiarism software which university may use to detect plagiarism before awarding the degree.

11. The INFLIBNET Centre replicates the content of theses and dissertations on different server and other auxiliary storage media. However, the INFLIBNET Centre does not take the responsibility for the archiving or backing-up of loaded content. The universities, therefore, should also keep a back-up of their theses and dissertations.

12. INFLIBNET Centre also maintains a repository called "Shodhgangotri" for hosting the approved synopses of research topic submitted to the universities by the students for registering themselves under the doctoral programme. Research students/their supervisors are encouraged to submit approved synopses/research proposals and register their priority on a research proposal through the repository.

II. The University

1. The University would grant non-exclusive worldwide license to the INFLIBNET Centre for hosting and distributing their theses in digital format in 'Shodhganga'/ 'Shodhgangotri' or any other server designated for this purpose.

2. The University / its researcher scholars agree to host / upload a computerized machine-readable file in mutually agreed format of all theses on to the 'Shodhganga'/'Shodhgangotri' server at the INFLIBNET.

3. The University will not hold INFLIBNET Centre responsible for any errors and omissions contained in the original theses.

4. The University commits to digitize theses and dissertations and their bibliographic records submitted to the university and provide necessary infrastructure including manpower support for operation of ETDs.

5. Commits to utilize the assistance provided by the UGC on recommendation of the INFLIBNET for implementation of ETDs including their digitization.

6. Deputes at least one person from the university (from library field or from computer field) for undergoing training on implementation of ETD organized by the INFLIBNET and ensure that the person trained by INFLIBNET on ETD is / are deployed for the same job.

7. Arranges to provide training to research scholars or users of its library and staff of colleges affiliated to University in creation of electronic version of theses and their deposition in the ETDs.

8. Ensures use of standard software and metadata schema suggested / provided by the INFLIBNET for setting-up / development / operation of its ETDs .

9. Creates bibliographic records of all theses and dissertations submitted to the university in standard bibliographic formats prescribed by the INFLIBNET Centre from time-to-time and contributes these records for inclusion in the INFLIBNET's Union Catalogue (IndCat).

10. Commits to sharing of library ETD resources / databases with the INFLIBNET Centre as well as with other universities.

11. The University would agree to host their ETDs in the digital repositories 'Shodhganga or other servers' set-up at the INFLIBNET Centre, and grant non-exclusive licence to the Centre to make electronic version of theses in full-text (theses that are born digital as well as those that are digitized using scanners / digital cameras) accessible through open access ETD.

12. The University shall not use electronic version of theses digitized using funds given by the UGC for any commercial purposes. The University shall not rent, sell or license the use of or deliver or release or otherwise part with the possession of the systems / software or the INFLIBNET ETDs databases, Shodhganga or any part thereof to any other party (individual, institution, organization, etc.)

13. The University will also commit their own funds or grants for fulfillment of the project, if the project on implementation of ETDs demands more resources and funds to complete it.

14. The University will use the plagiarism software recommended by the INFLIBNET and made accessible to test the thesis submitted by the student for plagiarism before awarding the Degree. If the university is not subscribing to such software, it will use the software from the nearest Regional Centre, if any.

15. University would encourage and ensure that Research Scholars/ Research Supervisors deposit host their approved Research Proposals/ approved synopses on the "Shodhgangotri" once Ph.D. is registered.

III. Termination

Both, the Parties, will have rights to terminate the MoU at any time in case of breach of obligations and terms and conditions of the MoU. This MoU signed hereunder may be terminated by either party at anytime upon ninety (90) days prior written notice. Upon termination of this Agreement, the INFLIBNET / University will stop hosting their theses immediately while keeping the theses already deposited by the University in its archives for its users. The University shall stop using the INFLIBNET's ETD facilities and databases and return any software / hardware or digitized content provided by or through the INFLIBNET, back to INFLIBNET within the 3 months notice period.

IN WITNESS WHEREOFF, the parties hereto executed this MoU on this date above mentioned.

Memorandum of Understanding

This agreement is entered into and executed on the 18th day March 2020 between Munger University, Munger, a State University in Bihar.

AND

The ICFAI Foundation for Higher Education (Deemed-to be-University), Hyderabad, India

PREAMBLE

In the pursuit of excellence in scholarship and dissemination of knowledge to generate reciprocal benefit within a framework of openness, fairness and equity, that will serve both the partners, **The ICFAI Foundation for Higher Education, Hyderabad, India,** and **Munger University, Munger, Bihar** hereby sign a Memorandum of Understanding ("MoU") for Academic Collaboration. **The ICFAI Foundation for Higher Education, Hyderabad, India** and **Munger University, Munger, Bihar are hereinafter referred to as the "Parties".**

Aim of the MoU

The aim of this MoU is to provide an umbrella for academic activities that will strengthen mutual understanding, foster friendly co-operation, and to promote sustainable and productive academic collaboration and exchange between faculty, students, and researchers of both of parties.

Scope of the MoU

Areas of joint activity may include (but are not necessarily limited to) the following :

- Joint research and training programs;
- Faculty and student exchange;
- Joint proposals for external funding;
- Joint sponsorship of conferences;
- Joint publications;
- Exchange of materials, articles and other publications; and
- Other such activities as may be mutually agreed upon.

Activities Envisaged

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

REGISTRAR

THE ICFAI FOUNDATION FOR HIGHER EDUCATION
Deemed-to-be-University Under Section 3 of the UGC ACT, 1956)

1. In pursuit of this aim, the Parties hereby agree to undertake to promote, within the framework of the regulations applying in each of the institutions, and subject to the availability of resources, the following activities:

1-1. Research collaboration, including joint research projects in areas of mutual interest. This may also lead to the formation of Interdisciplinary Research Centers which involve inter-institutional collaboration to build a critical mass, particularly in emerging research areas;

1-2. Bilateral exchanges of students for periods of one fortnight to twelve months duration involving joint supervision of visiting research scholars;

1-3. Exchange of faculty members and research personnel. However, the number, timing and duration of such exchanges may vary according to the needs of the particular program;

1-4. Exchange of academic materials like publications, databases, courseware, and sharing of library resources like research papers, indices to theses, books and magazines on relevant subjects where possible and appropriate, and other academic information;

1-5. Sponsoring and conducting joint conferences, seminars, training programs, workshops and other academic meetings on matters of mutual interest.

1-6. Extending invitations for attending scholarly and technical meeting and assisting in making arrangements for attending national and international conferences.

General considerations

2. The terms of, and the necessary resources for, such joint activities and exchange programs shall be discussed and mutually agreed upon in writing by both Parties through the liaison officers specified by the parties prior to the initiation of the particular activity or program. Each party should approve any funding for such activities internally. The parties may also go for external funding. The final approval of any project is subject to the approval of both institutions and will be dependent, in part, upon the availability of guaranteed support funds.

3. It is the intention of the institutions that all intellectual property resulting from the collaborative efforts of the two parties will be the joint property of both parties, proportionate to the parties' respective contributions, unless

S. Vijayalakshmi

otherwise specified in an Addendum to the Memorandum of Agreement, or another writing signed by both institutions.

4. Each participant in the exchange will enjoy the same rights and privileges as the students of the host institution and will be expected to abide by the rules and regulations of the host university during the Exchange.

5. It is envisioned that the partner universities will operate, at least in targeted areas, as a single entity with flexible, permeable boundaries supporting the particular research and educational activities. This kind of activity will redefine the institutional cultures in such a way that the community of the members institutions' will view internationalization as a necessary path to excellence.

6. This signatories of this MoU will review the relationship annually. An annual Addendum will define specific activities, schedules, deliverables, and milestones and funding levels required for the year.

7. The activities under the MoU will be undertaken by the Academic Collaboration Committee consisting of a senior representative of each university, with two co-chairs, one from **The ICFAI Foundation for Higher Education, Hyderabad, India** and the other from **Munger University, Munger, Bihar.**

8. This Memorandum of Understanding will commence on the date of its signing by both Parties, and shall remain in force for an initial period of three years. Any amendment of and/or modification to the MoU will require the written approval from both Parties. The MoU shall renew itself automatically for successive periods of three years unless either of the Parties notifies the other party in writing of its desire to terminate it upon six months' notice to the other party. The termination of this MoU shall not affect the implementation of the projects or programmes established under it prior to such termination.

9. This MoU does not constitute a legal or contractual obligation on the part of either party. It reflects an arrangement that is currently satisfactory to the parties involved. The parties agree to negotiate amendments to this memorandum as needed to meet the evolving requirements.

ARTICLE 1
AREAS OF COOPERATION

This MoU aims to build a long-term relationship and to develop healthy and stable arrangements between both the Parties. Any collaborative programs, projects or activities proposed under the auspices of this MoU shall be subject to negotiation agreement and approval by and between the Parties. The forms of these collaborative programs, projects or activities may include but are not limited to:

(a) IcfaiTech recognizes QCI for capacity building interventions in the form of learning activities to enhance employability while using the Training and Capacity Building's (TCB) online platform eQuest for its students

(b) TCB- eQuest has a set of relevant online courses for learners of IcfaiTech. In the initial phase, IcfaiTech will offer courses from the domain of Quality viz. Total Quality Management (TQM), Total Productive Maintenance, from domain of Technology i.e. Blockchain and from the domain of management i.e. Project Management subject to satisfying the academic regulations of the University.

(c) TCB-eQuest will award Certification (Participation and Professional Competency Certificates) to eligible participants from TCB-eQuest

(d) IcfaiTech shall work and promote TCB-eQuest amongst Students, Trainees and Partners.

(e) IcfaiTech will work towards merger of relevant Credit Courses and Non-Credit courses of TCB-eQuest in the curriculum subject to satisfying the academic regulations of the University

(f) Specific eLearning courses/learning workshops/trainings around themes that form the major areas of QCI and IcfaiTech may be identified during the lifetime of this MoU

(g) TCB-eQuest can convert and develop IcfaiTech's existing physical modules in the eLearning courses to reach a wider audience if IcfaiTech requires.

(h) In designing the curriculum, the TCB-eQuest will give valuable inputs to the IcfaiTech in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.

(i) For Guest Lectures: TCB-eQuest to extend the necessary support to deliver guest lectures to the students of the IcfaiTech on the technology trends and in house requirements.

(j) Faculty Development Programs: TCB-eQuest to train the faculty members of IcfaiTech for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.

(k) Placement of Trained Students: TCB-eQuest will actively engage to help the delivery of the training and placement of students of the IcfaiTech into internships/jobs. The TCB-eQuest will itself absorb the students according to the requirement from the trained students.

Preamble

In the pursuit of excellence in scholarship and dissemination of knowledge to generate reciprocal benefit within a framework of openness, fairness, and equity, that will serve both the partners, **The ICFAI Foundation for Higher Education, Hyderabad, India**, and **Dr. B R Ambedkar National Law University, Rai, Sonepat, Haryana** hereby sign a Memorandum of Understanding ("MoU") for Academic Collaboration. **The ICFAI Foundation for Higher Education, Hyderabad, India** and **Dr. B R Ambedkar National Law University, Rai, Sonepat, Haryana** are hereinafter referred to as the "Parties".

Aim of the MoU

The aim of this MoU is to provide an umbrella for academic activities that will strengthen mutual understanding, foster friendly co-operation, and to promote sustainable and productive academic collaboration and exchange between faculty, students, and researchers of both the parties.

Scope of the MoU

Areas of joint activity may include (but are not necessarily limited to) the following:

- Joint research and training programs;
- Faculty and student exchange;
- Joint proposals for external funding;
- Joint sponsorship of conferences;
- Joint publications;
- Exchange of materials, articles and other publications; and
- Other such activities as may be mutually agreed upon.

Activities Envisaged

1. In pursuit of this aim, the Parties hereby agree to undertake to promote, within the framework of the regulations applying in each of the institutions, and subject to the availability of resources, the following activities:

1-1. Research collaboration, including joint research projects in areas of mutual interest. This may also lead to the formation of Interdisciplinary Research Centers which involve inter-institutional collaboration to build a critical mass, particularly in emerging research areas;

1-2. Bilateral exchanges of students for periods of one semester to twelve months duration involving joint supervision of visiting research scholars;

1-3. Exchange of faculty members and research personnel. However, the number, timing and duration of such exchanges may vary according to the needs of the particular program;

1-4. Exchange of academic materials like publications, databases, courseware, and sharing of library resources like research papers, indices to theses, books and magazines on relevant subjects where possible and appropriate, and other academic information;

1-5. Sponsoring and conducting joint conferences, seminars, training programs, workshops, webinars, talks and other academic meetings on matters of mutual interest.

1-6. Extending invitations for attending scholarly and technical meetings and assisting in making arrangements for attending national and international conferences.

General considerations

2 The terms of, and the necessary resources for, such joint activities and exchange programs shall be discussed and mutually agreed upon in writing by both Parties through the liaison officers specified by the parties prior to the initiation of the particular activity or program. Each party should approve any funding for such activities internally. The parties may also go for external funding. The final approval of any project is subjected to the approval of both institutions and will be dependent, in part, upon the availability of guaranteed support funds.

3. It is the intention of the institutions that all research derived from the collaborative efforts of the two parties will be the joint property of both parties, proportionate to the parties' respective contributions, unless otherwise specified in an Addendum to the Memorandum of Agreement, or another writing signed by both institutions.

4. Each participant in the exchange will enjoy the same rights and privileges as the students of the host institution and will be expected to abide by the rules and regulations of the host university during the Exchange.

5. It is envisioned that the partner universities will operate, at least in targeted areas, as a single entity with flexible, permeable boundaries supporting the particular research and educational activities. This kind of activity will redefine the institutional cultures in such a way that the community of the

member institutions' will view internationalization as a necessary path to excellence.

6. The signatories of this MoU will review the relationship annually. An annual Addendum will define specific activities, schedules, deliverables, and milestones and funding levels required for that year.
7. The activities under the MoU will be undertaken by an Academic Collaboration Committee consisting of a senior representative of each university, with two co-chairs, one from **The ICFAI Foundation for Higher Education, Hyderabad, India** and the other from **Dr. B R Ambedkar National Law University, Rai, Sonepat, Haryana.**
8. This Memorandum of Understanding will commence on the date of its signing by both Parties, and shall remain in force for an initial period of three years. Any amendment of and/or modification to the MoU will require the written approval from both Parties. The MoU shall renew itself automatically for successive periods of three years unless either of the Parties notifies the other party in writing of its desire to terminate it upon six months' notice to the other party. The termination of this MoU shall not affect the implementation of the projects or programmes established under it prior to such termination.
9. This MoU does not constitute a legal or contractual obligation on the part of either party. It reflects an arrangement that is currently satisfactory to the parties involved. The parties agree to negotiate amendments to this memorandum as needed to meet the evolving requirements.

Report on the webinar on "Women and Law" held on 09-01-2022.

The webinar on "Women and Law", was organised on behalf of ICFAI Law School, ICFAI Foundation for Higher Education, Hyderabad, and under the auspices of Center for Excellence in Cyber Law and Data Protection Law in association with Dr. B.R. Ambedkar National Law University.

Director, Prof A.V. Narsimha Rao Sir,Prof.HemalathaMam, Prof.Pratap Reddy sir, and guest speakerProf.Viney Kapoor Mehra, Vice-Chancellor, Dr. B.R. Ambedkar National Law University, Rai, Sonipat graced the ocasion.

We extended a warm welcome and heartfelt thanks to our guest speaker,Prof.Viney Kapoor Mehra, Vice-Chancellor, for accepting our invitation.

The professionals from legal fraternity, academics,colleagues and students attended the webinar on virtual platform.

Few expressions and impressions regarding rights and respect for women.

Women in our Hindu culture are worshipped and treated as goddesses

Paradise is at the feet of mother" "Who most deserves (my) reverence? Prophet said: 'Your mother' and he repeated it for three times, then fourth time Prophet said, "Your father.

That means, if medals are to be given, then mother gets all the three Gold, Silver, Bronze and Father has to satisfy himself with copper medal if any,or the consolation prize.

From this, one could clearly observe that mother is more favored thanfather in our culture.

But today's situation is quite distorted and deteriorated in terms of rights and respect for women and it is not the legislation alone that would bring about a change in society but it is the mind-set of the people in society that has to change.

The offences unleashed against women including cyber stalking and bulli Bai app on Gitupare such loathsome and reprehensible activities carried out by the perpetrators and they do not appear to be serious about the consequences of law.

We are inundated with laws but are they going to be the saviour for women or just an addition of one more law to the existing number.

Director,Prof A.V. Narsimha Rao Sirrendered opening remarks and concluding remarks on the theme of webinar in which he said that woman is the enemy of another woman. There should be mutual understanding between Mother in – law and daughter –in –law, so as bring harmonious relationship in family.

A woman plays the role of a mother, sister, daughter, wife, so on and so forth and mother is the first teacher to her children and she is the one who lays the strong foundation for the growth of her children and impacts their lives.

The guest speaker delivered her lecture briefly explaining the need for the awareness of women's rights and highlighting briefly the significance of Commission and various Acts like

National Commission for Women

The Immoral Traffic (Prevention) Act, 1956

The Dowry Prohibition Act, 1961 (28 of 1961) (Amended in 1986)

Protection of Women from Domestic Violence Act, 2005

The Sexual Harassment of Women at Workplace (PREVENTION, PROHIBITION and REDRESSAL) Act, 2013
