Program Overview

The FDP on "Supply Chain management" is aimed at addressing the contemporary challenges faced by academicians while teaching Supply Chain Management in Classrooms. The faculty development program conducted by IBS Hyderabad is an attempt to help faculties gather the requisite knowledge and skills to be able to deliver the content and lecture effectively. The five Day program is an introductory course on some of the pertinent pedagogical topics.

About Program

IBS Hyderabad is dedicated to offer research and teaching skill enhancement programmes for fellow faculty of business schools in India. IBS Hyderabad Faculty Development Programmes (FDPs) are equipped to bridge the gap in quality research and teaching skills required by modern management educators in India.

About the University

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be-University established under section 3 of the UGC Act, 1956, Government of India. IFHE has three faculties viz., engineering, management, and law. IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. IFHE has a large and well-qualified faculty pool comprising of mostly doctorates with rich industry experience. The faculty members are involved in research, case development, and industry consultancy. The IFHE campus at Hyderabad is a 91-acre lush green campus with a built-up area of over 16 lakh sq. ft. The campus is fully residential, Wi-Fi enabled and equipped with state-of-the-art facilities. Hostel facilities are available to students. Sports play a vital role in the all-around development of students. A wide range of indoor and outdoor games facilities are available.

About the B School

ICFAI Business School (IBS) is a constituent of the IFHE. Established in 1995, IBS is one of the consistently top-ranked business schools in India. The school has been re-accredited by South Asian Quality Standards (SAQS), rated A** by CRISIL, EB2 IN by ICRA and as an Excellent Business School by Eduniversal. The programs offered at IBS include PhD, MBA and BBA. IBS faculty members have published several research papers in reputed International and National journals. IBS has a dedicated Case Research Centre (CRC) which is managed by a team of knowledge workers having years of academic and corporate experience. Case studies developed by IBS Hyderabad are used by the elite B-schools and premier consulting firms around the world. The institution has regularly won many awards and recognition in some of the most prestigious global Case Writing Competitions such as the EFMD Case Writing Competition, the Oikos Global Case Writing Competition, the John Molson Case Writing Competition, Dark Side Case Writing Competition, Baylor-USASBE Student Case Research Competition, etc. Some of the cases have also regularly figured in the list of The Case Centre's best sellers.

Faculty Development Program

On

Supply Chain Management

IBS Hyderabad organized a 5 day Faculty Development Program on Supply Chain Management between 11 - 15 October, 2021. Distinguished faculty members shared their wisdom and vast experience on the topic. All the teaching faculties of IBS Hyderabad were invited to attend the program.

Participants exchanged their knowledge on various topics like Introduction, Supply Chain Risk Management, Reliability in Risk Management, Supply Chain Traceability and other allied fields. The concepts related to the topics and their applicability were focused upon in great detail. The FDP aimed to understand the paradigm shift in Supply Chain Management.

During the 5 days FDP program, the participants also discussed various pedagogies of teaching Supply Chain Management effectively and efficiently to the students so that they are better enabled to tackle the challenges of the domain in the real world.

- Mid Term Examination 20%
- Post-Mid Internal 15%
- Comprehensive Examination 50%
- at the end of the semester
- TOTAL 100%

- The purpose of the examination is to test the student's understanding of concepts, tools and techniques, their practical application, analytical abilities and problem solving skills and student's ability to provide interdisciplinary perspectives.
- **Comprehensive examination:**
- Comprehensive examinations are the written components of the evaluation(s) covering entire syllabus for the entire course, conducted at the end of the semester.
- The written examination consists of questions like
- short-answer,
- descriptive-answer,
- cases/problems.
- Problem solving questions for long answers shall have 5 components like concept, Issues, Laws applicable, quoting of landmark decided cases and decision with reasoning.
- Clinical courses are evaluated by submission of records, court visit, diaries, moot court memorials and trial and viva-voce in addition to the written examination.
- ADR, Moot Court, Professional Ethics and Drafting Pleading and Conveyancing
- At the end of every semester, if the performance of the student is bad, he/she will be counselled by the Academic Counselling Committee and the performance will be reported to his/her parents.

SESSION ON MENTOR MENTEE RELATIONSHIP

CONDUCTED ON 30 JULY 2021

A session was organized for the staff of ICFAI Law School, Hyderabad on the 30th July 2021 from 11 am to 12 noon. The session was conducted online on Microsoft Teams and was mandatory to attended for all teaching staff. This session acted as an onboarding session to the concept of mentorship for the new faculty and as a refresher session for the existing faculty.

ICFAI Law School follows a unique system where one faculty is allotted 30-40 students as mentees and it becomes incumbent upon the faculty to look after the students.

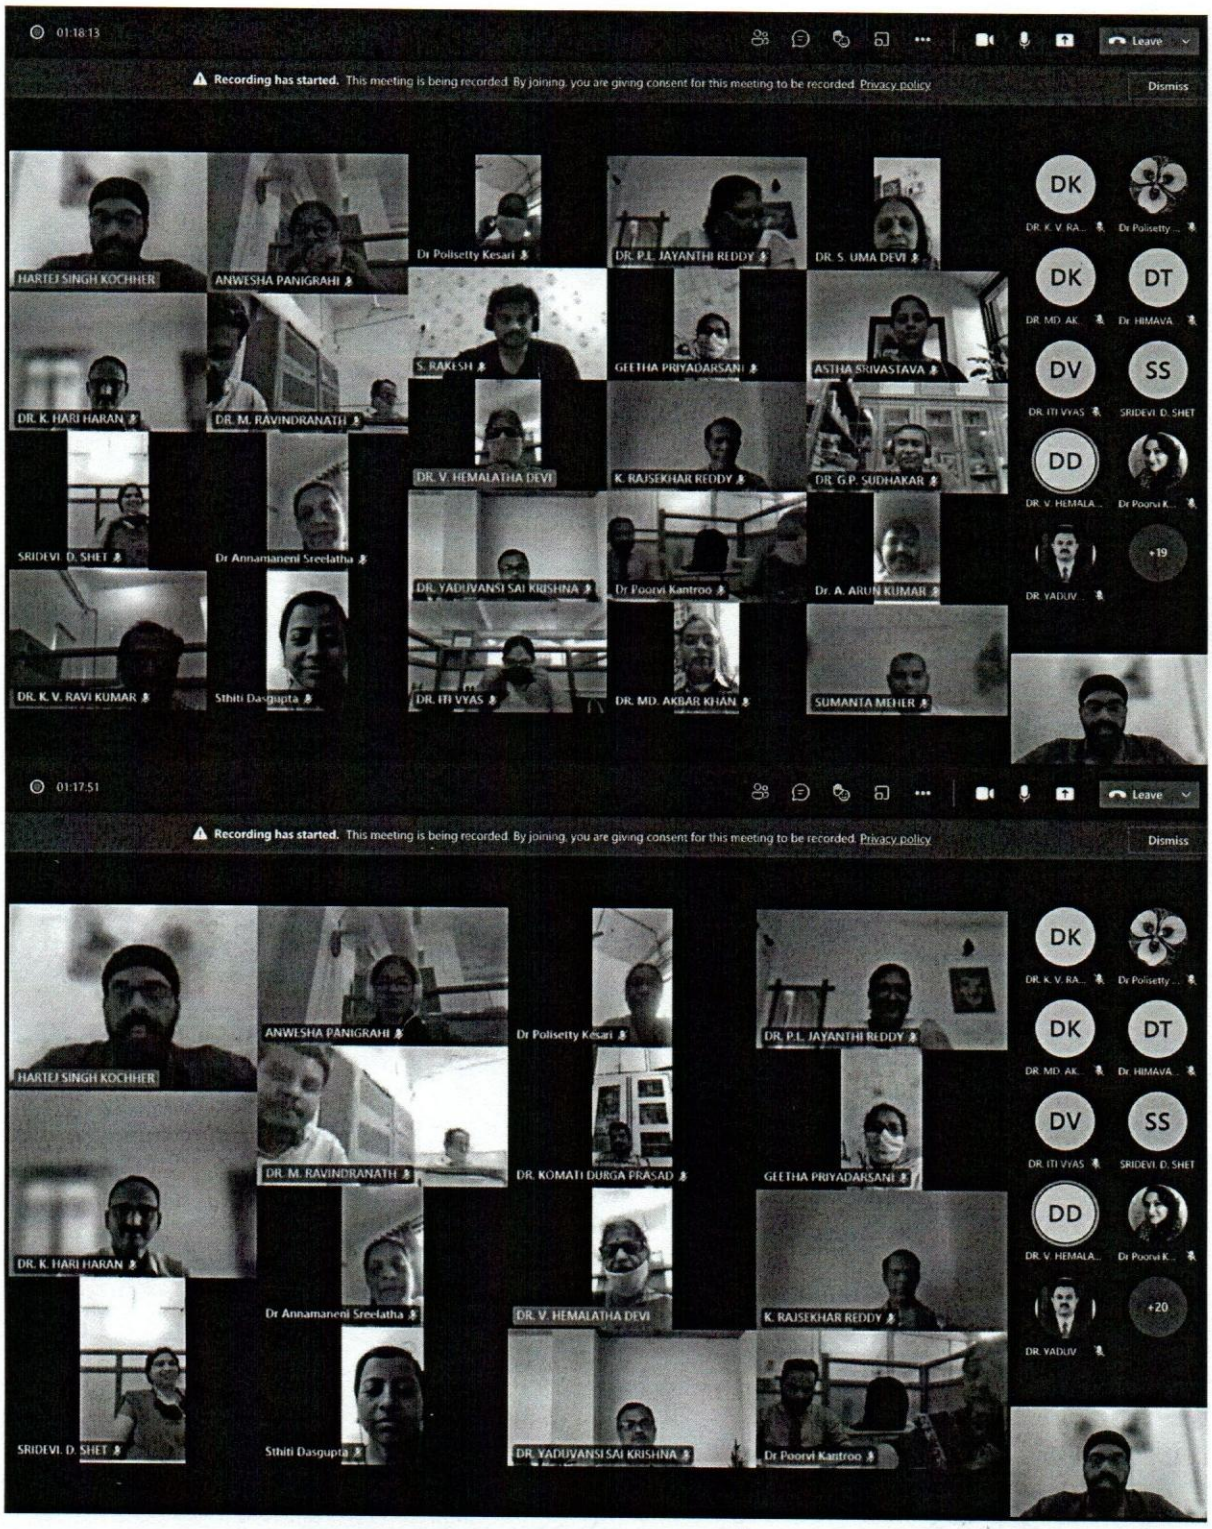

The following were discussed during the session –

1. The need to have a mentee mentor relationship
2. The benefits of such a relationship to the mentor
3. The benefits of the relationship to the mentee
4. The importance of the relationship to build institutional affinity
5. The explicit process of mentorship followed by ICFAI Law School, Hyderabad
6. The role of the mentor as a friend and a guide
7. The need to balance a professional relationship with a personal touch (thin line)
8. The role of mentor as a motivator
9. The role of mentor in the exam process, legal internship process and other ancillary roles
10. The need to follow a non-judgmental approach towards students
11. The role of mentor in value addition to the mentee outside the classroom

After the conclusion of the session, a discussion was held wherein senior faculties – Prof.Dr.Hemalatha Devi, Associate Prof.Dr. Madhuri Irene and Associate Prof.Dr. Akbar Khan guided the new faculty members and shared their opinions on the session. For the mentors

THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed to be University Under Section 3 of the UGC ACT, 1956)

Program Overview

The online FDP on "Case Teaching" is aimed at addressing the contemporary challenges faced by academicians while teaching through cases in Classrooms. The faculty development program conducted by IBS Hyderabad is an attempt to help faculties gather the requisite knowledge and skills to be able to deliver the content and lecture effectively. The five Day program is an introductory course on some of the pertinent pedagogical topics.

About Program

IBS Hyderabad is dedicated to offer research and teaching skill enhancement programmes for fellow faculty of business schools in India. IBS Hyderabad Faculty Development Programmes (FDPs) are equipped to bridge the gap in quality research and teaching skills required by modern management educators in India.

ICFAI Foundation for Higher Education
(Deemed-to-be University under Section 3 of the UGC Act, 1956)
Autonomous Institution. Accredited by NAAC with 'A+' Grade

AACSB ACCREDITED

About the University

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be-University established under section 3 of the UGC Act, 1956, Government of India. IFHE has three faculties viz., engineering, management, and law. IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. IFHE has a large and well-qualified faculty pool comprising of mostly doctorates with rich industry experience. The faculty members are involved in research, case development, and industry consultancy. The IFHE campus at Hyderabad is a 91-acre lush green campus with a built-up area of over 16 lakh sq. ft. The campus is fully residential, Wi-Fi enabled and equipped with state-of-the-art facilities. Hostel facilities are available to students. Sports play a vital role in the all-around development of students. A wide range of indoor and outdoor games facilities are available.

About the B School

ICFAI Business School (IBS) is a constituent of the IFHE. Established in 1995, IBS is one of the consistently top-ranked business schools in India. The school has been re-accredited by South Asian Quality Standards (SAQS), rated A** by CRISIL, EB2 IN by ICRA and as an Excellent Business School by Eduniversal. The programs offered at IBS include PhD, MBA and BBA. IBS faculty members have published several research papers in reputed International and National journals. IBS has a dedicated Case Research Centre (CRC) which is managed by a team of knowledge workers having years of academic and corporate experience. Case studies developed by IBS Hyderabad are used by the elite B-schools and premier consulting firms around the world. The institution has regularly won many awards and recognition in some of the most prestigious global Case Writing Competitions such as the EFMD Case Writing Competition, the Oikos Global Case Writing Competition, the John Molson Case Writing Competition, Dark Side Case Writing Competition, Baylor-USASBE Student Case Research Competition, etc. Some of the cases have also regularly figured in the list of The Case Centre's best sellers.

Date: 20/4/2021

Case Teaching FDP

Dear Colleagues

Greetings

Hope all of you are taking care of yourself in these difficult times.

As part of our ongoing efforts at enhancing faculty quality and competence we plan different programs and initiatives from time to time. One such initiative that we are planning is the Case Teaching Workshop **(April 26-30, 2021)** for all faculty members of IBS Hyderabad. It is not out of place to mention here that IBS Hyderabad has been one of the earliest adopters of the 100% case method in its MBA curriculum. A large part of the credit and success of the case approach goes to faculty colleagues.

For this workshop, we are glad to inform you that some of the finest faculty from top management Institutes such as the IIMs will be discussing and demonstrating the different tools and techniques for managing the learning process in the classrooms in Case discussions. This workshop is a refresher and reenergizing initiative for all faculty colleagues as we expect new learning and inputs from experts in the area.

For sake of flexibility and greater focus we have planned the sessions domain wise. In addition, we have sessions where Prof. S Raghunath, Senior faculty, and well-known Case teacher from IIMB will deal with a case in Strategy (General Management area), besides sessions by Prof. Debapratim which will be attended by all the faculty members. **Please see the schedule below.**

We request all of you to attend the workshop session as per the schedule. In domain wise sessions the respective faculty members from that area will necessarily attend but faculty from other areas are free to join the sessions. The schedule from Monday April 26, 2021 onwards till April 30, 2021 given below is self-explanatory. Zoom link for the sessions are mentioned from where you can login to the sessions. Reading material, Assignments and Case studies that faculty are expected to read before their respective sessions will be circulated by the Area Heads to faculty colleagues in the department. Kindly prepare accordingly to get the best out of these sessions. We request you to express any specific area of concern / query that you generally confront during case sessions (use google form link given below). These will be shared with the Resource Person.

https://forms.gle/2NSWGUTm9NXtQtUMA

We request you to kindly keep the Cameras on during the workshop sessions and be in formal attire. Solicit your cooperation.

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT,1956)

The workshop will be formally inaugurated by Prof J Mahender Reddy, Vice Chancellor, IFHE on Monday **April 26, 2021 at 9:45 am.** Kindly join for the inaugural (link mentioned in schedule below) and continue in the same link for next session which begins 10 am. Please see schedule below.

Best wishes and great learning.

Schedule

Case Teaching Workshop 2021

April 26-30, 2021

Objectives of the Case Teaching Workshop

1. To develop skills and competencies needed for effective case teaching.
2. To discuss the tools and techniques required for navigating a successful case class in online environments.
3. To discuss effective methods of online engagement and assessment during the Case Discussion.

	Day and Date	Inaugural Program – Workshop on Case Teaching for IBS Hyderabad Faculty
	Monday April 26, 2021	Inaugural and formal launch of the Case Teaching workshop by Vice Chancellor, ICFAI Foundation for Higher Education, Prof J Mahender Reddy. 9:45 – 9:55 am Zoom Link: https://zoom.us/j/97126805799?pwd=SVpVRjRjYjI2N2hqY2VsdmVKcTExZz09

The case method of teaching

Introduction

Ever since Harvard first introduced case discussions, more and more B Schools have been using cases in the classroom. In India, IIM Ahmedabad was one of the first institutes to use cases. But unfortunately, barring a few other B Schools, like ICFAI, case discussions have not caught on in India, as much as they should have. This is a pity, because in the real world of business, intuition, critical/lateral thinking, experimentation and the ability to take decisions without sufficient information, are the capabilities, which managers need to succeed. And there is little doubt that cases go a long way in developing such capabilities.

Understanding the Case Method

Cases approximate the kinds of situations students are likely to encounter when they become managers. A case is nothing but a management situation written in a simple, narrative style. It provides some but not all the relevant facts.

Cases help students in understanding how to ask the right questions and develop a better conceptual understanding of the problem at hand. As Peter Drucker has put it so well, failure to define the problem is more often than not the cause of poor decision-making.

Cases also help students sharpen their analytical skills, since they must produce quantitative and qualitative evidence to support their recommendations and decisions. In case discussions, participants are challenged by instructors and fellow participants to defend their arguments and analyses. Consequently, the participants hone their problem-solving skills and develop the ability to think on their feet.

Cases also help to develop a generalized approach to business situations. At the end of each case discussion, the student benefits enormously by asking, "What did I learn?" and "How does the situation and the lessons I have learnt, relate to other situations?"

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT,1956)

The greatest pedagogical benefit of the case method is that it generates a high degree of involvement in the learning process. People learn the most from those things in which they are most deeply involved. In the lecture method, there is minimal student involvement whereas in cases, students are very actively involved.

Research reveals that roughly 10% of learning happens through listening to a teacher, about 20% through mentoring and coaching and 70% or more happens through learning by doing. Compared to lectures, case discussions come much closer to learning by doing.

The Essence of Case Discussions

The most important point to note about a case discussion is that it must be student-driven. If students do not take part actively in the discussion, little learning will take place. So, the students must take center stage and the instructors must remain in the background.

But this does not mean that we the faculty members have no responsibility. Indeed, the way we handle a case discussion is probably the most crucial factor in determining the extent of learning. After all, cases can be licensed from reputed institutes like Harvard Business School. But if the cases are not handled well in the class, the consequences can be disastrous. We must be able to ask thought provoking questions and meet each response from a student with an appropriate question. Asking great questions is not easy and comes only with experience and mentoring by experienced faculty.

The key skills required in a case instructor are:

- the ability to listen, rather than talk
- the readiness to assimilate and integrate different ideas coming from the class.
- the presence of mind to ask the right question at the right time.
- the skill to keep moving the discussion forward at a reasonable pace.
- the ability to maintain classroom discipline and focus without scaring or inhibiting the students.

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT, 1956)

Indeed, in a well-managed 75-minute case discussion, we the faculty members, should speak for not more than 10-15 minutes. Excessive talking on our part is a clear sign that things are not moving smoothly. However, there will be the need to talk at times. For example, there may be some points that the class has overlooked and we must point them out. This we should typically do when we sum up the discussion at the end of the class. This also helps us to establish our credibility by showing that we do know a thing or two!

It may be emphasized that the real learning in a case discussion stems from a free exchange of ideas between the students. Static forms of case handling, such as a presentation by the teacher or by a group of students or a written analysis of the case can at best supplement the classroom discussion.

Some Useful Ground Rules

To make case discussions effective, a few ground rules must be observed.

- Attendance should be made compulsory. Unlike lectures, (where one can borrow the notes of a classmate) one has to be in the class to experience what is going on.

- Coming late to class should be discouraged as this upsets the rhythm of the class.

- Students should come well prepared to the class and do most of the talking. One way to encourage this is to recognize and call out the students who come well prepared to the class.
- We the faculty members must not try to dominate the class. If we put forward our views right at the beginning of the class, the discussion will lose its excitement.

- That does not mean we should be silent spectators when there is a free-for-all in the classroom. We should maintain discipline in the class, but do

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University under Section 3 of the UGC ACT, 1956)

so without any heavy-handedness as this may inhibit the students. As Prof Raghunath mentioned, we must learn to be comfortable with chaos and go with the flow when the situation demands. We should feel satisfied, not upset, when we see constructive disagreements in the class.

- Generally, we should pull up students only in two circumstances. One, when they talk out of context and break the flow of the discussion, especially when an important point is being discussed. Two, when they make statements full of factual errors that clearly indicate inadequate preparation for the class.

- A major challenge for us, when many hands are going up, is deciding who should speak. This is clearly a matter of judgment. Here, it helps to have a good understanding of the students' background. We should ask that student to speak, who we feel will be able to build on the points that have been covered and take the discussion forward. Choosing the wrong student to make a point, at a critical juncture during a discussion, can be one of the biggest mistakes we can make as instructors.

- Broad-based participation by the students is the hallmark of a good discussion. At the same time, it is important to note that all the students will not get a chance to speak in one particular discussion. Listening intently to what others say, is also part of the learning process. Indeed, when evaluating students, we must not only consider how many times they have spoken. It is also important to assess how well they have internalized and absorbed the concepts. So as Prof Shailesh Gandhi mentioned, surrogate measures such as performance in quizzes and exams should be taken into account while awarding marks for class participation.

- We should let the class know, but in a subtle way, who is making a positive contribution and who is not. For example, we can make a student realize that he has made an illogical or unreasonable statement, inconsistent with the facts of the case, not by a direct attack, but by seeking the opinion of other students. A question like "Do you think that

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT, 1956)

is right?" can evoke the necessary responses from other students and put the erring student in his place.

- A tricky issue which we instructors face is handling doubts/ clarifications in the class. As far as possible, students should be encouraged to seek clarifications from us before the class. If we are requested to clear doubts in the classroom, we may find ourselves getting drawn into the discussion, leading to a lecturing mode. A good way of handling such a situation is to ask other students to clear these doubts. Very often, the student posing the query will realize that he could have arrived at the answer himself with better preparation.

- We must demonstrate our concern and empathy for the students in various ways. Statements like, "I know Anish wanted to speak in the earlier class, but could not get a chance. I now invite him to make the opening remarks," show genuine concern for the students. Or, we may say, "In the second class of this course, Suresh remarked that the key issue in the management of Small and Medium Enterprises is working capital. Today's class is about a small company struggling to raise short-term funds. May be Suresh can now discuss the point he could not make in that class because it was not so relevant to that case."

- Problem definition, lies at the core of a case discussion. Sometimes there is an overriding issue and several sub issues. The students must learn to see the broader problem context. The scope of the problem, however, should not be unrealistically and unmanageably broad.

- Good problem definition is not an intellectual exercise. It should facilitate action-oriented answers. It should deal with the issue at hand from the perspective of an individual manager, recognize her responsibilities and scope of the authority, as well as the limitations associated with that position.

Overview:

Cyber-attacks such as hacking of business websites, computer systems, and cyber-physical systems are increasing exponentially. Cyber-attacks affect the performance of the attacked systems and gives undesirable access to confidential business and crucial personal data resulting in loss of fortune, theft of financial information and embezzlement. Cyber-attacks and the resulting security breaches are part of a rapidly expanding international cyber-crime societies which target not only the bigger and reputed companies and organizations but also smaller and individual people. These attacks not only cost industries and individuals to lose valuable information it also sometimes results in damage to reputation.

Cyber security deals with the aspects of protection against the illicit or unauthorized use of electronic data or the measures taken to protect oneself from cyber-attacks. Effective cybersecurity reduces the risk of cyber-attacks and protects organizations and individuals from the unauthorized exploitation of systems, networks, and technologies.

Objectives:

This FDP will enlighten the practice of defending computers, servers, mobile devices, electronic systems, networks, programs, and data from digital attacks, damage, or unauthorized access. Cyberattacks aim to access, modify, or destroy sensitive information; recent attacks also led to users' money extortion by interrupting normal business processes. This FDP will help the teaching fraternity explore the specific security domains and empower them to meet the respective domains' challenges. Further, they will be able to disseminate the knowledge among budding researchers, engineers, and practitioners to benefit society.

Resource Persons:

Eminent personalities and experts from IITs, NITs, IIITs, and renowned Indian and foreign universities will be delivering the lectures. Also, faculty from the department of Computer Science and Engineering at IcfaiTech, Hyderabad will be the resource persons.

Course Content:

Digital citizenship, rights, and responsibilities
Cyber ethics and digital etiquette
Threats in the digital world
Overview to cybercrimes and online harassment
Cyber health and wellness
Introduction to cybersecurity
Challenges in building a secure cyber ecosystem
Cryptography and crypto-analysis
Intrusion detections and prevention techniques
Network security measures
Vulnerability assessment and penetration testing
Cloud and IoT security engineering
Block chain and cryptocurrency
Wireless network security
Software and web application security
System security – OS security
Multi-server authentication
Light weight cryptosystem
Design of secure protocol
Cyber physical system security

Registration is open to:

- Faculty Members
- Research Scholars and
- Personnel with basic knowledge in the core subjects.

Registration:

Registration to the FDP program can be done by filling in the details using the link/QR code as appended below.

About ICFAI Group:

ICFAI was established in 1984 as a not-for-profit society whose broad objective is to empower citizens through world-class quality education. ICFAI has established 11 Universities across India. The ICFAI Universities are located at Hyderabad [The ICFAI Foundation for Higher Education (IFHE), which is a Deemed University], and Dehradun, Himachal Pradesh (Baddi), Jaipur, Jharkhand, Meghalaya, Mizoram, Nagaland, Raipur, Sikkim, and Tripura are state established private Universities.

About IFHE Hyderabad:

The ICFAI Foundation for Higher Education is a deemed University established under section 3 of the UGC Act, 1956. It has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant values to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. The University is a member of the Association of Indian Universities (AIU) and Association of Commonwealth Universities (ACU). IFHE offers UG, PG, and Ph.D. programs in Management (ICFAI Business School), Science and Technology (IcfaiTech), Law (ICFAI Law School) and Architecture (ICFAI School of Architecture).

About IcfaiTech:

IcfaiTech (Faculty of Science & Technology) is a constituent of The ICFAI Foundation for Higher Education (IFHE). IcfaiTech aims at nurturing graduates and researchers who are critical thinkers, creative, and have a holistic education experience. Students are given the flexibility to choose their academic courses from a wide range of electives offered to them at the first degree and higher degree levels. Innovative methods of teaching, cutting-edge curriculum, workshops, and internships further broaden our students' intellectual and global outlook.

Workshop Details

Title: Five Day Faculty Development Program on Advancements on Cyber Security
Organized by: Dr. B. Deevena Raju, Dr. P. Pavan Kumar, Mr. Abhishek

Duration: 8th – 12th March 2021

Patron(s):

Prof J. Mahender Reddy, VC, IFHE

Prof. M. Srinivasa Reddy, Director, IcfaiTech, IFHE, Hyderabad

Advisory Committee:

1. Prof. V. Pandu Ranga Rao
2. Prof. Sayaji Hande

Resource Persons:

Eminent personalities and experts from IITs, NITs, IIITs, and renowned Indian and foreign universities were delivering the lectures. Also, faculty from the department of Computer Science and Engineering at IcfaiTech, Hyderabad were the resource persons.

Outcomes:

- Digital citizenship, rights, and responsibilities
- Cyber ethics and digital etiquette
- Threats in the digital world
- Overview to cybercrimes and online harassment
- Cyber health and wellness
- Introduction to cybersecurity
- Challenges in building a secure cyber ecosystem
- Cryptography and crypto-analysis
- Intrusion detections and prevention techniques
- Network security measures
- Vulnerability assessment and penetration testing
- Cloud and IoT security engineering
- Block chain and cryptocurrency
- Wireless network security
- Software and web application securitySystem security – OS security
- Multi-server authentication

Total Number of Participants registered: 60
Total Number of Participants Attended: 42
Platform: Google Meet

ICFAI FOUNDATION FOR HIGHER EDUCATION ★ HYDERABAD

FDP Objective

This FDP will enlighten the practice of defending computers, servers, mobile devices, electronic systems, networks, programs, and data from digital attacks, damage, or unauthorized access. Cyberattacks aim to access, modify, or destroy sensitive information; recent attacks also led to users' money extortion by interrupting normal business processes. This FDP will help the teaching fraternity explore the specific security domains and empower them to meet the respective domains' challenges. Further, they will be able to disseminatethe knowledge among budding researchers, engineers, and practitioners to benefit society.

Details of sessions:

Day/Session	Session1 (10.00AM- 11.15 AM)	Session2 (11.30AM- 1.00 PM)	Session3 (2.30 PM to 4.00 PM)
Day1 Monday (08/03/2021)	**Inauguration Session**	Introduction to Cyber Security - Layered approach, Cryptography andCryptanalysis (Dr. Y.V. Subba Rao, Associate Professor, School of Computer and Information Sciences, University of Hyderabad)	Cyber Peace Keeping (Dr. Vadivel Ayyasami, DEAN, IcfaiTech, Hyderabad)
Day2 Tuesday (09/03/2021)	Security in Pervasive Computing (Dr. Rukma Rekha, Associate Professor, School of Computer and InformationSciences, University of Hyderabad)	Block Chain and Cryptocurrencies(Dr. S. Venkatesan IIIT-Allahabad)	Cloud and IoT Security Engineering, Wireless NetworkSecurity (Prof. S Verma, IIIT-Allahabad)
Day3 Wednesday (10/03/2021)	Security Challenges posed by Mobile Devices, Registry settings for mobile devices (Ms. Anjana, Scientific Officer TS-Forensic Science Lab)	Bio-Metric Security (Dr. D. Sadhya IIITM-Gwalior)	The need for computer forensics, Cyber forensics and digital evidence, forensics analysis of Email, Major forensic tools Demonstration (MS. Anjana, Scientific Officer TS-Forensic Science Lab)
Day4 Thursday (11/03/2021)	Mobile Security (Dr.P. Sateesh Kumar, Associate Professor, IIT, Roorkee)	An Indian Case of Intellectual property crime, financial frauds inCyber Domain. Pavan Kumar Thota, Head, EIS-HTT Tata Consultancy Services (TCS) Ltd.	Cyber Security and Data Protection Laws (Dr. Md Akbar Khan, Associate Professor, ICFAI Law School, Hyderabad)

ICFAI FOUNDATION FOR HIGHER EDUCATION ★ HYDERABAD

Overview:

The Internet has deeply rooted itself into our education system and digital learning has become common practice. The current growth of online education in India is driven by a combination of demand, supply and macroeconomics drivers such as Government Digital Initiatives, Large Young Population, Increasing Smart User Base, Improving Internet Penetration, Availability of Quality Education, Attractive Cost of Online Education etc.

This Online Faculty Development Program aims to develop the required skills to effectively utilize ICT tools and make them an essential component of the teaching-learning framework. The program aims to assist the teaching fraternity from all disciplines in using various technologies related to the development of e-content and managing online classes. The FDP is designed to disseminate knowledge of some of the important digital tools used for academic purposes. This will help them to manage their curriculum and also in extending effective support to the students in terms of improved learning and communication. The participants will be trained in developing e-content in the form of presentations, videos, infographics which are engaging and interactive and would better cater to the needs of students with different learning styles.

Objectives:

- To encourage faculty/staff/students to use digital technologies in teaching learning
- To promote digital learning by creating awareness of various techniques and tools such as virtual classrooms, econtent, cloud based learning, social learning, collaboration learning, LMS, Lightboard, ScanMarker Air, Wacom Wireless Pad, etc.
- To help the technical teachers to learn new tools or techniques for digital learning.

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT,1956)

Course Content:

- Introduction to ICT and its importance
- Computer fundamentals
- Working with Windows OS
- Introduction to internet
- Introduction to Office Packages
- Introduction to Google Apps
- Google drive, Google Docs, Google Sheets, Google Slides,
- Google Forms & Google Quiz, Google Classroom
- Introduction and Application of Smart Board
- Using online learning platforms
- Using modern learning tools to emphasize concepts
- NPTEL, MOODLE,
- YOUTUBE & other internet resources

Resource Persons:

Dr. M. Srinivasa Reddy	Dr. A Vadivel
Dr. A. Chandra Shekhar	Dr. Rajesh Jha
Mr. K. Kishore Kumar	Dr. Sandeep Panda
Dr. Jyothiranjan Nayak	Dr. Srilalitha
Ms. Pavani Movva	Mr. G Vinay

QR code:

Note: Scanned copy of the Proof of remittance with transaction number of the requisite registration fee will be required for a successful registration.

The FDP program will be offered in an online mode and is limited to 100 participants. A digital participation certificate will be provided to the participants attending all the sessions. The link for attending the online sessions will be shared after completing the registration.

LAST DATE for registration: 25-01-2021

Registration Fee:

Category of participants	Registration Fee
Faculty Members	**₹1000**
ICFAI group of institutions including IFHE and Alumni	**₹ 500**
Research Scholars	**₹ 250**

Registration fee need to be remitted through On-line / NEFT to the Bank account given below.

Account Name	IFHE – Seminars & Workshops A/c
Account Number	020201007037
Bank	ICICI Bank
Branch	Punjagutta
IFSC code	ICIC0000202
NEFT code:	ICIC0000202

About ICFAI Group:

ICFAI was established in 1984 as a not-for-profit society whose broad objective is to empower citizens through world-class quality education. ICFAI has established 11 Universities across India. The ICFAI Universities are located at Hyderabad [The ICFAI Foundation for Higher Education (IFHE), which is a Deemed University], and Dehradun, Himachal Pradesh (Baddi), Jaipur, Jharkhand, Meghalaya, Mizoram, Nagaland, Raipur, Sikkim, and Tripura are state established private Universities.

About IFHE Hyderabad:

The ICFAI Foundation for Higher Education is a deemed University established under section 3 of the UGC Act, 1956. It has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant values to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. The University is a member of the Association of Indian Universities (AIU) and Association of Commonwealth Universities (ACU). IFHE offers UG, PG, and Ph.D. programs in Management (ICFAI Business School), Science and Technology (IcfaiTech), Law (ICFAI Law School) and Architecture (ICFAI School of Architecture).

About IcfaiTech:

IcfaiTech (Faculty of Science & Technology) is a constituent of The ICFAI Foundation for Higher Education (IFHE). IcfaiTech aims at nurturing graduates and researchers who are critical thinkers, creative, and have a holistic education experience. Students are given the flexibility to choose their academic courses from a wide range of electives offered to them at the first degree and higher degree levels. Innovative methods of teaching, cutting-edge curriculum, workshops, and internships further broaden our students' intellectual and global outlook.

Registration is open to:

- Faculty Members
- Research Scholars and
- Personnel with basic knowledge in the core subjects.

Registration:

Registration to the FDP program can be done by filling in the registration form and sending a copy to admin.fst@ifheindia.org

Program Overview

The FDP on "Innovative Marketing Technologies" is aimed at addressing the contemporary challenges faced by academicians while teaching Marketing Management & Marketing Technologies in Classrooms. The faculty development program conducted by IBS Hyderabad is an attempt to help faculties gather the requisite knowledge and skills to be able to deliver the content and lecture effectively. The five Day program is an introductory course on some of the pertinent pedagogical topics.

About Program

IBS Hyderabad is dedicated to offer research and teaching skill enhancement programmes for fellow faculty of business schools in India. IBS Hyderabad Faculty Development Programmes (FDPs) are equipped to bridge the gap in quality research and teaching skills required by modern management educators in India.

About the University

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be-University established under section 3 of the UGC Act, 1956, Government of India. IFHE has three faculties viz., engineering, management, and law. IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. IFHE has a large and well-qualified faculty pool comprising of mostly doctorates with rich industry experience. The faculty members are involved in research, case development, and industry consultancy. The IFHE campus at Hyderabad is a 91-acre lush green campus with a built-up area of over 16 lakh sq. ft. The campus is fully residential, Wi-Fi enabled and equipped with state-of-the-art facilities. Hostel facilities are available to students. Sports play a vital role in the all-around development of students. A wide range of indoor and outdoor games facilities are available.

About the B School

ICFAI Business School (IBS) is a constituent of the IFHE. Established in 1995, IBS is one of the consistently top-ranked business schools in India. The school has been re-accredited by South Asian Quality Standards (SAQS), rated A** by CRISIL, EB2 IN by ICRA and as an Excellent Business School by Eduniversal. The programs offered at IBS include PhD, MBA and BBA. IBS faculty members have published several research papers in reputed International and National journals. IBS has a dedicated Case Research Centre (CRC) which is managed by a team of knowledge workers having years of academic and corporate experience. Case studies developed by IBS Hyderabad are used by the elite B-schools and premier consulting firms around the world. The institution has regularly won many awards and recognition in some of the most prestigious global Case Writing Competitions such as the EFMD Case Writing Competition, the Oikos Global Case Writing Competition, the John Molson Case Writing Competition, Dark Side Case Writing Competition, Baylor-USASBE Student Case Research Competition, etc. Some of the cases have also regularly figured in the list of The Case Centre's best sellers.

Innovative Marketing Technologies

IBS Hyderabad organized a 5 day Faculty Development Program on Innovative Marketing Technologies between 15 - 19 February, 2021. Distinguished faculty members shared their wisdom and vast experience on the topic. All the teaching faculties of IBS Hyderabad were invited to attend the program.

Participants exchanged their knowledge on various topics like introduction to various marketing technologies, use of eye tracking in market research, robotics in service marketing, increasing B2B customer engagement with social media, increasing importance of mobile marketing and other allied fields. The concepts related to the topics and their applicability were focused upon in great detail. The FDP aimed to understand the paradigm shift in Innovative Marketing Technologies.

During the 5 days FDP program, the participants also discussed various pedagogies of teaching Innovative Marketing Technologies effectively and efficiently to the students so that they are better enabled to tackle the challenges of the domain in the real world.

Dr. A. Vadivel
Dr. A Chandrashekhar

Organized by
IcfaiTech
Hyderabad-501203

Overview:

This Program will enhance the knowledge and skills of the faculty members in the domain of research. This program will impart theoretical, methodological, practical and statistical instructions enabling the participants to find and solve the contemporary societal issues and challenges.

This FDP will be conducted using Case studies, Presentations, Lectures followed by discussions.

Objectives:

- Understand basic concepts & methodology of research.
- To formulate and identify appropriate research area
- To prepare research proposal
- Solve the issues and challenges during the research
- Use the tools for data collection
- Understand the steps in the process of research
- Use SPSS, Databases and Plagiarism software
- To write a research report & thesis

Resource Persons:

Dr. M Srinivasa Reddy	Dr. Jyoti Ranjan Nayak
Dr. A Vadivel	Dr. Elizabeth Zacharias
Dr. S Sree Ranjani	Dr. A Chandrashekhar
Dr. Rajesh Kumar Jha	Mr. K Kishore Kumar
Dr. Sandeep Kumar Panda	Dr. G S Brahma

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

Course Content:

- Issues and Challenges of Research
- Research Ethics
- Literature Review
- Sampling Technique
- Correlation
- Experimental Research
- Methods of Data Collection: Observation, Questionnaire, Schedule and Interview
- Ethical Dilemma of a Young Researcher: Sharing
- a Personal Experience
- T-test
- One and two-way Analysis of Variance and Multiple Comparison
- Non -Parametric Tests and its applications
- Research Information Literacy
- Referencing System
- Data Analysis through WEKA
- Selection of Appropriate Statistical Technique
- Survey Method
- How to write a publishable Research Paper
- Research Writing

Registration is open to:

- Faculty Members
- Research Scholars and
- Personnel with basic knowledge in the core subjects.

Registration:

Registration to the FDP program can be done by sending a mail to the following email-id.

Email-id:

admin.fst @ifheindia.org

About ICFAI Group:

ICFAI was established in 1984 as a not-for-profit society whose broad objective is to empower citizens through world-class quality education. ICFAI has established 11 Universities across India. The ICFAI Universities are located at Hyderabad [The ICFAI Foundation for Higher Education (IFHE), which is a Deemed University], and Dehradun, Himachal Pradesh (Baddi), Jaipur, Jharkhand, Meghalaya, Mizoram, Nagaland, Raipur, Sikkim, and Tripura are state established private Universities.

About IFHE Hyderabad:

The ICFAI Foundation for Higher Education is a deemed University established under section 3 of the UGC Act, 1956. It has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant values to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. The University is a member of the Association of Indian Universities (AIU) and Association of Commonwealth Universities (ACU). IFHE offers UG, PG, and Ph.D. programs in Management (ICFAI Business School), Science and Technology (IcfaiTech), Law (ICFAI Law School) and Architecture (ICFAI School of Architecture).

About IcfaiTech:

IcfaiTech (Faculty of Science & Technology) is a constituent of The ICFAI Foundation for Higher Education (IFHE). IcfaiTech aims at nurturing graduates and researchers who are critical thinkers, creative, and have a holistic education experience. Students are given the flexibility to choose their academic courses from a wide range of electives offered to them at the first degree and higher degree levels. Innovative methods of teaching, cutting-edge curriculum, workshops, and internships further broaden our students' intellectual and global outlook.

Overview on

This Program will enhance the knowledge and skills of the faculty members in the domain of research. This program will impart theoretical, methodological, practical and statistical instructions enabling the participants to find and solve the contemporary societal issues and challenges.

This FDP will be conducted using Case studies, Presentations, Lectures followed by discussions.

FDP Objective

- Understand basic concepts & methodology of research.
- To formulate and identify appropriate research area
- To prepare research proposal
- Solve the issues and challenges during the research
- Use the tools for data collection
- Understand the steps in the process of research
- Use SPSS, Databases and Plagiarism software
- To write a research report & thesis

Inauguration

The one week online Faculty Development Program on "**Academic Perspective on Research**" began with the welcome address of Prof. A. Vadivel followed FDP dynamics by, IcfaiTech, Hyderabad mentioned the significance of the cyber security in this pandemic. Prof. U. B Desai, Research Advisor of IcfaiTech, Hyderabad mentioned the need of the cyber security in the current situation. Later the chief guest of the program Dr. B. K. Murthy, Scientist G, Group Coordinator, Ministry of Electronics & Information Technology highlighted the steps taken by the government of india to control the cybercrimes. Dr. P. Pavan Kumar, Assistant Professor, Department of CSE presented the vote of thanks.

Program Overview

The FDP on "Corporate Finance" is aimed at addressing the contemporary challenges faced by academicians while teaching Corporate Finance in Classrooms. The faculty development program conducted by IBS Hyderabad is an attempt to help faculties gather the requisite knowledge and skills to be able to deliver the content and lecture effectively. The five Day program is an introductory course on some of the pertinent pedagogical topics.

About Program

IBS Hyderabad is dedicated to offer research and teaching skill enhancement programmes for fellow faculty of business schools in India. IBS Hyderabad Faculty Development Programmes (FDPs) are equipped to bridge the gap in quality research and teaching skills required by modern management educators in India.

About the University

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be-University established under section 3 of the UGC Act, 1956, Government of India. IFHE has three faculties viz., engineering, management, and law. IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. IFHE has a large and well-qualified faculty pool comprising of mostly doctorates with rich industry experience. The faculty members are involved in research, case development, and industry consultancy. The IFHE campus at Hyderabad is a 91-acre lush green campus with a built-up area of over 16 lakh sq. ft. The campus is fully residential, Wi-Fi enabled and equipped with state-of-the-art facilities. Hostel facilities are available to students. Sports play a vital role in the all-around development of students. A wide range of indoor and outdoor games facilities are available.

About the B School

ICFAI Business School (IBS) is a constituent of the IFHE. Established in 1995, IBS is one of the consistently top-ranked business schools in India. The school has been re-accredited by South Asian Quality Standards (SAQS), rated A** by CRISIL, EB2 IN by ICRA and as an Excellent Business School by Eduniversal. The programs offered at IBS include PhD, MBA and BBA. IBS faculty members have published several research papers in reputed International and National journals. IBS has a dedicated Case Research Centre (CRC) which is managed by a team of knowledge workers having years of academic and corporate experience. Case studies developed by IBS Hyderabad are used by the elite B-schools and premier consulting firms around the world. The institution has regularly won many awards and recognition in some of the most prestigious global Case Writing Competitions such as the EFMD Case Writing Competition, the Oikos Global Case Writing Competition, the John Molson Case Writing Competition, Dark Side Case Writing Competition, Baylor-USASBE Student Case Research Competition, etc. Some of the cases have also regularly figured in the list of The Case Centre's best sellers.

Faculty Development Program
On
Corporate Finance

IBS Hyderabad organized a 5 day Faculty Development Program on Corporate Finance between 5 - 9 October, 2020. Distinguished faculty members shared their wisdom and vast experience on the topic. All the teaching faculties of IBS Hyderabad were invited to attend the program.

Participants exchanged their knowledge on various topics like introduction, history, evaluation and contribution to society, financial control of manufacturing management, equity and bond portfolio management strategies, credit risk management and other allied fields. The concepts related to the topics and their applicability were focused upon in great detail. The FDP aimed to understand the paradigm shift in Corporate Finance.

During the 5 days FDP program, the participants also discussed various pedagogies of teaching Corporate Finance effectively and efficiently to the students so that they are better enabled to tackle the challenges of the domain in the real world.

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

Overview:

Owing to the unprecedented and widespread outbreak of COVID-19 pandemic, academic institutions across the globe are compelled to reinvent themselves and prepare for the challenges. In order to facilitate uninterrupted academic activities, online mode of teaching and learning has become the way forward. This five-day training programme focusing on designing, creating and delivering courses online is planned and developed to empower the faculty of higher education with competencies required to teach online effectively. This programme conducted online deals with creating course content in multimedia using free and open software tools and deliver through Google Classroom, which is also a free and open platform. Through hands-on practice sessions, the participants will acquire the skills to use tools like Screencast-O-matic, OBS Studio, Audacity, Openshot, Handbrake, H5P, G-Suite apps and create multi-media course content. The participants will have enriching learning experiences by developing their own educational videos and using variety of online tools for content delivery and assessment.

Objectives:

- To enable the participants design and create digital content to effectively teach courses online
- To empower the participants with skills to use different G-Suite applications for online teaching
- To make the participants acquire skills in developing multimedia eContent using free online tools
- To enable the participating faculty to use Google Classroom for online course delivery Further, they will be able to disseminate the knowledge among budding researchers, engineers, and practitioners to benefit society.

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT, 1956)

Course Content:

- Introduction to Pedagogical skills for online teaching
- To understand the process of planning, designing, and implementation of online courses.
- Overview of Google Classroom / Moodle LMS
- To promote the generation of e-Content for all the subjects amongst faculty and research scholars.
- Formatting course material on Google Classroom with G-Suite applications
- Creating Video / Audio lecture materials using FOSS tools
- Creating interactive course content with H5P
- Producing animations and virtual experiments with easy to use free and open online tools
- Open educational resources for teaching
- Creation of discussion forums
- Employing online tools for assessment
- challenges in online teaching process
- National Education Policy - 2020

Resource Persons:

Dr. A. Chandra Shekhar	Dr. Elizabeth Zacharias
Dr. M. Srinivas Reddy	Dr. Sandeep Kumar Panda
Dr.G.Shankar Brahma	Dr. Jyotiranjan Nayak

Registration is open to:

- Faculty Members
- Research Scholars and
- Personnel with basic knowledge in the core subjects.

Registration:

Registration to the FDP program can be done by filling in the registration form and sending a copy to admin.fst@ifheindia.org

QR code:

Note: Scanned copy of the Proof of remittance with transaction number of the requisite registration fee will be required for a successful registration.

The FDP program will be offered in an online mode and is limited to 100 participants. A digital participation certificate will be provided to the participants attending all the sessions. The link for attending the online sessions will be shared after completing the registration.

LAST DATE for registration: 01-08-2020

Category of participants	Registration Fee
Faculty Members	**₹1000**
ICFAI group of institutions including IFHE and Alumni	**₹ 500**
Research Scholars	**₹ 250**

Registration fee need to be remitted through On-line / NEFT to the Bank account given below.

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

About ICFAI Group:

ICFAI was established in 1984 as a not-for-profit society whose broad objective is to empower citizens through world-class quality education. ICFAI has established 11 Universities across India. The ICFAI Universities are located at Hyderabad [The ICFAI Foundation for Higher Education (IFHE), which is a Deemed University], and Dehradun, Himachal Pradesh (Baddi), Jaipur, Jharkhand, Meghalaya, Mizoram, Nagaland, Raipur, Sikkim, and Tripura are state established private Universities.

About IFHE Hyderabad:

The ICFAI Foundation for Higher Education is a deemed University established under section 3 of the UGC Act, 1956. It has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant values to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. The University is a member of the Association of Indian Universities (AIU) and Association of Commonwealth Universities (ACU). IFHE offers UG, PG, and Ph.D. programs in Management (ICFAI Business School), Science and Technology (IcfaiTech), Law (ICFAI Law School) and Architecture (ICFAI School of Architecture).

About IcfaiTech:

IcfaiTech (Faculty of Science & Technology) is a constituent of The ICFAI Foundation for Higher Education (IFHE). IcfaiTech aims at nurturing graduates and researchers who are critical thinkers, creative, and have a holistic education experience. Students are given the flexibility to choose their academic courses from a wide range of electives offered to them at the first degree and higher degree levels. Innovative methods of teaching, cutting-edge curriculum, workshops, and internships further broaden our students' intellectual and global outlook.

ICFAI FOUNDATION FOR HIGHER EDUCATION ★ HYDERABAD

Overview:

The Corona virus (COVID-19) pandemic has affected the individual right from personal health and hygiene to social events and gatherings. The education system has been changed from the conventional black board- face to face teaching to online teaching using ICT tools. As IFHE University is committed to impart education and enlighten the students, it considers continuing education via pragmatic approach at times of this COVID-19. The only viable approach for continuing the education was through online virtual teaching. In view to impart this knowledge, faculty development program is being conducted to familiarize faculty with IT technology and efficient use of the same for effective teaching process.

This shall ensure smooth functioning of the whole online teaching learning process during this pandemic. The objective of this program is to orient faculty towards the use of Moodle and Webex as teaching platforms and train them for online teaching-learning and assessment. The program deals with exploration of tools for online teaching and learning, Webex platform for conduction of classes, and Moodle (Version 3.8) for Learning Management System.

Objectives:

- To enable the participants design and create digital content to effectively teach courses online
- To empower the participants with skills to use different G-Suite applications for online teaching
- To make the participants acquire skills in developing multimedia eContent using free online tools
- To enable the participating faculty to use Google Classroom for online course delivery.

Resource Persons:

Dr. M Srinivasa Reddy	Dr. Jyoti Ranjan Nayak
Dr. G S Brahma	Dr. Elizabeth Zacharias
Dr. S Sree Ranjani	Dr. A Chandrashekhar
Dr. Rajesh Kumar Jha	Mr. K Kishore Kumar

Course Content:

- Pedagogical skills for online teaching
- Instructional design for online learning
- Overview of Google Classroom / Moodle LMS
- Formatting course material on Google Classroom with G-Suite applications
- Creating Video / Audio lecture materials using FOSS tools
- Creating interactive course content with H5P
- Producing animations and virtual experiments with easy to use free and open online tools
- Open educational resources for teaching
- Creation of discussion forums
- Employing online tools for assessment

Registration is open to:

- Faculty Members
- Research Scholars and
- Personnel with basic knowledge in the core subjects.

Registration:

Registration to the FDP program can be done by sending a mail to the following email-id.

Email-id:

admin.fst @ifheindia.org

REGISTRAR

About ICFAI Group:

ICFAI was established in 1984 as a not-for-profit society whose broad objective is to empower citizens through world-class quality education. ICFAI has established 11 Universities across India. The ICFAI Universities are located at Hyderabad [The ICFAI Foundation for Higher Education (IFHE), which is a Deemed University], and Dehradun, Himachal Pradesh (Baddi), Jaipur, Jharkhand, Meghalaya, Mizoram, Nagaland, Raipur, Sikkim, and Tripura are state established private Universities.

About IFHE Hyderabad:

The ICFAI Foundation for Higher Education is a deemed University established under section 3 of the UGC Act, 1956. It has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant values to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. The University is a member of the Association of Indian Universities (AIU) and Association of Commonwealth Universities (ACU). IFHE offers UG, PG, and Ph.D. programs in Management (ICFAI Business School), Science and Technology (IcfaiTech), Law (ICFAI Law School) and Architecture (ICFAI School of Architecture).

About IcfaiTech:

IcfaiTech (Faculty of Science & Technology) is a constituent of The ICFAI Foundation for Higher Education (IFHE). IcfaiTech aims at nurturing graduates and researchers who are critical thinkers, creative, and have a holistic education experience. Students are given the flexibility to choose their academic courses from a wide range of electives offered to them at the first degree and higher degree levels. Innovative methods of teaching, cutting-edge curriculum, workshops, and internships further broaden our students' intellectual and global outlook.

Program Overview

The online FDP on "Online Education" is aimed at addressing the contemporary challenges faced by academicians while teaching in online platforms like Google Meet, WebEx, Zoom etc. The faculty development program conducted by IBS Hyderabad is an attempt to help faculties gather the requisite knowledge and skills to be able to deliver the content and lecture effectively. The five Day program is an introductory course on some of the pertinent pedagogical topics.

About Program

IBS Hyderabad is dedicated to offer research and teaching skill enhancement programmes for fellow faculty of business schools in India. IBS Hyderabad Faculty Development Programmes (FDPs) are equipped to bridge the gap in quality research and teaching skills required by modern management educators in India.

About the University

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be-University established under section 3 of the UGC Act, 1956, Government of India. IFHE has three faculties viz., engineering, management, and law. IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. IFHE has a large and well-qualified faculty pool comprising of mostly doctorates with rich industry experience. The faculty members are involved in research, case development, and industry consultancy. The IFHE campus at Hyderabad is a 91-acre lush green campus with a built-up area of over 16 lakh sq. ft. The campus is fully residential, Wi-Fi enabled and equipped with state-of-the-art facilities. Hostel facilities are available to students. Sports play a vital role in the all-around development of students. A wide range of indoor and outdoor games facilities are available.

About the B School

ICFAI Business School (IBS) is a constituent of the IFHE. Established in 1995, IBS is one of the consistently top-ranked business schools in India. The school has been re-accredited by South Asian Quality Standards (SAQS), rated A** by CRISIL, EB2 IN by ICRA and as an Excellent Business School by Eduniversal. The programs offered at IBS include PhD, MBA and BBA. IBS faculty members have published several research papers in reputed International and National journals. IBS has a dedicated Case Research Centre (CRC) which is managed by a team of knowledge workers having years of academic and corporate experience. Case studies developed by IBS Hyderabad are used by the elite B-schools and premier consulting firms around the world. The institution has regularly won many awards and recognition in some of the most prestigious global Case Writing Competitions such as the EFMD Case Writing Competition, the Oikos Global Case Writing Competition, the John Molson Case Writing Competition, Dark Side Case Writing Competition, Baylor-USASBE Student Case Research Competition, etc. Some of the cases have also regularly figured in the list of The Case Centre's best sellers.

Faculty Development Program
On
Online Education

IBS Hyderabad organized a 5 day Faculty Development Program on Online Education between 11 - 15 May, 2021. Distinguished faculty members shared their wisdom and vast experience on the topic. All the teaching faculties of IBS Hyderabad were invited to attend the program.

Participants exchanged their knowledge on various topics like multidimensional literacies for classroom, managing effective communication in online classroom, virtual classrooms, planning digital pedagogies, managing engagement and participation in virtual classroom, use of games and simulations in online education. The FDP aimed to understand the paradigm shift in online education and virtual classrooms.

During the 5 days FDP program, the participants also discussed various aspects of design thinking.

Report on Faculty Development Program

06th May, 2020 to 10th May, 2020

The ICFAI Law School, Hyderabad organized a faculty development program from 06th May, 2020 to 10th May, 2020. The program was attended for all the five days by the faculty members of all the ICFAI Law Schools including

1. The ICFAI Law School, Hyderabad
2. ICFAI Law School, Dehradun
3. ICFAI Law School, Jaipur
4. ICFAI Law School, Ranchi
5. ICFAI Law School, Himachal Pradesh
6. ICFAI Law School, Tripura
7. ICFAI Law School, Sikkim

The webinar sessions were conducted in online mode on CISCO Webex platform owing to the COVID-19 restrictions. The webinar sessions were delivered by well known dignitaries from India and abroad on various contemporary topics like –

1. The first session was delivered by Prof. M R K Prasad on Clinical Legal Education and Changing Dynamics where he highlighted the importance of the clinical legal education for law students and all shared his insights on its relevance in the contemporary world.

2. The second session was delivered by Hon'ble Mr Justice Mohan Peirce, Former Chief Justice of Supreme Court of Sri Lanka who discussed on the topic - Universal Human Rights: An Overview.

Program Overview

The FDP on "Case Teaching in Operations & IT" is aimed at addressing the contemporary challenges faced by academicians while teaching Operations Mamagement and Information Technology Management in Classrooms. The faculty development program conducted by IBS Hyderabad is an attempt to help faculties gather the requisite knowledge and skills to be able to deliver the content and lecture effectively. The five Day program is an introductory course on some of the pertinent pedagogical topics.

About Program

IBS Hyderabad is dedicated to offer research and teaching skill enhancement programmes for fellow faculty of business schools in India. IBS Hyderabad Faculty Development Programmes (FDPs) are equipped to bridge the gap in quality research and teaching skills required by modern management educators in India.

About the University

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be-University established under section 3 of the UGC Act, 1956, Government of India. IFHE has three faculties viz., engineering, management, and law. IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. IFHE has a large and well-qualified faculty pool comprising of mostly doctorates with rich industry experience. The faculty members are involved in research, case development, and industry consultancy. The IFHE campus at Hyderabad is a 91-acre lush green campus with a built-up area of over 16 lakh sq. ft. The campus is fully residential, Wi-Fi enabled and equipped with state-of-the-art facilities. Hostel facilities are available to students. Sports play a vital role in the all-around development of students. A wide range of indoor and outdoor games facilities are available.

About the B School

ICFAI Business School (IBS) is a constituent of the IFHE. Established in 1995, IBS is one of the consistently top-ranked business schools in India. The school has been re-accredited by South Asian Quality Standards (SAQS), rated A** by CRISIL, EB2 IN by ICRA and as an Excellent Business School by Eduniversal. The programs offered at IBS include PhD, MBA and BBA. IBS faculty members have published several research papers in reputed International and National journals. IBS has a dedicated Case Research Centre (CRC) which is managed by a team of knowledge workers having years of academic and corporate experience. Case studies developed by IBS Hyderabad are used by the elite B-schools and premier consulting firms around the world. The institution has regularly won many awards and recognition in some of the most prestigious global Case Writing Competitions such as the EFMD Case Writing Competition, the Oikos Global Case Writing Competition, the John Molson Case Writing Competition, Dark Side Case Writing Competition, Baylor-USASBE Student Case Research Competition, etc. Some of the cases have also regularly figured in the list of The Case Centre's best sellers.

Faculty Development Program

On

Case Teaching in Operations & IT

IBS Hyderabad organized a 5 day Faculty Development Program on Case Teaching in Operations & IT between 17 - 21 February, 2020. Distinguished faculty members shared their wisdom and vast experience on the topic. All the teaching faculties of IBS Hyderabad were invited to attend the program.

Participants exchanged their knowledge on various topics like introduction to case based learning in operations & IT, capacity planning, online retail operations, offline supply chain with examples of dabbawalas of mumbai, product recommendation algorithm at big basket and other allied fields. The concepts related to the topics and their applicability were focused upon in great detail. The FDP aimed to understand the paradigm shift in Case Teaching in Operations & IT.

During the 5 days FDP program, the participants also discussed various pedagogies of teaching Case Teaching in Operations & IT effectively and efficiently to the students so that they are better enabled to tackle the challenges of the domain in the real world.

Prof. C. S. Shylajan
Dean - Academics

Circular

Date: 20th December 2019

Greetings from IcfaiTech, Hyderabad.

It is our pleasure to inform you that the department of CSE, IcfaiTech (FST), IFHE Hyderabad, is organizing a Five-Day Faculty Development Program on **ARTIFICIAL NEURAL NETWORKS & MACHINE LEARNING from 23rd to 27th Dec 2019.** The brochure and session plan for the same are attached here for your kind reference. Interested faculty members requested to register by filling the registration form attached.

Your active participation for this Workshop is highly solicited. This would encourage us further to improvise and organize more such programs in future.

About IcfaiTech

IcfaiTech Institution, follows an integrated and broad-based curriculum emphasizing on inter-disciplinary approach. Recognizing the huge human resource demands in the area of **Artificial Intelligence,** the institute has introduced **B.Tech programs** in these areas (Data Science & Artificial Intelligence, Mechatronics) along with existing undergraduate programs in Civil Engineering, Computer Science & Engineering, Electronics & Communication Engineering, Bsc (Physics) and BSc (Mathematics). IcfaiTech also offers M. Tech and Ph.D programs.

About Department of Data Science and Artificial Intelligence (DS&AI)

The department of **DS & AI** has vibrant and active faculty members, who are excellent in teaching and research. The faculty members are doing research on cutting edge technologies like Statistics, Artificial Intelligence, Machine Learning, Internet of Things, Deep Learning, Software Engineering, Block-Chain Technology and Cloud Computing. The Department is growing steadily and it attracts, nurtures and retain talent.

Registration can also be done by scanning the given QR Code.

Overview of the Programme

Data has always been the raw material of the economy. With the availability of high computational power & storage, the tasks like tumor detection (health care), face recognition (biometrics), weather forecast, customized recommendations, task executions based on patterns, or real time pricing based on demand & supply has been a reality. Given the changing scenario, IcfaiTech has focused on these areas of Data Science: Artificial Neural Networks, Deep Learning & Machine Learning. Teachers need to have in-depth knowledge so as to disburse to students. Hence, we planned this FDP, that will empower the faculty members and industry professionals with the state-of-art knowledge and skill sets in the areas of Machine Learning and Deep Learning.

One Week Faculty Development Program

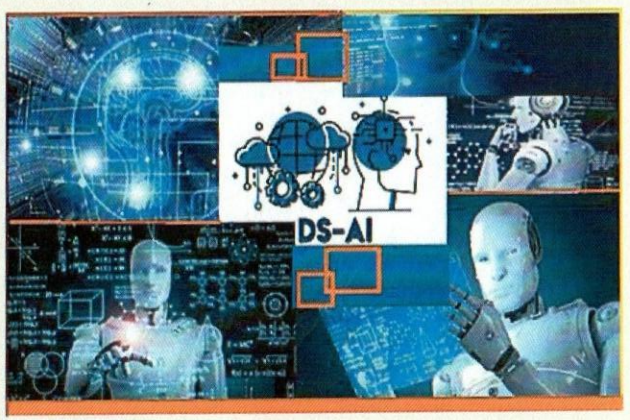

on

ARTIFICIAL NEURAL NETWORKS & MACHINE LEARNING

23rd - 27th Dec'2019

Organized by:

Department of Data Science & Artificial Intelligence
IcfaiTech

IFHE, Dontanpally, Shankarpally Road, Hyderabad, Telangana, INDIA-501203

www.ifheindia.org/icfaitech

https://ifheindia.org/icfaitech/AIMLP/index.html

The participants of this FDP will be able to refurbish and grasp the fundamentals of Machine Learning, Neural Networks & Deep Learning and on which they can build, develop and disburse. It will involve lectures as well as practicals. The FDP will inspire the participants to solve real-time problems by building their own Machine Learning/Deep Learning Models. The overview of the topics to be covered are listed below.

- Integration of Mathematics, Statistics and Machine Learning.
- Fundamentals of Machine Learning.
- Kernels & Convolutions.
- Image Processing.
- Deep Learning.
- Natural Language Processing.

REGISTRAR

(Deemed-to-be-University Under Section 3 of the UGC ACT, 1956)

Speakers

Reputed experts from Industries and Academia have been brought together for this FDP. Following are the key speakers:

Mr. Anantharaman P. Narayana Iyer

Mr. Anantharaman P. Narayana Iyer is working in Adobe India as Director, Engineering Adobe Flash Builder, ColdFusion & platform evangelization. Prior to this, he was associated with HP for Compilers and Tools. Mr. Iyer has an M.S in Electronics from the Indian Institute of Science, Bangalore. He holds 2 patents from the US Patent office in the domain of Rich Internet Applications, Web 2.0. His research interests include Natural Language Processing, Machine Learning, and Deep Learning.

Mr. Dinkar Sathe

Mr. Dinkar Sathe is presently working as an Advisory Analytical Consultant with SAS. He has MS from Purdue University, USA. He has more than 25 years of experience in consulting projects in the areas of Data Analytics domains including Credit Card, Telecom & Insurance industry across different countries. He has successfully delivered SAS training courses on a variety of topics in India and abroad. He was named among Top 10 Data Scientist of India in 2016 by Analytics India Magazine.

Prof. Swapan Kumar Parui

Prof. Swapan Kumar Parui, is currently associated with Computer Vision and Pattern Recognition Unit (CVPR), Indian Statistical Institute. He completed his doctorate at ISI Kolkata. He has authored several research publications in International and National Journals. His research interests are Pattern Recognition, Image Processing, Information Retrieval, Data Mining, Hand written Character Recognition, and Neural Networks.

Prof. Sudhir Ghorpade

Prof. Sudhir Ghorpade is an Institute Chair Professor in the Department of Mathematics at IIT Bombay. He completed his doctorate in 1989 at Purdue University, USA. He has received many accolades, including the Career Award for Young Teachers from AICTE, New Delhi, and Prof. S.P. Bhattacharya Award for Excellence in Pure Sciences from IIT Bombay, He is a Fellow of the National Academy of Sciences, India since 2010, and he was the President of the Indian Mathematical Society during 2018-19.

Prof. Sayaji Hande

Prof. Sayaji Hande is currently working as an Adjunct Professor in the Department of Data Science and Artificial Intelligence at IcfaiTech, Hyderabad. He pursued his M.Stat from ISI, MS and doctorate at Purdue University, USA. He is an established data scientist with multiple granted patents. He established Analytics practices in several startups & worked with research labs.

Registration

The program is open to the Faculty members, Industry Professionals & Research scholars. Eligible candidates may apply on or before 20.12.2019, by filling the attached registration form and by sending scanned copy of the signed registration form along with payment proof to **datascience.fdp@ifheindia.org**

Registration Fee Details

Industry Professionals/Academicians/
Research Scholars: **Rs.10,000/-**

Certificate of participation will be issued to all the Participants. The Registration fee includes kit, working Lunch, Tea and Snacks.

Account Name	**IFHE – Seminar & Workshops**
Account No	**020201007037**
Bank	**ICICI Bank**
Branch	**Panjagutta**
Branch	**ICIC0000202**

Note: The paid accommodation will be provided in the campus on First Come First Serve basis.

Confirmation of Participation:

As the program is conducted in an interactive mode with **hands-on sessions**, the number of participants is limited to 30. Participants are requested to register at the earliest. The participants, may also pay registration fee by demand draft payable on "**IFHE – Seminars & Workshops**" payable at Hyderabad on any bank.

REPORT ON FACULTY DEVELOPMENT PROGRAMME - 16-12-2019 TO 20-12-2019

The Faculty Development Programme (FDP) was organised by the ICFAI Law School, Hyderabad from 16th December 2019 to 20th December 2019. This constituted the third FDP organised by the institute. The scope of the programme extended to faculty members of Law Schools of ICFAI Universities all over the country. The programme was chaired by distinguished guests and speakers ranging over the five day period.

The five day programme was an attempt to facilitate the law faculty to enrich their knowledge in various fields of law with contemporary developments. Around seventy faculty members from various Law Schools of ICFAI Universities all over India participated from the programme. Being teachers, they are perpetual learners and researchers. Equipping them with updated subject matter, teaching methodology, research innovations was the agenda of this programme, so as to enable them to impart the same successfully to students.

The programme covered many subject areas in legal education like Constitutional Law, Criminal Law, Corporate Laws, Property Law, International Law, Intellectual Property Rights. In addition, it also included interdisciplinary elements of discussion such as Economics, Teaching Pedagogy and Management Skills.

The sessions embraced healthy interactions among members from different departments, resulting in a sound exchange of information and knowledge sharing. Furthermore, there was a sharing of experiences by faculty members as teaching professionals, which aided in realising the practical difficulties of being law teachers and looking into solutions regarding the same as a group. The discussions also brought up the impediments to academic research, thereby paving the way for pondering on methods to deal with them.

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
Deemed-to-be-University Under Section 3 of the UGC ACT, 1956)

second session was by Professor A V Narasimha Rao, where he explained the significance of mentorship and spoke of the skills of a good mentor. He encouraged quality over quantity and inspired the faculty for guiding students in a way which helps them transform to the level required so that they can achieve their goals. The third session chaired by Prof. G B Reddy constituted an elaborate interactive discussion on Citizenship and Immigration in light of the recent happenings and latest Indian enactments. There was a longitudinal study of the Citizenship Amendment Act, 2019 done. The last session was a rather interactive workshop session, where along with insights into organisationalbehaviour, Prof Mushtaq Hussain conducted a question answer session for self introspection by the participants.

DAY III (18.12.2019)

The third day started with a session on 'Good Governance: Executive and Judiciary contribution' by Prof. Dr. Y Pratap Reddy, where he shared his valuable insights with years of experience in the field. It was interesting from a legal point of view as well as political notions regarding contributions of the Indian judiciary and the executive were further clarified. The second session of the day was contained in a session by Prof. Dr. V Hemalatha Devi, who being a Best Teacher Awardee and having decades of experience in the legal teaching profession enlightened us with the journey of the methods legal teaching changing across generations. She highlighted the importance of the present day practices in legal education and enunciated the significance of the learning aspect in a teacher. Post lunch two more sessions were conducted. Shri J L N Murthy introduced the faculty members to 'Online Dispute Resolution' and the pros and cons of the said paradigm as an experienced ODR professional. Later, Justice G Seethapathi involved the participants in a knowledgeable discussion regarding 'Sentencing and Conviction: Transformative Approach'. He pointed out the nuances of criminal litigation and decision making and gave the participants an understanding of the working of the criminal justice system in processing criminal trials in peculiar cases.

DAY IV (19.12.2019)

session by Prof Yugal Kishore, where he elaborated on the sustainable development goals of the UN as well as the developmental aspects being followed in India. He encouraged strategic litigation with a view to saving the environment as legal professionals by way of filing Public Interest Litigations in India for Environmental Law violations. The next session was a feedback session. Overall feedback was taken by all the participants. They gave feedback in written format as well as shared their experiences with each other verbally. Overall, the participants were satisfied with the programme and signified their enthusiasm to more such valuable programmes in the future.

Circular

Date: 19th Apr 2019

Greetings from IcfaiTech, Hyderabad.

It is our pleasure to inform you that the IcfaiTech (FST), IFHE Hyderabad, is organizing a Five-Day Online Faculty Development Program on **3D Printing in Modern Engineering from 22nd – 26th April 2019.** The brochure and session plan for the same are attached here for your kind reference. Interested faculty members requested to register by filling the registration form attached.

Your active participation for this Workshop is highly solicited. This would encourage us further to improvise and organize more such programs in future.

About The ICFAI Foundation for Higher Education (IFHE):

The ICFAI Foundation for Higher Education (IFHE) is declared as a Deemed to be University, under Section 3 of UGC Act. 1956. It has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant values to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills and positive attitudes. The University is a member of the Association of Indian Universities (AIU) and Association of Commonwealth Universities (ACU). The IFHE Deemed to be University has ICFAI Business School (IBS), IcfaiTech, Faculty of Science & Technology (FST), Icfai School of Architecture and Faculty of Law (FOL).

About IcfaiTech, Faculty of Science and Technology (FST):

IcfaiTech, FST offers B.Tech, M.Tech and Ph.D programmes in Mechanical Engineering, Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering. The FST also offers B.Sc and Ph.D courses in Mathematics, Physics and Chemistry.

About Department of Mechanical Engineering:

The Department of Mechanical Engineering offers an Undergraduate and Post-graduate programs in Mechanical Engineering also offers Ph.D programme. The Department has well qualified and experienced faculty, and good laboratory facilities. Presently the department is handling several R&D projects.

One-Week Short Term Training Programme on

3D Printing in Modern Engineering

22nd – 26th April 2019

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT, 1956)

Organized by

Department of Mechanical Engineering,
IcfaiTech, Faculty of Science and Technology
IFHE (Deemed-to-be University), Hyderabad,
Telangana, INDIA-501203
www.ifheindia.org/icfaitech

Overview of the Programme:

3D printing is defined by the ASTM F42 committee as the process of joining materials to make objects from 3D model data, usually layer upon layer, as opposed to subtractive manufacturing methodologies. 3D Printing systems uses data of computer-aided-design (CAD) software or 3D object scanners to direct hardware to deposit material, layer upon layer, in precise geometric shapes. 3D printing synonyms are Additive Manufacturing, Rapid Prototyping, Additive Techniques, Additive Layer Manufacturing, Layer Manufacturing and Solid Freeform Fabrication. 3D Printing is used to build physical models, prototypes, patterns, tooling components and production parts with materials like plastics, metal, ceramic, glass and composites. In recent years, 3D printing has been developed enough to perform crucial roles in many applications, with the most important ones being manufacturing, medicine, electronics, food industry, architecture, jewelry and custom design.

Objectives of the Programme:

- To create awareness about the state-of-the-art technologies in 3D Printing.
- To learn the 3D modelling, build-setup preparation and 3D printing through hands-on sessions.
- To enable participants to learn the industrial, real life and pedagogical applications of 3D printing.
- To facilitate the participants to develop low-cost 3D printers to teach engineering concepts.
- To help the participants in completing/guiding the academic project works in 3D printing.

Resource Persons:

Experts from IITs, NITs and Reputed Institutions/Organizations/Industries who are in the 3D Printing practice will deliver lectures. Following are the key resource persons:

- ✓ Mr. K. Guruprasad Rao, Director & Mentor, Imaginarium, Mumbai.
- ✓ Dr. G. Jagan Reddy, Scientist 'G', DMRL, Hyderabad.
- ✓ Dr. U. Chandrasekhar, Additional Director (Former), GTRE, Bangalore.
- ✓ Dr. Gururaj Telasang, Scientist 'D', ARCI, Hyderabad.
- ✓ Dr. S. Surya Kumar, IIT Hyderabad.
- ✓ Dr. Falguni Pati, IIT Hyderabad.
- ✓ Dr. Y. Ravi Kumar, NIT Warangal.
- ✓ Dr. Shiva Rama Krishna, O.U, Hyderabad.
- ✓ Dr. Adityamohan Alwala, MNR Medical College and Hospital, Sangareddy.

Topics to be Covered:

- 3D Printing Processes
- 3D Modelling Techniques
- 3D Digitizing & Reverse Engineering
- Hardware configuration and building of 3D Printers
- Overview of metal 3D Printing
- Metal 3D Printing with Laser Engineered Net Shaping and Selective Laser Melting
- Role of 3D Printing in fields of Medical, Aerospace and Satellite communication
- 3D Bio-printing
- 3D Printing projects and R&D activities
- Hands-on sessions on 3D printing

Registration:

This program is open to the Faculty members, Professionals involved in industry, Research Scholars, Post-Graduate and Graduate students. Eligible candidates may apply by submitting the scanned copy of the filled registration form (attached with this mail/ brochure) by e-mail to sttpon3d@ifheindia.org on or before 15-04-2019 along with the registration fee.

Registration Fee Details:

Industry Professionals	₹3000/-
Academicians	₹2000/-
Scholars and Students	₹1000/-

Certificate of participation will be issued to all the participants. Registration fee includes kit, working lunch, tea and snacks.

Account Name	The ICFAI Foundation for Higher Education
Account No.	05212020001733
Bank	HDFC Bank Ltd
Branch	Banjara hills
IFSC Code	HDFC0000521

Note: The paid accommodation will be provided in the campus on first come first serve basis.

Confirmation of Participation:

On receipt of the registration form along with proof of payment of registration fee, eligible participants will be sent a confirmation of their participation through e-mail. As the programme is conducted in an interactive mode with **hands-on sessions**, the number of participants is limited to 50. Participants are requested to register at the earliest.

Name of Programme:

One-Week Short Term Training Programme (STTP) on 3D Printing in Modern Engineering conducted by IcfaiTech, Faculty of Science & Technology, IFHE (Deemed-to-be University), Hyderabad during 22nd to 26th April, 2019.

Aim of the Programme:

Develop a physical models form virtual data, which is developed from computer-aided-design (CAD) software, 3D scanner and medical scanner etc.

Objectives of the Programme:

- To create awareness about the state-of-the-art technologies in 3D Printing.
- To learn the 3D modelling, build-setup preparation and 3D printing through hands-on sessions.
- To enable participants to learn the industrial, real life and pedagogical applications of 3D printing.
- To facilitate the participants to develop low-cost 3D printers to teach engineering concepts.
- To help the participants in completing/guiding the academic project works in 3D printing.

Organizers:

The Short Term Training Programme on 3D Printing in Modern Engineering is organized by the Department of Mechanical Engineering, IcfaiTech, Faculty of Science and Technology.

Coordinators:

- Dr. A. Manmadha Chary, Assistant Professor, Department of Mechanical Engineering
- Dr. Rajesh Chollangi, Assistant Professor, Department of Mechanical Engineering

Outcome of the Programme:

The program has given insight information and applications in 3D Printing. The program includes cover practical session in which the participants have developed design and manufacturing of prototypes with the help of 3D printers available in (Rapid Prototyping and Reverse Engineering Laboratory) our campus.

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT, 1956)

Number of participants:

Participants from various industries, colleges, universities and across different domains have attended the program like – Mechanical, Dental, Architecture, Civil, Electrical, Electronics and Basic sciences.

Industrial Professional: 01 (external participant)

Faculty Professionals: 34

External participants: 09 (Mechanical 8 + Dental 1)

Internal participants: 25 (Mech. 19 + Architecture 1+ Civil 1 + Electronics 1 Electrical 1 + Physics 1 + Mathematics 1)

Research Scholars: 06 (all are external participants)

Laboratory Assistants: 11

External participants: 2 (Mechanical 2)

Internal participants: 9 (Mechanical 8 + Electronics 1)

Post Graduate Students: 06 (all are external participants)

Dental Graduate Students: 12 (all are external participants)

Engineering Graduate Students: 27 (all are internal participants)

Total number of participants: ***97***

Budget:

Amount generated from participants: 63,000

Amount approved for STTP Programme: 2, 00,000

Feedback Analysis

- The participants are given overall program rating as **4.2/5**
- Some participants are unsatisfied on projector, its resolution is poor and color appearances is dull.
- Some participants are unsatisfied on acoustics, the problem is repeated interception
- Some participants are wanted more practical sessions in STTP programme.
- Some participants are suggested as ambience can be improved
- Some participants are expecting speakers lecture slides in the form of e.D

Program Overview

The FDP on "Case Writing" is aimed at addressing the contemporary challenges faced by academicians while writing a teaching or a research based case studies. The faculty development program conducted by IBS Hyderabad is an attempt to help faculties gather the requisite knowledge and skills to be able to write and deliver the content effectively. The five Day program is an introductory course on some of the pertinent case writing topics.

About Program

IBS Hyderabad is dedicated to offer research and teaching skill enhancement programmes for fellow faculty of business schools in India. IBS Hyderabad Faculty Development Programmes (FDPs) are equipped to bridge the gap in quality research and teaching skills required by modern management educators in India.

About the University

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be-University established under section 3 of the UGC Act, 1956, Government of India. IFHE has three faculties viz., engineering, management, and law. IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. IFHE has a large and well-qualified faculty pool comprising of mostly doctorates with rich industry experience. The faculty members are involved in research, case development, and industry consultancy. The IFHE campus at Hyderabad is a 91-acre lush green campus with a built-up area of over 16 lakh sq. ft. The campus is fully residential, Wi-Fi enabled and equipped with state-of-the-art facilities. Hostel facilities are available to students. Sports play a vital role in the all-around development of students. A wide range of indoor and outdoor games facilities are available.

About the B School

ICFAI Business School (IBS) is a constituent of the IFHE. Established in 1995, IBS is one of the consistently top-ranked business schools in India. The school has been re-accredited by South Asian Quality Standards (SAQS), rated A** by CRISIL, EB2 IN by ICRA and as an Excellent Business School by Eduniversal. The programs offered at IBS include PhD, MBA and BBA. IBS faculty members have published several research papers in reputed International and National journals. IBS has a dedicated Case Research Centre (CRC) which is managed by a team of knowledge workers having years of academic and corporate experience. Case studies developed by IBS Hyderabad are used by the elite B-schools and premier consulting firms around the world. The institution has regularly won many awards and recognition in some of the most prestigious global Case Writing Competitions such as the EFMD Case Writing Competition, the Oikos Global Case Writing Competition, the John Molson Case Writing Competition, Dark Side Case Writing Competition, Baylor-USASBE Student Case Research Competition, etc. Some of the cases have also regularly figured in the list of The Case Centre's best sellers.

Faculty Development Program
On
Case Writing

IBS Hyderabad organized a 5 day Faculty Development Program on Case Writing between 7 - 11 October, 2019. Distinguished faculty members shared their wisdom and vast experience on the topic. All the teaching faculties of IBS Hyderabad were invited to attend the program.

Participants exchanged their knowledge on various topics like introduction and importance of cases, art of case writing, writing teaching notes, primary cases, writing an award winning case and other allied fields. The concepts related to the topics and their applicability were focused upon in great detail. The FDP aimed to understand the paradigm shift in Case Writing.

During the 5 days FDP program, the participants also discussed various pedagogies of teaching Case Writing effectively and efficiently to the students so that they are better enabled to tackle the challenges of the domain in the real world.

Program Overview

The FDP on "Marketing Analytics" is aimed at addressing the contemporary challenges faced by academicians while teaching Marketing Analytics in Classrooms. The faculty development program conducted by IBS Hyderabad is an attempt to help faculties gather the requisite knowledge and skills to be able to deliver the content and lecture effectively. The five Day program is an introductory course on some of the pertinent pedagogical topics.

About Program

IBS Hyderabad is dedicated to offer research and teaching skill enhancement programmes for fellow faculty of business schools in India. IBS Hyderabad Faculty Development Programmes (FDPs) are equipped to bridge the gap in quality research and teaching skills required by modern management educators in India.

About the University

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be-University established under section 3 of the UGC Act, 1956, Government of India. IFHE has three faculties viz., engineering, management, and law. IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. IFHE has a large and well-qualified faculty pool comprising of mostly doctorates with rich industry experience. The faculty members are involved in research, case development, and industry consultancy. The IFHE campus at Hyderabad is a 91-acre lush green campus with a built-up area of over 16 lakh sq. ft. The campus is fully residential, Wi-Fi enabled and equipped with state-of-the-art facilities. Hostel facilities are available to students. Sports play a vital role in the all-around development of students. A wide range of indoor and outdoor games facilities are available.

About the B School

ICFAI Business School (IBS) is a constituent of the IFHE. Established in 1995, IBS is one of the consistently top-ranked business schools in India. The school has been re-accredited by South Asian Quality Standards (SAQS), rated A** by CRISIL, EB2 IN by ICRA and as an Excellent Business School by Eduniversal. The programs offered at IBS include PhD, MBA and BBA. IBS faculty members have published several research papers in reputed International and National journals. IBS has a dedicated Case Research Centre (CRC) which is managed by a team of knowledge workers having years of academic and corporate experience. Case studies developed by IBS Hyderabad are used by the elite B-schools and premier consulting firms around the world. The institution has regularly won many awards and recognition in some of the most prestigious global Case Writing Competitions such as the EFMD Case Writing Competition, the Oikos Global Case Writing Competition, the John Molson Case Writing Competition, Dark Side Case Writing Competition, Baylor-USASBE Student Case Research Competition, etc. Some of the cases have also regularly figured in the list of The Case Centre's best sellers.

Faculty Development Program
On
Marketing Analytics

IBS Hyderabad organized a 5 day Faculty Development Program on Marketing Analytics between 25 February - 1 March, 2019. Distinguished faculty members shared their wisdom and vast experience on the topic. All the teaching faculties of IBS Hyderabad were invited to attend the program.

Participants exchanged their knowledge on various topics like introduction, analyzing contextual data, avance excel for visualization, retail analytics, technical analytics and other allied fields. The concepts related to the topics and their applicability were focused upon in great detail. The FDP aimed to understand the paradigm shift in Marketing Analytics.

During the 5 days FDP program, the participants also discussed various pedagogies of teaching Marketing Analytics effectively and efficiently to the students so that they are better enabled to tackle the challenges of the domain in the real world.

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

Overview:

In this program, faculty will be delivered on the basic principles of statistics, design of experiment, Taguchi method, RSM and ANN. Also, exposure to software will be given to enhance learning. Design of Experiments (DOE) techniques deal with planning, conducting the experiments, and then analyzing and interpreting the response to evaluate the factors, which control the value of a parameter or group of parameters.

A strategically planned and executed experiment may provide a great deal of information about the effect on a response variable due to one or more factors. DOE simply helps to pinpoint the sensitive parts and sensitive areas in designs that cause problems in yield.

Objectives:

- Understand the importance of the Taguchi method and response surface method (RSM) in research and in industry.
- Apply Taguchi and RSM method in their field.
- Analyze the effect of factors affecting the response.

Resource Persons:

Dr. M. Srinivasa Reddy	Dr. A. Manmadha Chary
Dr. A. Chandra Shekhar	Mr. D.V. Ragunatha Reddy
Dr. Suresh Kumar Grandhi	Dr. Parvat Ranjan Pati
Mr. Avinash Malladi	Mr. Murali Pedada

REGISTRAR
THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT,1956)

Course Content:

- Introduction to design of experiment
- Taguchi method
- Response Surface Methodology
- Statistical aspects of DoE
- ANOVA
- Factorial experiments
- Fractional factorial experiments
- Multiple regression models
- Response surface methodology
- Grey relational analysis
- Response Surface Methodology (RSM), 2k Factorial Design
- Multi-Response Optimization- Water Cycle Algorithm, TOPSIS, Grey Relational Analysis (GRA)

Registration is open to:

- Faculty Members
- Research Scholars and
- Personnel with basic knowledge in the core subjects.

Registration:

Registration to the FDP program can be done by filling in the registration form and sending a copy to:

admin.fst@ifheindia.org.

QR code:

Note: Scanned copy of the Proof of remittance with transaction number of the requisite registration fee will be required for a successful registration.

The FDP program will be offered in an online mode and is limited to 100 participants. A digital participation certificate will be provided to the participants attending all the sessions. The link for attending the online sessions will be shared after completing the registration.

LAST DATE for registration: 20-05-2018

Registration Fee:

Category of participants	Registration Fee
Faculty Members	**₹1000**
ICFAI group of institutions including IFHE and Alumni	**₹ 500**
Research Scholars	**₹ 250**

Registration fee need to be remitted through On-line / NEFT to the Bank account given below.

Account Name	IFHE – Seminars & Workshops A/c
Account Number	020201007037
Bank	ICICI Bank
Branch	Punjagutta
IFSC code	ICIC0000202
NEFT code:	ICIC0000202

About ICFAI Group:

ICFAI was established in 1984 as a not-for-profit society whose broad objective is to empower citizens through world-class quality education. ICFAI has established 11 Universities across India. The ICFAI Universities are located at Hyderabad [The ICFAI Foundation for Higher Education (IFHE), which is a Deemed University], and Dehradun, Himachal Pradesh (Baddi), Jaipur, Jharkhand, Meghalaya, Mizoram, Nagaland, Raipur, Sikkim, and Tripura are state established private Universities.

About IFHE Hyderabad:

The ICFAI Foundation for Higher Education is a deemed University established under section 3 of the UGC Act, 1956. It has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant values to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. The University is a member of the Association of Indian Universities (AIU) and Association of Commonwealth Universities (ACU). IFHE offers UG, PG, and Ph.D. programs in Management (ICFAI Business School), Science and Technology (IcfaiTech), Law (ICFAI Law School) and Architecture (ICFAI School of Architecture).

About IcfaiTech:

IcfaiTech (Faculty of Science & Technology) is a constituent of The ICFAI Foundation for Higher Education (IFHE). IcfaiTech aims at nurturing graduates and researchers who are critical thinkers, creative, and have a holistic education experience. Students are given the flexibility to choose their academic courses from a wide range of electives offered to them at the first degree and higher degree levels. Innovative methods of teaching, cutting-edge curriculum, workshops, and internships further broaden our students' intellectual and global outlook.

About Department of CSE, DS&AI:

The Department of CSE came into existence in 2002 and subsequently the DS&AI is added in 2018. The department is part of IcfaiTech, IFHE. More than 80% of teaching fraternity have completed their Ph.D. from IIT, NIT, IIIT, and other renowned universities with research publications in high impact factor Science Citation Indexed journals. Ongoing research work deals with cyber security, blockchain, cryptography, cloud and IoT security.

Workshop Details

Title: Five Days FDP on Design of Experiment (DOE) and Optimization Techniques

Organized by: Dr. A. Manmadha Chary and Mr. D.V. Ragunatha Reddy

Duration: 21st – 25th May 2018

Patron(s):

Prof J. Mahender Reddy, VC, IFHE

Prof. M. Srinivasa Reddy, Director, IcfaiTech, IFHE, Hyderabad

Advisory Committee:

1. Prof. V. Pandu Ranga Rao
2. Prof. M. Srinivasa Reddy, Director, IcfaiTech, IFHE, Hyderabad

Resource Persons:

Dr. M. Srinivasa Reddy	Dr. A. Manmadha Chary
Dr. A. Chandra Shekhar	Mr. D.V. Ragunatha Reddy
Dr. Suresh Kumar Grandhi	Dr. Parvat Ranjan Pati
Mr. Avinash Malladi	Mr. Murali Pedada

Outcomes:

- Response Surface Methodology
- Taguchi method
- Statistical aspects of DoE
- ANOVA
- Factorial experiments
- Fractional factorial experiments
- Multiple regression models
- Response surface methodology
- Grey relational analysis
- Response Surface Methodology (RSM), 2k Factorial Design
- Multi-Response Optimization- Water Cycle Algorithm, TOPSIS, Grey Relational Analysis (GRA)

ICFAI FOUNDATION FOR HIGHER EDUCATION HYDERABAD

THE ICFAI FOUNDATION FOR HIGHER EDUCATION
(Deemed-to-be-University Under Section 3 of the UGC ACT,1956)

Total Number of Participants registered: 42
Total Number of Participants Attended: 42
Platform: offline
This workshop provided a prolific platform to faculty members and students to enhance their understanding in the field of wireless communication and controller design based on robust control techniques.

Workshop Objective

- Understand the importance of the Taguchi method and response surface method (RSM) in research and in industry.
- Apply Taguchi and RSM method in their field.
- Analyze the effect of factors affecting the response.

Program Overview

The FDP on "Data Analytics" is aimed at addressing the contemporary challenges faced by academicians while teaching Data Analytics, Business Analytics, Business Intelligence and General Analytics in Classrooms. The faculty development program conducted by IBS Hyderabad is an attempt to help faculties gather the requisite knowledge and skills to be able to deliver the content and lecture effectively. The five Day program is an introductory course on some of the pertinent pedagogical topics.

About Program

IBS Hyderabad is dedicated to offer research and teaching skill enhancement programmes for fellow faculty of business schools in India. IBS Hyderabad Faculty Development Programmes (FDPs) are equipped to bridge the gap in quality research and teaching skills required by modern management educators in India.

- Healthcare Analytics,
- Markov models,
- Sentiment Analytics

About the University

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be-University established under section 3 of the UGC Act, 1956, Government of India. IFHE has three faculties viz., engineering, management, and law. IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. IFHE has a large and well-qualified faculty pool comprising of mostly doctorates with rich industry experience. The faculty members are involved in research, case development, and industry consultancy. The IFHE campus at Hyderabad is a 91-acre lush green campus with a built-up area of over 16 lakh sq. ft. The campus is fully residential, Wi-Fi enabled and equipped with state-of-the-art facilities. Hostel facilities are available to students. Sports play a vital role in the all-around development of students. A wide range of indoor and outdoor games facilities are available.

About the B School

ICFAI Business School (IBS) is a constituent of the IFHE. Established in 1995, IBS is one of the consistently top-ranked business schools in India. The school has been re-accredited by South Asian Quality Standards (SAQS), rated A** by CRISIL, EB2 IN by ICRA and as an Excellent Business School by Eduniversal. The programs offered at IBS include PhD, MBA and BBA. IBS faculty members have published several research papers in reputed International and National journals. IBS has a dedicated Case Research Centre (CRC) which is managed by a team of knowledge workers having years of academic and corporate experience. Case studies developed by IBS Hyderabad are used by the elite B-schools and premier consulting firms around the world. The institution has regularly won many awards and recognition in some of the most prestigious global Case Writing Competitions such as the EFMD Case Writing Competition, the Oikos Global Case Writing Competition, the John Molson Case Writing Competition, Dark Side Case Writing Competition, Baylor-USASBE Student Case Research Competition, etc. Some of the cases have also regularly figured in the list of The Case Centre's best sellers.

Circular

Greetings from IBS Hyderabad,

It is our pleasure to inform you that IBS Hyderabad is organizing a Five-Day Faculty Development Program on Data Analytics from **19/2/2018 - 23/2/2018.** The brochure and session plan for the same are attached here for your kind reference. All the faculty members requested to attend the Program.

Your active participation for this Faculty Development Program is Highly Solicited. This would encourage us further to improvise and organize more such programs in future.

Faculty Development Program
On
Data Analytics

IBS Hyderabad organized a 5 day Faculty Development Program on Data Analytics between 19 - 23 February, 2018. Distinguished faculty members shared their wisdom and vast experience on the topic. All the teaching faculties of IBS Hyderabad were invited to attend the program.

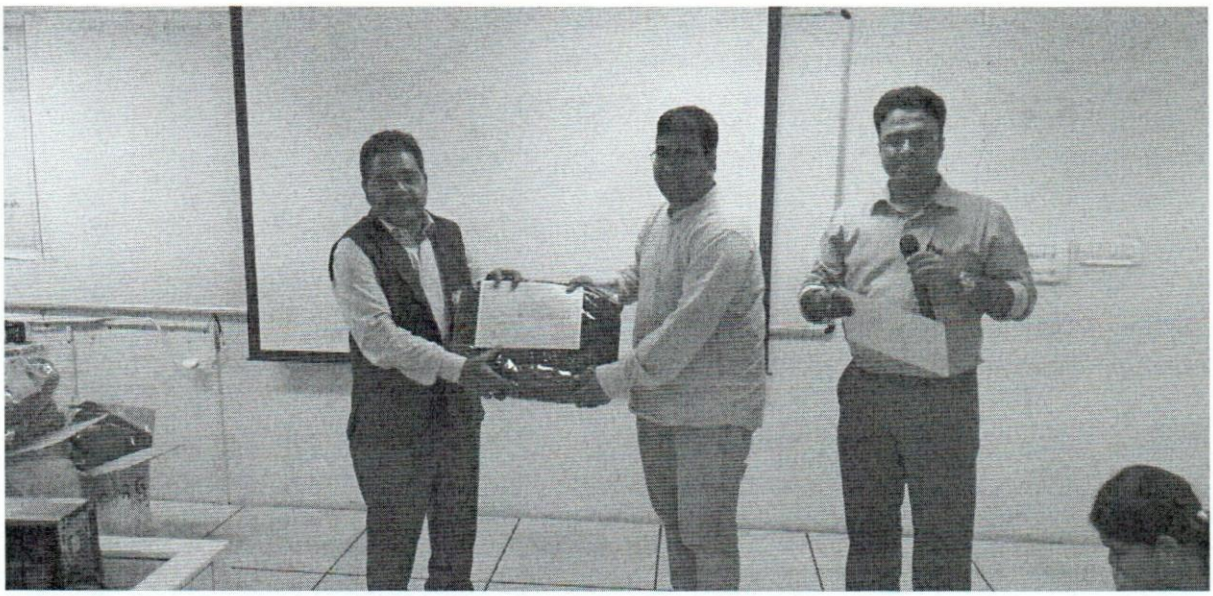

Participants exchanged their knowledge on various topics like introduction, R Studio, Excel for analytics, hidden markov models, healthcare analytics and other allied fields. The concepts related to the topics and their applicability were focused upon in great detail. The FDP aimed to understand the paradigm shift in Data Analytics.

During the 5 days FDP program, the participants also discussed various pedagogies of teaching Data Analytics effectively and efficiently to the students so that they are better enabled to tackle the challenges of the domain in the real world.

Prof. C. S. Shylajan
Dean - Academics

Program Overview

The FDP on "Teaching Marketing with Case Studies" is aimed at addressing the contemporary challenges faced by academicians while teaching Marketing Managament and allied subjects like Product Management, Brand Management, Sales and Distribution Management, Rural Marketing Management etc. in Classrooms. The faculty development program conducted by IBS Hyderabad is an attempt to help faculties gather the requisite knowledge and skills to be able to deliver the content and lecture effectively. The five Day program is an introductory course on some of the pertinent pedagogical topics.

About Program

IBS Hyderabad is dedicated to offer research and teaching skill enhancement programmes for fellow faculty of business schools in India. IBS Hyderabad Faculty Development Programmes (FDPs) are equipped to bridge the gap in quality research and teaching skills required by modern management educators in India.

About the University

The ICFAI Foundation for Higher Education (IFHE) is a deemed-to-be-University established under section 3 of the UGC Act, 1956, Government of India. IFHE has three faculties viz., engineering, management, and law. IFHE has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant value to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. IFHE has a large and well-qualified faculty pool comprising of mostly doctorates with rich industry experience. The faculty members are involved in research, case development, and industry consultancy. The IFHE campus at Hyderabad is a 91-acre lush green campus with a built-up area of over 16 lakh sq. ft. The campus is fully residential, Wi-Fi enabled and equipped with state-of-the-art facilities. Hostel facilities are available to students. Sports play a vital role in the all-around development of students. A wide range of indoor and outdoor games facilities are available.

Faculty Development Program

On

Teaching Marketing with Case Studies

IBS Hyderabad organized a 5 day Faculty Development Program on Teaching Marketing with Case Studies between 9 - 13 October, 2017. Distinguished faculty members shared their wisdom and vast experience on the topic. All the teaching faculties of IBS Hyderabad were invited to attend the program.

Participants exchanged their knowledge on various topics like introduction of case teaching, teaching rural marketing, brand management, business ethics, business strategy with case studies and other allied fields. The concepts related to the topics and their applicability were focused upon in great detail. The FDP aimed to understand the paradigm shift in Teaching Marketing with Case Studies.

During the 5 days FDP program, the participants also discussed various pedagogies of teaching Teaching Marketing with Case Studies effectively and efficiently to the students so that they are better enabled to tackle the challenges of the domain in the real world.

A report on the Faculty Development Program 19th to 23rd December 2016

The Faculty Development Program at Faculty of Law, IFHE-Hyderabad was organized from 19th to 23rd December 2016. It witnessed participation from 3 branches of ICFAI University, FoL Jaipur, FoL Dehradun and FoL Sikkim. A total of 21 faculty members participated in the program which lasted for five days.

19th December 2016 -

The first session on day 1 started with a brief introduction by the participants to the FDP which was followed by an introduction by the Dean FoL, IFHE, Hyderabad, Prof. A V Narsimha Rao who explained the objective of conducting the FDP along with the goals.

The next session was taken by Prof. MRK Prasad on teaching methods of clinical papers with focus on Moot Court. It was a very interactive session where attention was drawn to the importance of the practical aspects and benefits of clinical papers in the legal jargon.

The next session was taken by Prof. Y Pratap Reddy on Teaching Legal Concepts. It was an informative session where the participants were taught how to teach the basic legal concepts.

The day ended with 3 presentations by the participants. A feedback by all the resource persons were given to the participants on their presentations.

20th December 2016 -

Day 2 started with a session by Prof. M R K Prasad on teaching methods and simulations of clinical papers on Client Counselling and professional ethics. It was a highly communicative session where different teaching methods like role play was adopted to make the session more interactive.

The next session was taken by Prof. A V Narsimha Rao on Choice based credit system. It was an informative session where the participants

The day ended with 4 presentations by the participants. A feedback by the resource persons were given to the participants on their presentations.

REGISTRAR

developments in the form of GST and Demonetization were discussed by the learned resource person.

The day ended with 3 presentations by the participants, for which feedbacks by the resource persons were given to them.

23rd December 2016 –

The 5th and final day of the FDP started with a session by Prof. V Hemalatha Devi on the topic Research incubation and research publications. It was an informative and discussion based session where the importance of good research was discussed. It was a great learning experience for the participants as the content and ingredients of research writing was discussed in great detail by the resource person.

The final session was taken by Prof. Y Haragopal Reddy on the Case method of teaching. The participants were taught the correct use of case method and how to apply them in their teaching technique with various examples. It was an astounding session which was interactive and highly informative.

The five day FDP ended by a feedback from the participants on their overall experience of the FDP. They gave their valuable inputs which was duly acknowledged by the Dean FOL, IFHE-Hyderabad. The program ended with a vote of thanks and a group picture.

Circular

05 August2016

Greetings from IcfaiTech, Hyderabad.

It is our pleasure to inform you that the Department of CSE, IcfaiTech (FST), IFHE Hyderabad, is organizing a Five-Day Faculty Development Program on **Cloud Computing with MS AZURE from 08th August to 12th August2016.** The brochure and session plan for the same are attached here for your kind reference. Interested faculty members requested to register by filling the registration form attached.

Your active participation for this FDP is highly solicited. This would encourage us further to improvise and organize more such programs in future.

Overview:

Microsoft Azure is a comprehensive cloud platform that enables solutions based on individual challenges and needs - with the benefits of a public cloud service. Azure is a public cloud computing platform—with solutions including Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) that can be used for services such as analytics, virtual computing, storage, networking, and much more. It can be used to replace or supplement your on-premise servers. Azure is a fast, flexible, and affordable platform, and its pricing and capabilities make it the best public cloud offering on the market.

Objectives:

- This course will cover the study of various techniques involved in better implementing the cloud-based systems starting through fundamentals of deployment.
- Introduce the participants to the amazing world of consumption of network resources and services using cloud computing.
- This course serves as a platform to train and educate the participants to interact on cutting edge technology in the emerging areas.
-

Resource Persons:

Dr. Balamurali	Mr. Gautam Kumar
Dr. S Vairachilai	Mr. VaraPrasad Rao K
Mr. D. Abhishek Kumar	Ms A. R. Sathya
Mr. Ajeet K. Jain	Ms. P. Rohini

ICFAI FOUNDATION FOR HIGHER EDUCATION * HYDERABAD

Course Content:

- Introduction to Cloud computing & its applications
- Python Programming and NoSQL databases
- Introduction to AWS and Microsoft Azure
- Introduction to Digital Ocean Cloud and its deployment using mongo DB
- Deploying python on Amazon Web services
- Security in cloud and its encryption algorithms
- Building MQTT Network and its integration on Digital Ocean
- Building and deployment on Digital Ocean using Node RED and Node.js
- Azure Architectural Whiteboarding
  Core Azure Components and Services
- Privacy, Compliance and Data Protection standards in Azure

Registration is open to:

- Faculty Members
- Research Scholars and
- Personnel with basic knowledge in the core subjects.

Registration:

Registration to the FDP program can be done by sending a mail to the following email-id.

Email-id:

admin.fst @ifheindia.org

(Deemed-to-be-University Under Section 3 of the UGC ACT,1956)

QR code:

Note: Scanned copy of the Proof of remittance with transaction number of the requisite registration fee will be required for a successful registration.

LAST DATE for registration: 01-08-2016

Registration Fee:

Category of participants	Registration Fee
Faculty Members	₹1000
ICFAI group of institutions including IFHE and Alumni	₹ 500
Research Scholars	₹ 250

Registration fee need to be remitted through On-line /NEFT to the Bank account given below.

Account Name	IFHE – Seminars & Workshops A/c
Account Number	020201007037
Bank	ICICI Bank
Branch	Punjagutta
IFSC code	ICIC0000202
NEFT code:	ICIC0000202

About ICFAI Group:

ICFAI was established in 1984 as a not-for-profit society whose broad objective is to empower citizens through world-class quality education. ICFAI has established 11 Universities across India. The ICFAI Universities are located at Hyderabad [The ICFAI Foundation for Higher Education (IFHE), which is a Deemed University], and Dehradun, Himachal Pradesh (Baddi), Jaipur, Jharkhand, Meghalaya, Mizoram, Nagaland, Raipur, Sikkim, and Tripura are state established private Universities.

About IFHE Hyderabad:

The ICFAI Foundation for Higher Education is a deemed University established under section 3 of the UGC Act, 1956. It has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant values to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills, and positive attitudes. The University is a member of the Association of Indian Universities (AIU) and Association of Commonwealth Universities (ACU). IFHE offers UG, PG, and Ph.D. programs in Management (ICFAI Business School), Science and Technology (IcfaiTech), Law (ICFAI Law School) and Architecture (ICFAI School of Architecture).

About IcfaiTech:

IcfaiTech (Faculty of Science & Technology) is a constituent of The ICFAI Foundation for Higher Education (IFHE). IcfaiTech aims at nurturing graduates and researchers who are critical thinkers, creative, and have a holistic education experience. Students are given the flexibility to choose their academic courses from a wide range of electives offered to them at the first degree and higher degree levels. Innovative methods of teaching, cutting-edge curriculum, workshops, and internships further broaden our students' intellectual and global outlook.

About Department of CSE:

The Department of CSE came into existence in 2002. The department is part of IcfaiTech, IFHE. Ongoing research work deals with cyber security, blockchain, cryptography, cloud and IoT security.
