Report on Career Counselling Course conducted during Academic Year 2018-19

Career Counseling and Guidance is an integral part of the academics in almost all the programs of IcfaiTech. Towards this, IcfaiTech provides guidance for career counseling and guidance, corporate training and skill enhancement, building corporate relations.

All the students in IcfaiTech are given an overview of the career prospects in their respective area, during the induction program itself. Experienced faculties provide an overview of the career options available, types of companies visiting the campus for recruitment, the process of placement, and the training programs conducted by IcfaiTech to enhance students' skills.

In this regard, to help our students to face this challenge, we at IcfaiTech have offered classes for both the IIIrd year and IVth year students on few selected topics by the respected faculty in that subject.

The following table summarizes the subjects that have been organized for the students and the faculty who have guided are as follows:

S.no.	Subject	Faculty	Duration	Time
