Student Registration:

Course Registration: The students get registered to the courses every semester, through their SIS portal.

Section Allocation: Based on their registration, they are allotted into particular sections, through which allocation is done.

Faculty

Define Components for evaluation: The faculty decides the number of components in which exams to be conducted. And each component weightage is designed and exams are conducted accordingly as per schedule.

Question paper: The Question paper is set by the allotted faculty and is reviewed. The final paper is sent for the approval by Examination department.

Marks entry/ upload/submit: Once the examination is conducted, marks are entered for each student, and submitted. It can be visible to the students after the approval.

Marks for approval: The assigned marks are sent for approval by examination department.

Exam Schedule: Either Midterm or Final End term, the schedule is prepared by the Examination department.

QP setter:

This has the details regarding, who is setting the question paper.

It contains the details such as

Subject, Mode (for courses), Code of course, Course name, Units (Number of credits), name of Question paper setter, Reviewer.

Once the Question paper is set, the submission is done by faculty and is then approved by Academics. Once it is approved, it is visible to the students in SIS (Students information system) at the time of Examination as per schedule.

Grading calculation:

Grading is calculated in two different ways: Absolute and Relative

In IBS, relative grading is being followed. It is based on the total strength, class performance, the cutoff is decided.

Grading is done in five different classes A, B, C, D, E; NC (Not Clear); GA (Grade Awaited); DP (Dropped from program), RC (Registration Cancel due to malpractice).

SGPA (GPA Calculation): The Semester grade CGPA is calculated as follows

Credits

A- 10

B- 8

C- 6

D- 4

E- 2

For each course number of subjects * Number of units* credits = GPA.
